

**Bigfork High School Community Scholarship Program
Donor Participation Form for 2023/2024**

Donor's Name _____

Address _____

Phone _____ **Email** _____

Name of Scholarship _____

Amount of Scholarship _____

The auditor requires that money awarded to students be transferred between the donor and recipient – Bigfork Schools can't deposit or manage the funds. Also, in order for the award to be tax deductible, the money must be awarded directly to the educational institution and the student (both names appear on the check, student signs it over).

Please check the method(s) you wish to transfer your scholarship award to the selected student(s):

_____ The BHS Scholarship Committee will select the winner(s) of my scholarship and would like BHS to send the name and address of the winner(s), as well as the school they plan to attend so I can send the funds to the student with the funds made out to both the institution and the student.

_____ I will select the recipient(s) of the scholarship and would like BHS to send me the name and address of student(s) chosen, as well as the school they plan to attend so I can send the funds to the student with the funds made out to both the institution and the student.

_____ Please give the student(s) the donor's name and address and have them send his/her first term grades, then the scholarship funds will be sent to the student made out to both the institution and the student.

If you indicated that you would like to review the applications for your scholarship award and decide the recipient(s), please indicate a date you would like to have the applications ready for review.

_____ Yes, I wish to review the applications and decide the recipient(s) and would like the applications by (due date) _____.
