8
9 The authority to set the board agenda lies with the Board Chair in consultation with board members and
10 the administration. The act of preparing the board meeting agendas can be delegated to the
11 Superintendent.

12
13 Any topics requested by Board members or members of the public must first be approved by the Board
14 Chair before being placed on the agenda. Citizens wishing to make brief comments about school
15 programs or procedures will follow the public comment procedures in district policy.

16
17 The agenda also must include a “public comment” portion to allow members of the general public to
18 comment on any public matter under the jurisdiction of the District, which is not specifically listed on the
19 agenda, except that no member of the public will be allowed to comment on contested cases, other
20 adjudicative proceedings, or personnel matters. The Board Chairperson may place reasonable time limits
21 on any “public comment” period to maintain and ensure effective and efficient operations of the Board.
22 The Board shall not take any action on any matter discussed, unless the matter is specifically noticed on
23 the agenda, and the public has been allowed opportunity to comment.

24
25 Copies of the agenda for the current Board meeting, minutes of the previous Board meeting, and relevant
26 supplementary information will be prepared and distributed to each trustee at least forty-eight (48) hours
27 in advance of a Board meeting and will be available to any interested citizen at the Superintendent’s
28 office forty-eight (48) hours before a Board meeting. An agenda for other types of Board meetings will
29 be prepared, if circumstances require an agenda.

30
31 Consent Agenda

32
33 To expedite business at its meetings, the Board approves the use of a consent agenda, which includes
34 those items considered to be routine in nature. Any item that appears on the consent agenda may be
35 removed by a member of the Board. Any Board member who wishes to remove an item from the consent
36 agenda must give advance notice in a timely manner to the Superintendent. Remaining items will be
37 voted on by a single motion. The approved motion will be recorded in the minutes, including a listing of
38 all items appearing on the consent agenda.

39
40 Minutes

41
42 Appropriate minutes of all meetings required to be open must be kept and must be available for inspection
43 by the public. (Optional) If an audio recording of a meeting is made and designated as official, the

4 recording constitutes the office record of the meeting. If an official recording is made, a written record of
5 the meeting must also be made and must also include:
6

- 7 • Date, time, and place of the meeting;
- 8 • Presiding officer;
- 9 • Board members recorded as absent or present;
- 10 • Summary of discussion on all matters discussed (including those matters discussed during the
11 “public comment” section), proposed, deliberated, or decided, and a record of any votes taken;
- 12 • Detailed statement of all expenditures;
- 13 • Purpose of recessing to closed session; and
- 14 • Time of adjournment.

15
16 If the minutes are recorded and designated as the official record, a log or time stamp for each main agenda
17 item is required for the purpose of providing assistance to the public in accessing that portion of the
18 meeting.
19

20 Unofficial minutes shall be delivered to Board members in advance of the next regularly scheduled
21 meeting of the Board. Minutes need not be read publicly, provided that Board members have had an
22 opportunity to review them before adoption. A file of permanent minutes of Board meetings shall be
23 maintained in the office of the Clerk, to be made available for inspection upon request. A written copy
24 shall be made available within five (5) working days following approval by the Board.
25

26 Quorum

27
28 No business shall be transacted at any meeting of the Board unless a quorum of its members is present. A
29 majority of the full membership of the Board shall constitute a quorum, whether the individuals are
30 present physically or electronically. A majority of the quorum may pass a resolution, except as provided
31 in § 20-4-203(1), MCA, and § 20-4-401(4), MCA.
32

33 Electronic Participation

34
35 The Board may allow members to participate in meetings by telephone or other electronic means. Board
36 members may not simply vote electronically but must be connected with the meeting throughout the
37 discussion of business. If a Board member electronically joins the meeting after an item of business has
38 been opened, the remotely located member shall not participate until the next item of business is opened.
39

40 If the Board allows a member to participate electronically, the member will be considered present and
41 will have his or her actual physical presence excused. The member shall be counted present for
42

43 purposes of convening a quorum. The Clerk will document it in the minutes, when members participate
44 in the meeting electronically.
45

46 Any Board member wishing to participate in a meeting electronically will notify the Chairperson and
47 Superintendent as early as possible. The Superintendent will arrange for the meeting to take place in a
48 location with the appropriate equipment so that Board members participating in the meeting electronically

5 measures to verify the identity of any remotely located participants.
6

7 Meeting Conduct and Order of Business
8

9 General rules of parliamentary procedure are used for every Board meeting. *Robert's Rules of Order* may
10 be used as a guide at any meeting. The order of business shall be reflected on the agenda. The use of
11 proxy votes shall not be permitted. Voting rights are reserved to those trustees in attendance. Voting
12 shall be by acclamation or show of hands.
13

14 Rescind a Motion
15

16 A motion to rescind (cancel previous action) may be made anytime by any trustee. A motion to rescind
17 must be properly noticed on the Board's agenda for the meeting. It is in order any time prior to
18 accomplishment of the underlying action addressed by the motion.

Abstentions from Voting

Section 20-3-323(2), MCA, requires the minutes of each Board meeting to include the voting records of each trustee present. As a general rule of thumb, trustees should vote on all issues, unless casting a vote would be a violation of law. In accordance with Montana law, there are instances in which it would be unlawful or inappropriate for a trustee to cast a vote on a particular issue, including, but not necessarily limited to, the following:

1. When hiring the relative of a trustee;
2. When casting a vote would directly and substantially affect, to its economic benefit, a business or other undertaking in which the trustee either has a substantial financial interest or in which the trustee is engaged as counsel, consultant, representative, or agent;
3. When casting a vote would directly and substantially affect a business or other undertaking to its economic detriment, where a trustee has a substantial personal interest in a competing firm or undertaking;
4. When casting a vote would cause a trustee to have a pecuniary interest, either directly or indirectly, in a contract made by the trustee (while acting in the trustee's official capacity) or by the Board;
5. When casting a vote would put the trustee in the position of an agent or solicitor in the sale or supply of goods or services to the District.

In addition, a trustee shall be allowed to abstain from voting in order to avoid the appearance of impropriety or the appearance of a perceived conflict. If a trustee abstains from voting, the abstention should be recorded in the minutes and may include an explanation of the reasons for the abstention. The Board discourages abstentions, unless the reasons are substantiated as provided herein.

Audience Participation

The Board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. The Board also recognizes the statutory and constitutional rights of the public to participate in governmental operations. To allow fair and orderly expression of public comments, the Board will permit public participation through oral or written comments during the “public comment” section of the Board agenda and prior to a final decision on a matter of significant interest to the public. The Chairperson may control such comments to ensure an orderly progression of the meeting in the manner described in Policy 1420F.

Recognize and respect the responsibilities that properly are delegated to the Superintendent;

5. Be employed in any capacity by the District.
6. Appoint to a position of trust or emolument any person related or connected by consanguinity within the fourth degree or by affinity within the second degree.

Board/Staff Communications

Every reasonable means of communication is encouraged throughout the education community. Nevertheless, an organization must maintain some order and structure to promote efficient and effective communications.

Staff Communications to the Board

All official communications or reports to the Board, from principals, supervisors, teachers, or other staff members, shall be submitted through the Superintendent. This shall not deny any staff member's right to appeal to the Board from administrative decisions, provided that the Superintendent shall have been notified of the forthcoming appeal and that it is processed according to the applicable procedures for complaints and grievances.

Board Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent will employ all such media as are appropriate to keep staff fully informed of the Board's concerns and actions.

Visits to Schools

In accordance with Montana statutes, each trustee shall visit each school of the District not less than once each school fiscal year to examine its condition and needs. Individual Board members interested in visiting schools should, out of courtesy, make arrangements for visitations through the principals of the various schools. Such visits shall be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes.

Social Interaction

Staff and Board members share a keen interest in the schools and education. When they meet at social affairs and other functions, informal discussion on such matters as educational trends, issues, and innovations and general District problems can be anticipated. Individual Board members do not and may not speak for the Board. Board and staff are directed to use established channels for resolution of disputes. Discussions of personalities or staff grievances are not appropriate.

9 the Board and the Superintendent.

10
11 The Board hires, evaluates, and seeks the recommendations of the Superintendent as the District chief
12 executive officer. The Board adopts policies necessary to provide the general direction for the District
13 and to encourage achievement of District goals. The Superintendent develops plans, programs, and

Expenses for Board Members - In-District

A trustee shall not receive remuneration for service as a trustee. Trustees living more than three (3) miles from the meeting place shall be entitled to mileage at the rate stipulated in § 2-18-503, MCA, for each mile of travel from their homes to the meeting place for each meeting of the Board or for any meeting called by the County Superintendent. Reimbursement may be paid as the travel is assumed or may accumulate until the end of the fiscal year, at the discretion of the trustee.

Expenses for Board Members at Out-of-District Meetings

Trustees normally attend workshops, training institutes, and conferences at both the state and national level. It is appropriate that trustee expenditures at these out-of-District meetings be paid by the District. It is the intent of the District to pay all legitimate costs for trustees to attend out-of-District meetings.

1. Transportation as approved by the Board.
2. On-site transportation during the course of the meeting, i.e., bus, taxi, or rental car.
3. Hotel or motel costs for trustee, as necessary.

5
6 Uniform Complaint Procedure

7
8 The Board establishes this Uniform Complaint Procedure as a means to address complaints arising within
9 the District. This Uniform Complaint Procedure is intended to be used for all complaints except those
10 governed by a specific process in state or federal law that supersedes this process or collective bargaining
11 agreement. Matters covered by a collective bargaining agreement will be reviewed in accordance with the
12 terms of the applicable agreement.

13
14 The District requests all individuals to use this complaint procedure, when the individual believes the
15 Board, or its employees or agents have violated the individual's rights under state or federal law or Board
16 policy. Complaints against a building administrator shall be filed with the Superintendent. Complaints
17 against the Superintendent or District administrator shall be filed with the Board.

18
19 The District will endeavor to respond to and resolve complaints without resorting to this formal complaint
20 procedure and, when a complaint is filed, to address the complaint promptly and equitably. The right of a
21 person to prompt and equitable resolution of a complaint filed hereunder will not be impaired by a
22 person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to pursue other
23 remedies and use of this complaint procedure does not extend any filing deadline related to pursuit of
24 other remedies.

25
26 Deadlines requiring District action in this procedure may be extended for reasons related but not limited
27 to the District's retention of legal counsel and District investigatory procedures.

28
29 Level 1: Informal

30
31 An individual with a complaint is first encouraged to discuss it with the appropriate employee or building
32 administrator with the objective of resolving the matter promptly and informally. An exception is that a
33 complaint of sexual harassment should be discussed directly with an administrator not involved in the
34 alleged harassment.

35
36 Level 2: Building Administrator

37
38 When a complaint has not been or cannot be resolved at Level 1, an individual may file a signed and
39 dated written complaint stating: (1) the nature of the complaint; (2) a description of the event or incident
40 giving rise to the complaint, including any school personnel involved; and (3) the remedy or resolution
41 requested. The written complaint must be filed within thirty (30) calendar days of the event or incident or
42 from the date an individual could reasonably become aware of such event or incident. The applicability of
43 the deadline is subject to review by the Superintendent to ensure the intent of this uniform complaint
44 procedure is honored.

1
2
3
4 When a complaint alleges violation of Board policy or procedure, the building administrator will
5 investigate and attempt to resolve the complaint. The administrator will respond in writing to the
6 complaint, within thirty (30) calendar days of the administrator's receipt of the complaint.
7

8 If the complainant has reason to believe the administrator's decision was made in error, the complainant
9 may request, in writing, that the Superintendent review the administrator's decision. (See Level 3.) This
10 request must be submitted to the Superintendent within fifteen (15) calendar days of the administrator's
11 decision.
12

13 In the case of a sexual harassment or Title IX complaint the applicable investigation and appeal procedure
14 is Policy 3225P or 5012P. In the case of a disability complaint, the coordinator shall complete an
15 investigation and file a report and recommendation with the Administrator for decision. Appeal of a
16 decision in a disability complaint will be handled in accordance with this policy.
17

18 Level 3: Superintendent 19

20 If the complainant appeals the administrator's decision provided for in Level 2, the Superintendent will
21 review the complaint and the administrator's decision. The Superintendent will respond in writing to the
22 appeal, within thirty (30) calendar days of the Superintendent's receipt of the written appeal. In
23 responding to the appeal, the Superintendent may: (1) meet with the parties involved in the complaint; (2)
24 conduct a separate or supplementary investigation; (3) engage an outside investigator or other District
25 employees to assist with the appeal; and/or (4) take other steps appropriate or helpful in resolving the
26 complaint.
27

28 If the complainant has reason to believe the Superintendent's decision was made in error, the complainant
29 may request, in writing, that the Board consider an appeal of the Superintendent's decision. (See Level
30 4.) This request must be submitted in writing to the Superintendent, within fifteen (15) calendar days of
31 the Superintendent's written response to the complaint, for transmission to the Board.
32

33 Level 4: The Board 34

35 Upon written appeal of a complaint alleging a violation the individual's rights under state or federal law
36 or Board policy upon which the Board of Trustees has authority to remedy, the Board may consider the
37 Superintendent's decision in Level 2 or 3. Upon receipt of written request for appeal, the Chair will
38 either: (1) place the appeal on the agenda of a regular or special Board meeting, (2) appoint an appeals
39 panel of not less than three trustees to hear the appeal and make a recommendation to the Board, or (3)

9 Subject to § 20-1-301 and § 20-1-308, MCA, and any applicable collective bargaining agreement
10 covering the employment of affected employees, the trustees of a school district shall set the number of

18 Commemorative Holidays

19
20 Teachers and students will devote a portion of the day on each commemorative holiday designated in

23
24 Saturday School

25
26 In emergencies, including during reasonable efforts of the trustees to make up aggregate hours of
27 instruction lost during a declaration of emergency by the trustees under § 20-9-806, MCA, pupil
28 instruction may be conducted on a Saturday when it is approved by the trustees.

29
30 Pupil instruction may be held on a Saturday at the discretion of a school district for the purpose of
31 providing additional pupil instruction beyond the minimum aggregate hours of instruction required in
32 § 20-1-301, MCA, provided student attendance is voluntary.

3. Parent/teacher conferences; and
4. Post-school record and report (not to exceed one (1) day, or one-half (½) day at the end of each semester or quarter).

The Board of Trustees has established a curriculum committee to develop, recommend, and evaluate the school district’s yearly professional development plan. Each year the Board of Trustees shall adopt a professional development plan for the subsequent school year based on the recommendation of the advisory committee.

Extended School Year

In accordance with § 20-1-301, MCA, and any applicable collective bargaining agreement covering the employment of affected employees, the Board of Trustees may establish a school calendar with an earlier start date and a later end date to ensure students receive the minimum number aggregate instructional hours. The purpose of an extended school year will be to maximize flexibility in the delivery of instruction and learning for each student in the School District. 5 Grade Organization

6
7 The District maintains instructional levels for grades kindergarten (K) through twelve (12). The grouping
8 and housing of instructional levels in school facilities will be according to plans developed by the
9 Superintendent and approved by the Board.

10
11 Instructional programs will be coordinated between each grade and between levels of schools.

Bigfork School District No. 38 has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also directly notify, through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

Interscholastic Activities

The District recognizes the value of a program of interscholastic activities as an integral part of the total school experience. The program of interscholastic activities shall include all activities relating to competitive sport or intellectual contests, games or events, or exhibitions involving individual students or teams of students of this District when such events occur between schools outside this District.

All aspects of the interscholastic program shall provide equal educational opportunities for all program participants in accordance with guidelines established by Title IX of the Education Amendments of 1972 and the Montana High School Association. Examples of circumstances where gender equity shall be maintained include, but are not limited to, equipment, supplies, scheduling, facilities, travel arrangements and expenses, overnight housing accommodation and support for post-season events.

All facilities and equipment utilized in the interscholastic activity program, whether or not the property of the District, shall be inspected on a regular basis. Participants will be issued equipment that has been properly maintained and fitted.

An activity coach must be properly trained and qualified for an assignment as described in the coach's job description. A syllabus which outlines the skills, techniques, and safety measures associated with a coaching assignment will be distributed to each coach. All personnel coaching intramural or interscholastic activities will hold a current Red Cross First Aid Certificate.

The Board recognizes that certain risks are associated with participation in interscholastic activities. While the District will strive to prevent injuries and accidents to students, each parent or guardian will be required to sign an "assumption of risk" statement which indicates that the parents assume all risks for injuries resulting from such participation. Each participant shall be required to furnish evidence of physical fitness prior to becoming a member of an interscholastic team. A participant shall be free of injury and shall have fully recovered from illness before participating in any event.

Coaches and/or trainers may not issue medicine of any type to students. This provision does not preclude the coach and/or trainer from using approved first aid items.

6 Family Engagement Policy

7
8 The Bigfork School District #38 Board of Trustees believes that engaging parents/families in the
9 education process is essential to improved academic success for students. The Board recognizes that a
10 student's education is a responsibility shared by the district, parents, families and other members of the
11 community during the entire time a student attends school. The Board believes that the district must
12 create an environment that is conducive to learning and that strong, comprehensive parent/family
13 involvement is an important component. Parent/Family involvement in education requires a cooperative
14 effort with roles for the Office of Public Instruction (OPI), the district, parents/families and the
15 community.

16
17 Parent/Family Involvement Goals and Plan

18
19 The Board of Trustees recognizes the importance of eliminating barriers that impede parent/family
20 involvement, thereby facilitating an environment that encourages collaboration with parents, families and
21 other members of the community. Therefore, the district will develop and implement a plan to facilitate
22 parent/family involvement that shall include the following six (6) goals:

- 23
24 1. Promote families to actively participate in the life of the school and feel welcomed, valued, and
25 connected to each other, to school staff, and to what students are learning and doing in class;
- 26
27 2. Promote families and school staff to engage in regular, two-way meaningful communication
28 about student learning;
- 29
30 3. Promote families and school staff to continuously collaborate to support student learning and
31 healthy development both at home and at school and have regular opportunities to strengthen
32 their knowledge and skills to do so effectively;
- 33
34 4. Empower parents to be advocates for their own and other children, to ensure that students are
35 treated equitably and have access to learning opportunities that will support their success;
- 36
37 5. Encourage families and school staff to be partners in decisions that affect children and families
38 and together inform, influence, and create policies, practices, and programs; and
- 39
40 6. Encourage families and school staff to collaborate with members of the community to connect
41 students, families, and staff to expand learning opportunities, community services, and civic
42 participation.

The district's plan for meeting these goals is to:

1. Provide activities that will educate parents regarding the intellectual and developmental needs of their children at all age levels. This will include promoting cooperation between the district and other agencies or school/community groups (such as parent-teacher groups, Head Start, , etc.) to furnish learning opportunities and disseminate information regarding parenting skills and child/adolescent development.
2. Implement strategies to involve parents/families in the educational process, including:
 - < Keeping parents/families informed of opportunities for involvement and encouraging participation in various programs.
 - < Providing access to educational resources for parents/families to use together with their children.
 - < Keeping parents/families informed of the objectives of district educational programs as well as of their child's participation and progress within these programs.
3. Enable families to participate in the education of their children through a variety of roles. For example, parents/family members should be given opportunities to provide input into district policies and volunteer time within the classrooms and school programs.
4. Provide professional development opportunities for teachers and staff to enhance their understanding of effective parent/family involvement strategies.
5. Perform regular surveys of parent/family involvement at each school and at the district level.
6. Provide access, upon request, to any instructional material used as part of the educational curriculum.
7. If practical, provide information in a language understandable to parents.

5 Title I Parent and Family Engagement

6
7 The District endorses the parent and family engagement goals of Title I and encourages the regular
8 participation of parents and family members (including parents and families of migrant students if
9 applicable) of Title I eligible children in all aspects of the program to establish the agency’s expectations
10 and objectives for meaningful parent and family involvement. The education of children is viewed as a
11 cooperative effort among the parents, family members, school, and community. In this policy the word
12 “parent” also includes guardians and other family members involved in supervising the child’s schools.
13

14 Pursuant to federal law the District will develop jointly with, agree upon with, and distribute to parents of
15 children participating in the Title I program a written parent and family engagement policy. This may
16 include meaningful consultation with employers, business leaders, and
17 philanthropic organizations, or individuals with expertise in effectively engaging parents and family
18 members in education.
19

20 At the required annual meeting of Title I parents and family members (including parents and families of
21 migrant students if applicable), parents and family members will have opportunities to participate in the
22 design, development, operation, and evaluation of the program for the next school year. Proposed
23 activities to fulfill the requirements necessary to address the requirements of family engagement goals
24 shall be presented.
25

26 In addition to the required annual meeting, at least three (3) additional meetings shall be held at various
27 times of the day and/or evening for parents and family members of children (including parents and
28 families of migrant children if applicable) participating in the Title I program. These meetings shall be
29 used to provide parents with:
30

- 31 1. Information about programs provided under Title I;
- 32
- 33 2. A description and explanation of the curriculum in use, the forms of academic assessment used to
34 measure student progress, and the proficiency levels students are expected to meet;
35
- 36 3. Opportunities to formulate suggestions and to participate, as appropriate, in decisions relating to
37 the education of their children; and
38
- 39 4. The opportunity to bring parent comments, if they are dissatisfied with the school’s Title I
40 program, to the District level.
41

42 Title I funding, if sufficient, may be used to facilitate parent attendance at meetings, through payment of
43 transportation and childcare costs.

The parents and family members of children (including parents and families of migrant children if applicable) identified to participate in Title I programs shall receive from the school principal and Title I staff an explanation of the reasons supporting each child’s selection for the program, a set of objectives to be addressed, and a description of the services to be provided. Opportunities will be provided for the parents and family members to meet with the classroom and Title I teachers to discuss their child’s progress. Parents will also receive guidance as to how they can assist at home in the education of their children.

Each school in the District receiving Title I funds shall develop jointly with parents and family members of children served in the program a “School-Parent Compact” outlining the manner in which parents, school staff, and students share the responsibility for improved student academic achievement in meeting state standards. The “School-Parent Compact” shall:

1. Describe the school’s responsibility to provide high quality curriculum and instruction in a supportive and effective learning environment enabling children in the Title I program to meet the state’s academic achievement standards;
2. Indicate the ways in which each parent will be responsible for supporting their child’s learning, such as monitoring attendance, homework completion, and television watching; volunteering in the classroom; and participating, as appropriate, in decisions related to their child’s education and positive use of extracurricular time; and
3. Address the importance of parent-teacher communication on an ongoing basis with, at a minimum, parent-teacher conferences, frequent reports to parents, and reasonable access to staff.

The activities authorized under this policy may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the district to adequately represent the needs of the population served by the district for the purposes of developing, revising, and reviewing the parent and family engagement policy.

NOTE: Districts with more than one (1) school participating in a Title I program may wish to consider the establishment of a district-wide parent advisory council.

Appropriate staff will design the District's Child Find plan in compliance with all state and federal requirements and with assistance from special education personnel who are delegated responsibility for implementing the plan.

The District's plan will contain procedures for identifying suspected disabled students in private schools as identified in 34 CFR 530.130 and 530.131(f), students who are home schooled, homeless children, as well as public facilities located within the geographic boundaries of the District. These procedures shall include screening and development criteria for further assessment. The plan must include locating, identifying, and evaluating highly mobile children with disabilities and children who are suspected of being a child with a disability and in need of special education, even though the child is and has been advancing from grade to grade. The District's Child Find Plan must set forth the following:

1. Procedures used to annually inform the public of all child find activities, for children zero through twenty-one;
2. Identity of the special education coordinator;
3. Procedures used for collecting, maintaining, and reporting data on child identification;
4. Procedures for Child Find Activities (including audiological, health, speech/language, and visual screening and review of data or records for students who have been or are being considered for retention, delayed admittance, long-term suspension or expulsion or waiver of learner outcomes) in each of the following age groups:
 - A. Infants and Toddlers (Birth through Age 2)
Procedures for referral of infants and toddlers to the appropriate early intervention agency, or procedures for conducting child find.
 - B. Preschool (Ages 3 through 5)
Part C Transition planning conferences; frequency and location of screenings; coordination with other agencies; follow-up procedures for referral and evaluation; and procedures for responding to individual referrals.
 - C. In-School (Ages 6 through 18)
Referral procedures, including teacher assistance teams, parent referrals, and referrals from other sources; and follow-up procedures for referral and evaluation.
 - D. Post-School (Ages 19 through 21)
Individuals who have not graduated from high school with a regular diploma and who were not previously identified. Describe coordination efforts with other agencies.
 - E. Private Schools (This includes home schools.)

 - F. Homeless Children
Procedures to identify and provide services to students experiencing homelessness consistent with the McKinney-Vento Homeless Assistant Act as specified in Policy 3125.

G. Dyslexia

The School District shall establish procedures to ensure that all resident children with disabilities, including specific learning disabilities resulting from dyslexia, are identified and evaluated for special education and related services as early as possible. The screening instrument must be administered to:

- (A) a child in the first year that the child is admitted to a school of the district up to grade 2; and
- (B) a child who has not been previously screened by the district and who fails to meet grade-level reading benchmarks in any grade;

The screening instrument shall be administered by an individual with an understanding of, and training to identify, signs of dyslexia designed to assess developmentally appropriate phonological and phonemic awareness skills.

If a screening suggests that a child may have dyslexia or a medical professional diagnosis a child with dyslexia, the child's school district shall take steps to identify the specific needs of the child and implement best practice interventions to address those needs. This process may lead to consideration of the child's qualification as a child with a disability under this policy.

Procedures for Evaluation and Determination of Eligibility

Procedures for evaluation and determination of eligibility for special education and related services are conducted in accordance with the procedures and requirements of 34 CFR 300.301-300.311 and the following state administrative rules:

- 10.16.3320 - Referral;
- 10.60.103 - Identification of Children with Disabilities;
- 10.16.3321 - Comprehensive Educational Evaluation Process;

Procedural Safeguards and Parental Notification

The District implements the procedural safeguard procedures as identified in 34 CFR 300.500 - 300.530.

A copy of the procedural safeguards available to the parents of a child with a disability must be given to the parents only one (1) time a school year, except that a copy also must be given to the parents:

- Upon initial referral or parent request for evaluation;
- Upon receipt of the first state complaint under 34 CFR 300.151 through 300.153 and upon receipt of the first due process complaint under 34 CFR 300.507 in a school year;
- In accordance with the discipline procedures in 34 CFR 300.530(h) (...on the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must...provide the parents the procedural safeguards notice); and

- Upon request by a parent.

A public agency also may place a current copy of the procedural safeguard notice on its internet website, if a website exists. [34 CFR 300.504(a) and (b)] [20 U.S.C. 1415(d)(1)]

The referral for special education consideration may be initiated from any source, including school personnel. To initiate the process, an official referral form must be completed and signed by the person making the referral. The District shall accommodate a parent who cannot speak English and therefore cannot complete the District referral form. Recognizing that the referral form is a legal document, District personnel with knowledge of the referral shall bring the referral promptly to the attention of the Evaluation Team.

The District shall give written notice to the parent of its recommendation to evaluate or not to evaluate the student. The parent will be fully informed concerning the reasons for which the consent to evaluate is sought. Written parental consent will be obtained before conducting the initial evaluation or before reevaluating the student.

The recommendation to conduct an initial evaluation or reevaluation shall be presented to the parents in their native language or another mode of communication appropriate to the parent. An explanation of all the procedural safeguards shall be made available to the parents when their consent for evaluation is sought. These safeguards will include a statement of the parents' rights relative to granting the consent.

Evaluation of Eligibility

Evaluation of eligibility for special education services will be consistent with the requirements of 34 CFR 300.301 through 300.311 regarding Procedures for Evaluation and Determination of Eligibility; and shall also comply with ARM 10.16.3321.

Individualized Education Programs

The District develops, implements, reviews, and revises individualized education programs (IEP) in accordance with the requirements and procedures of 34 C.F.R. 300.320-300.328.

Least Restrictive Environment

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled, and special classes, separate schooling, or other removal of children with disabilities from the regular class occurs only if the nature or severity of the disability is such that education in regular classes, with the use of supplementary aids and services, cannot be achieved satisfactorily. Educational placement decisions are made in accordance with A.R.M. 10.16.3340 and the requirements of 34 CFR 300.114 - 300.120, and a continuum of alternate placements is available as required in 34 CFR 300.551.

Children in Private Schools/Out-of-District Placement

Children with a disability placed in or referred to a private school or facility by the District, or other appropriate agency, shall receive special education and related services in accordance with the requirements and procedures of 34 CFR 300.145 through 300.147 and ARM 10.16.3122.

As set forth under 34 CFR 300.137, children with a disability placed in or referred to a private school or facility by parents do not have an individual right to special education and related services at the District's expense. When services are provided to children with disabilities placed by parents in private schools, the services will be in accordance with the requirements and procedures of 34. CFR 300.130 through 300.144, and 300.148.

Impartial Due Process Hearing

The District shall conduct the impartial hearing in compliance with the Montana Administrative Rules on matters pertaining to special education controversies.

Special Education Records and Confidentiality of Personally Identifiable Information

A. Confidentiality of Information

The District follows the provisions under the Family Educational Rights and Privacy Act and implements the procedures in 34 CFR 300.610-300.627, § 20-1-213, MCA, and ARM 10.16.3560.

B. Access Rights

Parents of disabled students and students eighteen (18) years or older, or their representative, may review any educational records which are designated as student records collected, maintained, and used by the District. Review shall normally occur within five (5) school days and in no case longer than forty-five (45) days. Parents shall have the right to an explanation or interpretation of information contained in the record. Non-custodial parents shall have the same right of access as custodial parents, unless there is a legally binding document specifically removing that right.

C. List of Types and Locations of Information.

A list of the records maintained on disabled students shall be available in the District office. Disabled student records shall be located in the school, where they are available for review by authorized District personnel, parents, and adult students. Special education teachers will maintain an IEP file in their classrooms. These records will be maintained under the direct supervision of the teacher and will be located in a locked file cabinet. A record-of-access sheet in each special education file will specify the District personnel who have a legitimate interest in viewing these records.

D. Safeguards

The District will identify in writing the employees who have access to personally identifiable information, and provide training on an annual basis to those staff members.

E. Destruction of Information

The District will inform parents five (5) years after the termination of special education services that personally identifiable information is no longer needed for program purposes. Medicaid reimbursement records must be retained for a period of at least six years and three months from the date on which the

service was rendered or until any dispute or litigation concerning the services is resolved, whichever is later. The parent will be advised that such information may be important to establish eligibility for certain

2161P

adult benefits. At the parent's request, the record information shall either be destroyed or made available to the parent or to the student if eighteen (18) years or older. Reasonable effort shall be made to provide the parent with notification sixty (60) days prior to taking any action on destruction of records. Unless consent has been received from the parent to destroy the record, confidential information will be retained for five (5) years beyond legal school age.

F. Children's Rights

Privacy rights shall be transferred from the parent to an adult student at the time the student attains eighteen (18) years of age, unless some form of legal guardianship has been designated due to the severity of the disabling condition.

Discipline

Students with disabilities may be suspended from school the same as students without disabilities for the same infractions or violations for up to ten (10) consecutive school days. Students with disabilities may be suspended for additional periods of not longer than ten (10) consecutive school days for separate, unrelated incidents, so long as such removals do not constitute a change in the student's educational placement. However, for any additional days of removal over and above ten (10) school days in the same school year, the District will provide educational services to a disabled student, which will be determined in consultation with at least one (1) of the child's teachers, determining the location in which services will be provided. The District will implement the disciplinary procedures in accord with the requirements of CFR 300.530-300.537.

Students, 15 years old or older, or who will reach their 15th birthday within 6 months of the course completion, are eligible to enroll in a Traffic Education program. Students are scheduled by age, with the oldest student having first priority.

The purpose of the program is to introduce students to a course of study which leads to the eventual development of skills appropriate for a licensed driver. The traffic education program is designed to meet the criteria established by the Superintendent of Public Instruction. These criteria include requirements for instructional time, for instructor certification recommendations for course of study and reimbursement procedures.

7 The Board of Trustees has determined that incorporating an independent significant writing
8 program in the District is not possible given the financial status of the district, the number of

10 all aspects of the curriculum.

5 Selection of Library Materials

6
7 The District has libraries in every school, with the primary objective of implementing and supporting the
8 educational program in the schools. It is the objective of these libraries to provide a wide range of
9 materials on all appropriate levels of difficulty, with diversity of appeal and the presentation of different
10 points of view.

11
12 The provision of a wide variety of library materials at all reading levels supports the District’s basic
13 principle that the school in a free society assists all students to develop their talents fully so that they
14 become capable of contributing to the further good of that society.

15
16 In support of these objectives, the Board reaffirms the principles of intellectual freedom inherent in the
17 First Amendment of the Constitution of the United States and guided by the principles set forth in the
18 American Library Association’s Library Bill of Rights and its interpretation for school libraries.

19
20 The District superintendent is responsible for selection of library materials. Ultimate responsibility for
21 the selection of library materials rests with the Board of Trustees, School District #38.

22
23 The library materials selection process is delegated to the school principal and librarian. Any materials in
24 questions can be reviewed by the Superintendent and Board of Trustees using Policy 1700.

5 Selection of Library Materials

6
7 Selection of library materials is a professional task conducted by library staff. In selecting library
8 materials, the librarian will evaluate the existing collection; assess curricula needs; examine materials;
9 and consult reputable, professionally prepared selection aids.

10
11 Weeding

12
13 When materials no longer meet criteria for selection, they will be weeded. Weeding is a necessary aspect
14 of selection, since every library will contain works which may have answered a need at the time of
15 acquisition, but which, with the passage of time, have become obsolete, dated, unappealing, or worn out.

16
17 Discarded materials will be clearly labeled discard:

18
19 Materials will be discarded in compliance with § 20-6-604, MCA. When the decision to sell or dispose of
20 library materials is made, the Board will adopt a resolution to sell or otherwise dispose of the material
21 because it is or is about to become abandoned, obsolete, undesirable, or unsuitable for the school purposes
22 of the District. The Board will publish a notice of the resolution in the newspaper of general circulation.
23 The resolution may not become effective for fourteen (14) days after notice is published.

5 Instructional Materials

6
7 The Board is legally responsible to approve and to provide the necessary instructional materials used in
8 the District. Textbooks and instructional materials should provide quality learning experiences for
9 students and:

- 10
- 11 • Enrich and support the curriculum;
- 12 • Stimulate growth in knowledge, literary appreciation, aesthetic value, and ethical standards;
- 13 • Provide background information to enable students to make intelligent judgments;
- 14 • Present opposing sides of controversial issues;
- 15 • Be representative of the many religious, ethnic, and cultural groups and their contributions to our
- 16 American heritage;
- 17 • Depict in an accurate and unbiased way the cultural diversity and pluralistic nature of American
- 18 society.
- 19

20 Basic instructional course material in the fundamental skill areas of language arts, mathematics, science,
21 and social studies should be reviewed at intervals not exceeding five (5) years, or consistent with the
22 state’s standards revision schedule that are consistent with the goals of the continuous school
23 improvement plan. All instructional materials must be sequential and must be compatible with previous
24 and future offerings.

25
26 Instructional materials may be made available for loan to students when the best interest of the District
27 and student will be served by such a decision. Students will not be charged for normal wear. They will
28 be charged replacement cost, however, as well as for excessive wear, unreasonable damage, or lost
29 materials. The professional staff will maintain records necessary for the proper accounting of all
30 instructional materials.

INSTRUCTION

2311P

Selection, Adoption, and Removal of Textbooks and Instructional Materials

Curriculum committees will generally be responsible to recommend textbooks and major instructional materials purchases. Recommendations will be made to the Superintendent. The function of the committee is to ensure that materials are selected in conformance with stated criteria and established District goals and objectives. A curriculum committee may consist of only those members in a particular department. The same basic selection procedures should be followed as with District-wide committees.

Selection and Adoption

Textbooks shall be selected by a curriculum committee representing the various staff who will likely be using the text. In most, but not all, cases an administrator will chair the committee. Each committee should develop, prior to selection, a set of selection criteria against which textbooks will be evaluated. The criteria should include the following, along with other appropriate criteria. Textbooks shall:

- be congruent with identified instructional objectives;
- present more than one viewpoint on controversial issues;
- present minorities realistically;
- present non-stereotypic models;
- facilitate the sharing of cultural differences;
- be priced appropriately.

Removal

Textbooks may be removed when they no longer meet the criteria for initial selection, when they are worn out, or when they have been judged inappropriate through the Learning Materials Review Process.

5 Copyright

6
7 The District recognizes that federal law makes it illegal to duplicate copyrighted materials without
8 authorization of the holder of the copyright, except for certain exempt purposes. Severe penalties may be
9 imposed for unauthorized copying or use of audio, visual, digital, or printed materials and computer
10 software, unless the copying or use conforms to the “fair use” doctrine.

11
12 Under the "fair use" doctrine, unauthorized reproduction of copyrighted materials is permissible for
13 such purposes as criticism, comment, news reporting, teaching, scholarship, or research.

14
15 Under the fair use doctrine, each of the following four standards must be met in order to use the
16 copyrighted document:

- 17 • Purpose and Character of the Use – The use must be for such purposes as teaching or scholarship.
- 18 • Nature of the Copyrighted Work – The type of work to be copied.
- 19 • Amount and Substantiality of the Portion Used – Copying the whole of a work cannot be
- 20 considered fair use; copying a small portion may be if these guidelines are followed.
- 21 • Effect of the Use Upon the Potential Market for or value of the Copyrighted Work – If resulting
- 22 economic loss to the copyright holder can be shown, even making a single copy of certain
- 23 materials may be an infringement, and making multiple copies presents the danger of greater
- 24 penalties.

25
26 While the District encourages its staff to enrich learning programs by making proper use of
27 supplementary materials, it is the responsibility of staff to abide by District copying procedures and obey
28 requirements of law. Under no circumstances will it be necessary for staff to violate copyright
29 requirements in order to properly perform their duties. The District cannot be responsible for any
30 violations of the copyright law by its staff.

31
32 Any staff member who is uncertain as to whether reproducing or using copyrighted material complies
33 with District procedures or is permissible under the law should consult the Superintendent. The
34 Superintendent will assist staff in obtaining proper authorization to copy or use protected materials, when
35 such authorization is required.

5 Copyright Compliance

6
7 Authorized Reproduction and Use of Copyrighted Material in Print

- 8
- 9 • Materials on the Internet should be used with caution since they may, and likely are, copyrighted.
- 10 • Proper attribution (author, title, publisher, place and date of publication) should always be given.
- 11 • Notice should be taken of any alterations to copyrighted works, and such alterations should only
- 12 be made for specific instructional objectives.
- 13 • Care should be taken in circumventing any technological protection measures. While materials
- 14 copied pursuant to fair use may be copied after circumventing technological protections against
- 15 unauthorized copying, technological protection measures to block access to materials may not be
- 16 circumvented.

17

18 In preparing for instruction, a teacher may make or have made a single copy of a chapter from a book; an

19 article from a newspaper or periodical; a short story, short essay, or short poem; or a chart, graph,

20 diagram, drawing, cartoon, or picture from a book, periodical, or newspaper. A teacher may make

21 multiple copies, not exceeding more than one (1) per student, for classroom use if the copying meets the

22 tests of “brevity, spontaneity and cumulative effect” set by the following guidelines. Each copy must

23 include a notice of copyright.

24
25 1. Brevity

- 26
- 27 a. A complete poem, if less than 250 words and two pages long, may be copied; excerpts
- 28 from longer poems cannot exceed 250 words.
- 29 b. Complete articles, stories or essays of less than 2500 words or excerpts from prose works
- 30 less than 1000 words or 10% of the work, whichever is less, may be copied; in any event,
- 31 the minimum is 500 words. (Each numerical limit may be expanded to permit the
- 32 completion of an unfinished line of a poem or prose paragraph.)
- 33 c. One chart, graph, diagram, drawing, cartoon, or picture per book or periodical issue may
- 34 be copied. “Special” works cannot be reproduced in full; this includes children’s books
- 35 combining poetry, prose, or poetic prose.

36
37 2. Spontaneity. Should be at the “instance and inspiration” of the individual teacher when there is

38 not a reasonable length of time to request and receive permission to copy.

39
40 3. Cumulative Effect. Teachers are limited to using copied material for only one (1) course in the

41 school in which copies are made. No more than one (1) short poem, article, story or two (2)

42 excerpts from the same author may be copied, and no more than three (3) works can be copied

43 from a collective work or periodical issue during one (1) class term.

44

45 Teachers are limited to nine (9) instances of multiple copying for one (1) course during one (1)

46 class term. Limitations do not apply to current news periodicals, newspapers, and current news

47 sections of other periodicals.

Performances by teachers or students of copyrighted dramatic works without authorization from the copyright owner are permitted as part of a teaching activity in a classroom or instructional setting. All other performances require permission from the copyright owner.

The copyright law prohibits using copies to replace or substitute for anthologies, consumable works, compilations, or collective works. "Consumable" works include: workbooks, exercises, standardized tests, test booklets, and answer sheets. Teachers cannot substitute copies for the purchase of books, publishers' reprints or periodicals, nor can they repeatedly copy the same item from term-to-term. Copying cannot be directed by a "higher authority," and students cannot be charged more than actual cost of photocopying. Teachers may use copyrighted materials in overhead or opaque projectors for instructional purposes.

Authorized Reproduction and Use of Copyrighted Materials in the Library

A library may make a single copy or three digital copies of:

- An unpublished work which is in its collection;
- A published work in order to replace it because it is damaged, deteriorated, lost or stolen, provided the unused replacement cannot be obtained at a fair price.
- A work that is being considered for acquisition, although use is strictly limited to that decision. Technological protection measures may be circumvented for purposes of copying materials in order to make an acquisition decision.

A library may provide a single copy of copyrighted material to a student or staff member at no more than the actual cost of photocopying. The copy must be limited to one (1) article of a periodical issue or a small part of other material, unless the library finds that the copyrighted work cannot be obtained elsewhere at a fair price. In the latter circumstance, the entire work may be copied. In any case, the copy shall contain the notice of copyright, and the student or staff member shall be notified that the copy is to be used only for private study, scholarship, or research. Any other use may subject the person to liability for copyright infringement.

At the request of a teacher, copies may be made for reserve use. The same limits apply as for single or multiple copies designated in "Authorized Reproduction and Use of Copyrighted Material in Print."

Authorized Reproduction and Use of Copyrighted Music or Dramatic Works

Teachers may:

- Make a single copy of a song, movement, or short section from a printed musical or dramatic work that is unavailable except in a larger work for purposes of preparing for instruction;
- Make multiple copies for classroom use of an excerpt of not more than 10% of a printed musical work if it is to be used for academic purposes other than performance, provided that the excerpt does not comprise a part of the whole musical work which would constitute a performable unit such as a complete section, movement, or song;
- In an emergency, a teacher may make and use replacement copies of printed music for an imminent musical performance when the purchased copies have been lost, destroyed or are otherwise not available.
- Make and retain a single recording of student performances of copyrighted material when it is made for purposes of evaluation or rehearsal;

- Make and retain a single copy of excerpts from recordings of copyrighted musical works for use as aural exercises or examination questions; and,
- Edit or simplify purchased copies of music or plays provided that the fundamental character of the work is not distorted. Lyrics shall not be altered or added if none exist.

Performance by teachers or students of copyrighted musical or dramatic works is permitted without the authorization of the copyright owner as part of a teaching activity in a classroom or instructional setting. The purpose shall be instructional rather than for entertainment.

Performances of nondramatic musical works that are copyrighted are permitted without the authorization of the copyright owner, provided that:

- The performance is not for a commercial purpose;
- None of the performers, promoters or organizers are compensated; and,
- Admission fees are used for educational or charitable purposes only.

All other musical and dramatic performances require permission from the copyright owner. Parents or others wishing to record a performance should check with the sponsor to ensure compliance with copyright.

Recording of Copyrighted Programs

Television programs, excluding news programs, transmitted by commercial and non-commercial television stations for reception by the general public without charge may be recorded off-air simultaneously with broadcast transmission (including simultaneous cable retransmission) and retained by a school for a period not to exceed the first forty-five (45) consecutive calendar days after date of recording. Upon conclusion of this retention period, all off-air recordings must be erased or destroyed immediately. Certain programming such as that provided on public television may be exempt from this provision; check with the *[principal, teacher or teacher librarian – choose all that apply or add others]* or the subscription database, e.g. united streaming.

USE OF INFORMATION RESOURCES REGULATION

Off-air recording may be used once by individual teachers in the course of instructional activities, and repeated once only when reinforcement is necessary, within a building, during the first 10 consecutive school days, excluding scheduled interruptions, in the 45 calendar day retention period. Off-air recordings may be made only at the request of and used by individual teachers, and may not be regularly recorded in anticipation of requests. No broadcast program may be recorded off-air more than once at the request of the same teacher, regardless of the number of times the program may be broadcast. A limited number of copies may be reproduced from each off-air recording to meet the legitimate needs of teachers. Each additional copy shall be subject to all provisions governing the original recording.

After the first ten consecutive school days, off-air recordings may be used up to the end of the 45 calendar day retention period only for evaluation purposes, i.e., to determine whether or not to include the broadcast program in the teaching curriculum. Permission must be secured from the publisher before the recording can be used for instructional purposes after the 10 day period.

Off-air recordings need not be used in their entirety, but the recorded programs may not be altered from their original content. Off-air recordings may not be physically or electronically combined or merged to constitute teaching anthologies or compilations. All copies of off-air recordings must include the copyright notice on the broadcast program as recorded.

Authorized Reproduction and Use of Copyrighted Computer Software

Schools have a valid need for high-quality software at reasonable prices. To assure a fair return to the authors of software programs, the school district shall support the legal and ethical issues involved in copyright laws and any usage agreements that are incorporated into the acquisition of software programs. To this end, the following guidelines shall be in effect:

- All copyright laws and publisher license agreements between the vendor and the school district shall be observed;
- Staff members shall take reasonable precautions to prevent copying or the use of unauthorized copies on school equipment;
- A back-up copy shall be purchased, for use as a replacement when a program is lost or damaged. If the vendor is not able to supply a replacement, the school district shall make a back-up copy that will be used for replacement purposes only;
- A copy of the software license agreement shall be retained by the, *[board secretary, technology director or teacher-librarian - choose all that apply or add others]*; and,
- A computer program may be adapted by adding to the content or changing the language. The adapted program may not be distributed.

Fair Use Guidelines for Educational Multimedia

Students may incorporate portions of copyrighted materials in producing educational multimedia projects such as videos, Power Points, podcasts and web sites for a specific course, and may perform, display or retain the projects.

USE OF INFORMATION RESOURCES REGULATION

Educators may perform or display their own multimedia projects to students in support of curriculum-based instructional activities. These projects may be used:

- In face-to-face instruction;
- In demonstrations and presentations, including conferences;
- In assignments to students;
- For remote instruction if distribution of the signal is limited;
- Over a network that cannot prevent duplication for fifteen days, after fifteen days a copy may be saved on-site only; or,
- In their personal portfolios.

Educators may use copyrighted materials in a multimedia project for two years, after that permission must be requested and received.

The following limitations restrict the portion of any given work that may be used pursuant of fair use in an educational multimedia project:

- Motion media: ten percent or three minutes, whichever is less;
- Text materials: ten percent or 1,000 words, whichever is less;
- Poetry: an entire poem of fewer than 250 words, but no more than three poems from one author or five poems from an anthology. For poems of greater than 250 words, excerpts of up to 250 words may be used, but no more than three excerpts from one poet or five excerpts from an anthology;
- Music, lyrics and music video: Up to ten percent, but no more than thirty seconds. No alterations that change the basic melody or fundamental character of the work;
- Illustrations, cartoons and photographs: No more that five images by an artist, and no more than ten percent or fifteen images whichever is less from a collective work;
- Numerical data sets: Up to ten percent or 2,500 field or cell entries, whichever is less;

Fair use does not include posting a student or teacher’s work on the Internet if it includes portions of copyrighted materials. Permission to copy shall be obtained from the original copyright holder(s) before such projects are placed online. The opening screen of such presentations shall include notice that permission was granted and materials are restricted from further use.

Technology Resources – Instructional Television (Movies/Videos/DVDs)

It is the policy of the District that there is educational value in utilizing movies, videos, and DVDs in the classroom only when the content of such movies, videos, or DVDs represents an essential part of Board approved curriculum. This policy applies to both instructional and non-instructional (entertainment) videos, movies, or DVDs.

Selected non-instructional or entertainment videos/DVDs may have educational merit and are allowed for the age groups and ratings as follows:

Grade levels K-8 – Ratings G and PG (with parental permission)

Grade levels 9-12 – Ratings G, PG, PG13

DVDs and videos that are rated R or NC17 are not approved and are not to be shown in classrooms, any District facility, or at any school sponsored activity (this includes buses and motel accommodations). Principals are authorized to allow an exception to the above by approving selected excerpts from PG13 or R rated movies under the following criteria:

- The excerpt provides clear instructional support for the curriculum being taught.
- The excerpt is determined to be age appropriate.
- The excerpt does not violate any other District policy or ethical standard.
- Parents are notified

All non-instructional videos, movies, and DVDs must have advance approval of the school principal.

Copyright Requirements

The Federal Copyright Act (Title 17, USC) stipulates that neither the rental or purchase of a video cassette or DVD carries with it the right to use the movie outside the home.

The “Fair Use” provision of the copyright act does allow the exhibiting of copyrighted video cassette or DVDs in schools under the circumstances:

- A teacher is in attendance and;
- The showing takes place in a classroom setting and;
- The movie is used as an essential part of the current curriculum being taught.

Use of non-instructional video cassettes or DVDs under any other circumstance in a school setting is prohibited.

Field Trips, Excursions, and Outdoor Education

The Board recognizes that field trips, when used as a device for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Such trips can supplement and enrich classroom procedures by providing learning experiences in an environment beyond the classroom. The Board also recognizes that field trips may result in lost learning opportunities in missed classes. Therefore, the Board endorses the use of field trips when the educational objectives achieved by the trip clearly outweigh any lost in-class learning opportunities.

Out of state field trips must be approved in advance by the Board. Overnight, in-state field trips must have advance approval of the Superintendent. Building principals have the authority to approve all other field trips.

Building principals shall develop procedures for the operation of a field trip. Each field trip must be integrated with the curriculum and coordinated with classroom activities, which enhance its usefulness.

No staff member may solicit students during instructional time for any privately arranged field trip, or excursion without Board permission.

Field Trips, Excursions, and Outdoor Education

Field trips are defined as travel away from school premises, under the supervision of a teacher of an approved course of study, for the purpose of affording students a direct learning experience not available in the classroom. Parents may drive on day field trips.

Day and Overnight field trips require administrative approval. With exceptions as noted elsewhere in this procedure, out-of-state field trips must have specific approval from the Board of Trustees. All travel will be provided by the district or by commercial carrier except as noted elsewhere in this policy.

The following procedures shall apply:

Day Field Trips

1. Staff member requesting a one-day field trip shall submit a completed field trip request form to the principal at least one week prior to the field trip. This form shall include a list of instructional objectives as well as a list of pre and post learning activities. The principal will approve the field trip based on his/her assessment of the cost/benefit of the trip.
2. The sponsoring staff member is responsible to coordinate all activities related to the field trip. This includes ordering and confirmation of the bus through the Athletic Director, contact with the site to insure maximum learning opportunities, assessing all activities related to the site for safety, and for providing adequate supervision.
3. Adequate supervision will typically be defined in the elementary school as one adult supervisor for every ten students. At the junior and senior high, at least two adult supervisors will be provided for each bus except with fewer than 25 students only one adult supervisor is required.

Overnight Field Trips

1. Staff members requesting overnight field trips must submit a written plan to the principal, including purposes of the trip, supervision, proposed

itinerary, estimated cost, housing and funding sources. This plan must be submitted at least six weeks prior to the proposed date of the trip and before the trip is discussed with students or parents. Board approval is required for all Out-of-State trips.

2. If students are housed in private homes, they are to be assigned in those homes in pairs or in threes. If any transportation such as to and from a private home is provided by private automobile, such arrangements must be noted on a form signed by the parents which gives permission for the son or daughter to travel in these private automobiles.

3. After approval by the principal, the proposal should be submitted to the Superintendent for his/her approval of at least four weeks prior to the date of the trip.

4. The approval of the trip will depend on the amount of school time lost, value of the learning objectives, and planning, organization and supervision of trip.

Out-of-State Trips

While the District recognizes the importance and value of some out-of-state trips, it also recognizes the necessity of funding the regular instructional programs first. The District believes that, in general, out-of-state trips for organized clubs and activities should not be paid from District funds. Groups may elect to participate in fund-raisers to cover costs. The District does not fund the attendance of individual student's attendance at any out-of-state activity.

Exceptions to the above will be as follows:

1. When a group, individual or organization submits through the regular budget building process, requests for an out-of-state trip, that request will be given consideration as for any other budget item.

2. When an activity group or school club is, through competition, able to qualify for out-of-state competition, and when there's no possible method that the group could, due to time constraints, raise funds, that activity may be funded from the general fund budget when funds are available at the discretion of the superintendent.

The following will be considered in determining the approval of out-of-state trips:

Whether the trip

- is an extension of the academic program or is solely extra-curricular in nature
- is the result of successful competition at the local or state level
- is a logical stepping stone of local competition
- is something directly related to the instructional process
- causes minimal loss of school time
- costs are within available budgets

Contests for Students

Contests may be made available to students by outside organizations through the schools, subject to certain limitations. The Administrator shall determine that the contest is not in conflict with nor will it diminish the primary educational aims of the schools and that it meets the needs and interests of students.

The schools shall confine their participation to those national contests which are currently placed on the approved list published annually by the Committee on National Contests and activities of the National Association of Secondary School Principals.

A state or local contest in which students participate shall be:

1. One that supplements and does not interfere with the regular school program.
2. One that is beneficial to youth in education, civic, social, or ethical development.
3. One that makes it possible for individual students to work out contributions by their own efforts and does not invite dishonest collaboration.
4. One whose subject is not commercial, controversial, sectarian, or concerned with propaganda. It must emphasize high moral standards, good citizenship, and intellectual competence.
5. One from which no contestant shall be excluded because of race, color, creed, sex, or payment of entry fee.
6. One which does not place an undue burden on students, teachers, or the school nor require frequent or lengthy absence of participants from the school.
7. One sponsored by an organization engaged in a creditable or acceptable enterprise, regardless of kind or amount of prizes offered. The contest or activity must not be used as a "front" for advertising a company name or product.

Contests will not be allowed unless they further the educational goals of the District.

InstructionFlag Display

The District ensures an American flag manufactured in the United States measuring approximately 3 feet by 5 feet be prominently displayed in each classroom in each school of the district, except in a classroom in which the flag may get soiled. The Superintendent is encouraged to work with civic groups to acquire flags through donation, and this requirement is waived if the flags are not provided by a civic group.

6 Controversial Issues and Academic Freedom

7
8 Controversial issues include matters characterized by significant differences of opinion, usually generated
9 from differing and underlying values, beliefs, and interests, which produce significant social tension.
10 Controversy arising from such differences is inherent in a pluralistic society. An important function of
11 public education is to provide students with an understanding of how controversial issues are dealt with in
12 a democracy. This includes the opportunity to learn about the issues, problems, and concerns of
13 contemporary society; to form opinions; and to participate in discussion of these issues and expressions of
14 opinion in the classroom.

15
16 Teachers must adhere to the following guidelines when teaching about controversial issues and act in
17 conformance with state law and other district policies.

- 18
19
- 20 • Instruction must follow approved curriculum and be appropriate for students. Instruction
21 that involves controversial issues and/or materials must be within the district content
22 standards and curriculum. The overriding educational purpose of teaching about
23 controversial issues or using controversial materials must be student achievement in the
24 academic subjects and students' civic development, rather than reaching conclusions as to
25 the correctness of any particular point of view. The instruction must reflect due
26 consideration of the maturity of the students, the values of the community, sound
27 professional judgment, and coordination with the administration.
 - 28 • Guidelines on present controversial issues. Where controversial issues are taught,
29 teachers should make materials available to students concerning the various aspects of the
30 issues. Teachers may express their own viewpoints and opinions; however, they must be
31 professionally ethical, explain their reasons clearly, be open to challenge, and present
32 each side of an issue impartially. When teaching about controversial issues, teachers
33 must work cooperatively with their principal and other administrators.
 - 34
35 • Use of learning resources. Teachers may not use learning resources that are not approved
36 by the district and that are controversial because of the manner or context in which they
37 discuss controversial issues. Examples of such material include, but are not limited to,
38 those that depict explicit sexual conduct, graphic violence, profanities, drug use, or other
39 socially undesirable behaviors, or materials that are likely to divide the community along
40 racial, ethnic, or religious lines. If a teacher has a question as to whether a resource is
41 controversial, he or she should contact the principal.
 - 42
43 • Discipline for inappropriately teaching controversial issues. In matters relating to
44 controversial issues and learning materials, the Superintendent and Board of Education
45 will exercise final authority in deciding whether discussion of a controversial issue
46 follows established professional ethics, content standards, and curriculum and is
47 appropriate for students. If the Superintendent and/or board believe that a teacher is not
48 following the above guidelines, appropriate penalties and discipline will result, up to and
49 including termination of a teacher's employment.

The District will offer courses of study which will afford learning experiences appropriate to levels of student understanding. The instructional program respects the right of students to face issues, to have free access to information, to study under teachers in situations free from prejudice, and to form, hold, and express their own opinions without personal prejudice or discrimination.

Teachers will guide discussions and procedures with thoroughness and objectivity to acquaint students with the need to recognize various points of view, importance of fact, value of good judgment, and the virtue of respect for conflicting opinions.

The Board encourages and supports the concept of academic freedom, recognizing it as a necessary condition to aid in maintaining an environment conducive to learning and to the free exchange of ideas and information.

In a study or discussion of controversial issues or materials, however, the Board directs teaching staff to take into account the following criteria:

- 1. Relative maturity of students;
- 2. District philosophy of education;
- 3. Community standards, morals, and values;
- 4. Necessity for a balanced presentation; and
- 5. Necessity to seek administrative counsel and guidance in such matters.

5 Health Enhancement

6
7 Health, family life, and sex education, including information about parts of the body, reproduction, and
8 related topics, will be included in the instructional program as appropriate to grade level and course of
9 study. An instructional approach will be developed after consultation with parents and other community
10 representatives. Parents and guardians may ask to review materials to be used and may request that their
11 child be excluded from human sexuality education or instruction class sessions without prejudice in
12 accordance with Policy 3120. The District will notify parents and guardians 48 hours prior to any event,
13 assembly, or introduction of materials for instructional use on the topic of human sexuality. Notification
14 of parent or guardian rights under this policy will be issued on an annual basis.

15
16 For purposes of this Policy, "human sexuality education or instruction" means teaching or otherwise
17 providing information about human sexuality, including intimate relationships, human sexual anatomy,
18 sexual reproduction, sexually transmitted infections, sexual acts, sexual orientation, gender identity,
19 abstinence, contraception, or reproductive rights and responsibilities.

20
21 AIDS Education and Prevention

22
23 The Board believes HIV/AIDS and other STD/STI instruction is most effective when integrated into a
24 comprehensive health education program. Instruction must be appropriate to grade level and
25 development of students and must occur in a systematic manner. The Board particularly desires that
26 students receive proper education about HIV and other STD/STI's, before they reach the age when they
27 may adopt behaviors which put them at risk of contracting the disease.

28
29 In order for education about HIV and other STD/STI's to be most effective, the Superintendent will
30 require that faculty members who present this instruction receive continuing in-service training which
31 includes appropriate teaching strategies and techniques. Other staff members not involved in direct
32 instruction, but who have contact with students, will receive basic information about HIV/AIDS and other
33 STD/STI's and instruction in use of universal precautions when dealing with body fluids. In accordance

Dear Parent/Guardian,

The Bigfork School District is providing a notice that is required under the provisions of Senate Bill 99, which the 2021 Legislature passed, and Governor Gianforte signed into law. The operative section of law governing this notice is Section 20-7-120, MCA , which provides as follows:

20-7-120. Excused absences from curriculum requirements -- notice -- prohibited activities. (3) A school district shall annually notify the parent or guardian of each student scheduled to be enrolled in human sexuality instruction in the district or school in advance of the instruction of:

(6) For purposes of this section, "human sexuality instruction" means teaching or otherwise providing information about human sexuality, including intimate relationships, human sexual anatomy, sexual reproduction, sexually transmitted infections, sexual acts, sexual orientation, gender identity, abstinence, contraception, or reproductive rights and responsibilities.

This notice is being provided comprehensively and in advance of the school year, also well in advance of the minimum notice of 48 hours prior to instruction to ensure full transparency and to provide a parent/guardian the right to opt their child out of "human sexuality instruction" as defined in (6) of the law above.

Courses and Related Activities Where the Topic of Human Sexuality Instruction Could Arise:

The district has four categories of activities that involve human sexuality instruction as defined in the law.

1. **Health Enhancement Curriculum:** The first category consists of designated courses involving human sexuality instruction that are part of our health curriculum. Although none of these courses are exclusively devoted to human sexuality instruction, the topic of human sexuality does arise in the typical course delivery at various times.
 - a. Health, 6-12

2. **Other Courses:** The second category consists of other courses where topics related to or involving human sexuality instruction arise incidentally through addressing topics germane to the course and consistent with accreditation standards. These courses include but are not limited to science and literature.
 - a. English/Reading, 6-12
 - b. History 10-12, including Government
 - c. Social Studies, 7-8
 - d. Science, 6-12
3. **Other Services Provided by Designated Staff:** The third category consists of student-initiated inquiries of school district staff that, in order to address, may involve human sexuality as defined in law. Typical staff involved in these interactions include but are not limited to librarians, counselors, and school nurses. Inquiries will be addressed on an age-appropriate basis using the professional judgment of licensed, certified, or otherwise authorized school personnel.
4. **Special Events and Student Assemblies:** The fourth category consists of special events and student assemblies periodically scheduled that touch on topics of student health and which may involve incidental mention of topics related to human sexuality instruction as defined in the law. The following are dates and times when such assemblies are scheduled during the upcoming school year:
 - a. Growth and Development, Flathead County Health Department, 5th Grade

High School Graduation Requirements

Each student who has successfully completed an instructional program appropriate to his/her interests and needs shall be awarded a diploma at graduation ceremonies. The Board shall award a regular high school diploma to every student enrolled in the District who meets the requirements of graduation established by the District. The official transcript will indicate the specific courses taken and level of achievement.

The Board shall establish graduation requirements, which as a minimum satisfy those established by the Board of Public Education (10.55.904 & 905). Generally, any change in graduation requirements promulgated by the Board will become effective for the next class to enter 9th grade. Exceptions to this general rule may be made where it is determined by the Board that the proposed change in graduation requirements will not have a negative effect on students already in grades 9-12.

A unit is defined as 225 minutes or more of instruction/week (250 minutes for subjects requiring laboratory work) for one year. The Board shall approve graduation requirements as recommended by the Superintendent.

To graduate from Bigfork High School, a student must have satisfactorily completed the last quarter prior to his/her graduation as a Bigfork High School Student. Highly unusual exceptions may be considered by the principal, such as a student exchange program in a recognized school.

The Superintendent shall develop procedures for implementing this policy which include:

1. Recommending course and credit requirements, which satisfy the Board of Public Education requirements and recognize the desires of the citizens of the District.
2. Making graduation requirements available in writing to students, parents and members of the public.
3. Providing for a waiver of graduation requirements for an individual student in conforming with 10.55.906(3).
4. Granting credit for learning experiences conducted away from school, including National Guard high school career training.
5. Granting credit for correspondence and/or college courses.

6. Counseling of students to know what is expected of them for completion of their schooling.
7. Preparing a list of students for the information of the Board and release to the public.
8. Preparing suitable diplomas for graduating seniors.
9. Planning and executing graduation ceremonies.

A student who possesses a handicapping condition shall satisfy those competency requirements, which are incorporated into the Individualized Education Program (IEP). Satisfactory completion of the objectives incorporated into the IEP shall serve as the basis for determining completion of a course.

A student may be denied participation in graduation ceremonies. Such exclusion shall be regarded as a school suspension. In such instances, the diploma will be awarded after the official ceremony has been held.

Graduation requirements will be as follows:

General Diploma 1 unit = 1 credit

- 4 units of English
- 2 units of math
- 2 units of science (one of which must be a lab science)
- 3 units of social studies
 - U.S. History
 - U.S. Government/Economics
 - World History
- 1 unit of physical education
- .5 unit of health
- 7 units of elective classes
- 1 unit of fine arts
- 1 unit of vocational education
- .5 unit of computer technology

22 units will be required for graduation

In addition:

- a. Handicapped students who successfully complete their Individual Educational Program (IEP) will be granted a general diploma.
- b. Students transferring into Bigfork High may have some local requirements waived if necessary and approved by the Bigfork High School Principal.

Bigfork Digital High School Graduation Requirements

A student's digital educational program must meet the graduation requirements of the general diploma. Correspondence courses offered through the Montana Digital Academy (MTDA) and Virtual High School (VHS) will serve as the primary courses approved. The MTDA and VHS courses may be substituted per approval under Board Policy 2167, at the discretion of the principal who shall ensure equivalent course content.

The student seeking to fulfill the Bigfork Digital High School graduation requirements must first discuss his/her plans with the school counselor. The counselor will meet with the student and the student's parent(s) or guardian(s) to review available MTDA/VHS course offerings. The completed graduation course schedule and online registration confirmation will be submitted to the principal.

Bigfork Digital High School students must pay an administrative fee per school year before enrollment begins. Families may petition the High School Principal for a hardship scholarship. This administrative fee is non-refundable.

7 Grades 9-12

8
9 Requests for transfer of credit or grade placement from any non-accredited, nonpublic school will be
10 subject to examination and approval before being accepted by the District. This will be done by the
11 school counselor or principal or, in the case of home schools, by a credit evaluation committee consisting
12 of a counselor, a staff member from each subject area in which credit is being requested, and a school
13 principal.

14
15 The credit evaluation committee will:

- 16
17 1. Document that a student has spent approximately the same number of classroom hours in home
18 school as would have been spent in a regular class in the District;
- 19
20 2. Document that a student followed a curriculum essentially similar to that of a course for which
21 credit is requested;
- 22
23 3. Document that in the event of a credit request in a lab, industrial arts, or music course, equipment
24 and facilities were sufficient to meet required learning activities of the course;
- 25
26 4. Require that a student has satisfactorily passed, in all courses in which a final exam normally is
27 given, a final exam prepared and administered by a staff member in the Bigfork Public School
28 System.

29
30 The District will give credit only for home schools which have met all requirements as specified in
31 Montana law. Credit from home schools will be accepted only when a like course is offered in the
32 Bigfork Public School System.

33
34 The school transcripts will record courses taken in home schools or non-accredited schools by indicating
35 title of the course, school where the course was taken, and grade.

36
37 For the purpose of calculation of class rank, only those courses taken in an accredited school will be used.

38
39 Grades 1-8

40
41 Requests from parents of students in non-accredited, nonpublic schools for placement in the Bigfork
42 Public School System will be evaluated by an assessment-for-placement team. That team will include:

- 43
44 1. A school principal;
- 45
46 2. One (1) teacher of the grade in which the student is being considered for enrollment; and
- 47
48 3. One (1) counselor or school psychologist.

1
2
3
4 The assessment-for-placement team will cause the District-adopted norm-referenced test and/or the end-
5 of-the-year subject-matter test to be administered and scored. The assessment-for-placement team will
6 take into account the following in its recommendation for grade placement:
7

- 8 1. Documentation that the non-accredited, nonpublic school has provided a comparable number of
9 hours as the child would have attended in a public or private school;
- 10 2. That the child followed a similar curriculum as would have been provided in an accredited public
11 or private school;
- 12 3. That the result of the end-of-the-year test indicates the student has mastered most prerequisite
13 skills; and
- 14 4. That the child achieves a composite score in the average range or better on the Iowa Test of Basic
15 Skills for the grade levels parents are requesting credit be given.
16
17
18
19

20 Parents of students in home schools are encouraged to maintain a log documenting dates of instruction,
21 content of instruction, amount of time spent on that instruction, scores on tests, and grades in all activities.
22

23 The District is not obligated to provide instructional materials for other public or private schools, but
24 requests for materials will be accommodated to best of the District's ability.

The District directs the Superintendent to establish a system of reporting student progress and shall require all staff members to comply with such a system as part of their teaching responsibility. Staff members, parents and teachers shall be involved.

Adoption Date: August 14, 1994 Review Date: March 24, 2004

Grading and progress reports

The primary purpose of grades should be to communicate to the student and parents how well the student is achieving compared to a standard set by the school. What should be emphasized are high expectations within reason for every student. Additionally, students and parents must know what will be figured into the grade before the grading period begins.

The Northwest Regional Educational Laboratory recommends that grades be based on paper and pencil tests, quizzes, performance assessments and some assignments. It is further recommended that cutoffs for grades be set according to standards, not based upon a curve or improvement; also, it is recognized that achievement is not necessarily distributed normally on a fixed curve. Grades are only our best estimate of student achievement. With these precepts in mind, narrative, checklist or alternative reports determined by grade level teams are to be used in grades K – 3 K - 8 with a minimum of two parent/teacher conferences per year; thereafter, letter grades are to be assigned using the following criteria for assigning grades:

A "A" "SP: Superior Performance" grade should represent superior scholarship and superior knowledge acquisition. Students who earn an "A" "SP" must meet or exceed all course expectations for academic achievement. Unless a student demonstrates superior knowledge, a "A" "SP" grade is NOT to be utilized. Grade level and department standards shall determine what constitutes superior scholarship and knowledge acquisition. In performance courses such as art, chorus, band and shop, teachers should set standards that will motivate and challenge the best students. The primary consideration for an "A" "SP" grade must be superior ability and performance. Other factors such as hard work, completion of all course requirements, and some extra credit work should be expected of students vying for an "A" grade.

A "B" "P: Proficient" grade is a symbol of excellent scholarship and knowledge acquisition. Proficient students have consistently demonstrated mastery of grade level expectations. Extraordinary effort and other factors may be factored into a "B" grade.

A "C" "NP: Nearing Proficient" grade is a symbol of average approaching grade level scholarship and knowledge acquisition. This grade implies solid effort and basic achievement.

A "D" "N: Novice" grade is a symbol of below average grade level scholarship and minimal knowledge acquisition and acceptable effort.

A "F" "NE: No Evidence" grade is a symbol demonstrating no proof of learning. of unacceptable scholarship and unacceptable effort.

Student behaviors and work habits will be reported separately, and in addition to their acquisition of the content standards.

2420P Page 2 of 2

The academic challenging of students who possess scholarship capabilities above and beyond the acknowledged superior range is a responsibility of the individual classroom teacher. Individualized programs, which challenge these students, should be developed with the cooperation of Gifted and Talented personnel, school librarians, and community resources.

Grades for students in special services shall have an asterisk (*) designation, which denotes special considerations were used to determine the final grade. Grades with an asterisk will not be included for academic honors, but each school shall provide students with disabilities the opportunity to earn awards and honors reflecting student effort and achievement. A form for communicating student performance in below grade level programs may be attached to appropriate report cards.

Chapter students may compete for academic honors in courses not designated as below grade level. Grades in courses designated as basic or remedial shall not count toward academic honors. Each school shall provide the students in Chapter programs the opportunity to earn awards and honors reflecting student effort and achievement.

GRADE POINT AVERAGE - Grade point averages are to be computed for all students, grades 9 - 12. This is done by assigning value number to each grade:

A = 100 - 90Superior scholarship
B = 89 - 85Excellent scholarship
C = 79 - 70Average scholarship
D = 69 - 60Below average scholarship
F = 59 - 0No credit given.....Unsatisfactory P = Achieved expected progress for the individual. Credit given with grade points.
W/F Withdrawal/Failing - withdrew from the course. Given after withdrawing from a course after the second week.

GRADE based on mastery of content standards - Grades are to be computed for all students, grades K - 8. This is done by assigning value to each grade:

SP = 4Super Performance

P = 3 Proficient
NP = 2 Nearing Proficient N = 1Novice
NE = 0 No Evidence

Content mastery marks will reflect the most recent or consistent level of achievement.

Waivers may be granted under extraordinary circumstances upon approval of the teacher and principal.

Promotion/Retention

The Board is dedicated to total and continuous development of each student enrolled. Original placement of a child in a school shall be dependent upon the student's academic, social, and emotional abilities as well as chronological age. A student in the regular school program shall not be placed more than one grade level below or above that commensurate with his chronological age. Exceptions to this guideline require approval by parents, staff, and principal.

The District has academic standards that students must achieve at each grade level for promotion to the next grade. These standards, as prescribed for each grade level through the District scope and sequence, are identified in the course of study. In addition to these standards, test scores, grades, teacher-principal recommendations, and other pertinent data will be used to determine promotion.

Retention of students is a process that is followed when, in the judgment of the professional staff, it is in the best interest of the student. The primary grades are suggested as the most appropriate time for retention. However, retention may be considered at any grade level.

When facts indicate that retention is in the best interest of the student's academic progress, there must be close cooperation between the parents and all school personnel involved. Each child will have individual consideration, and decisions will be made only after a careful study of facts relating to all phases of the child's growth and development. The child's academic achievement level and mental abilities are important, but physical and social characteristics are also contributing factors. A decision should be based on sufficient data, collected over a period of time and motivated by a desire to place the child in the school program where he will be the most successful.

The superintendent is authorized to establish procedures to implement this policy.

Procedure for Retention

At the end of the first grading period, each teacher should send to the principal a list of the students who are experiencing difficulty with the curriculum. At the first parent conference this must be shared with the parents and recorded in the child's cumulative folder. The teacher and the parent will discuss ways to assist the child in attaining expected achievement levels.

At the end of the second and subsequent grading periods, students, including new students who achieve below expected grade level standards, will be reviewed by the principal and his/her staff to consider retention. Parent conferences will be held to inform parents of the concern and to involve them in this process.

No decision for retention shall be made if prior actions have not included parent involvement, student counseling, and academic intervention programs such as tutoring or summer school.

The student has the option of attending summer school to remove academic deficiencies (see 2412P Guideline for Promotion).

Retention decisions shall be made by mid-May. The final recommendation to retain should be made by the teacher after consultation with the principal, and with input from other staff members as appropriate. Parent involvement in all steps of the retention process is vital. The parent may appeal the retention recommendation to the building principal by submitting the Grade Retention Disagreement Notice, Form 2421F to the principal.

The parent may appeal the decision to the Superintendent.

5 School Wellness

6
7 The Bigfork School District #38 is committed to providing school environments that promote and protect
8 children’s health, well-being, and ability to learn by supporting healthy eating and physical activity.
9 Therefore, it is the policy of the Bigfork School District that:

10
11 The development of the school wellness policy, at a minimum, will include:

- 12 1. *Community involvement*, including input from teachers of physical education and school health
13 professionals, parents, students, school food service, the school Board, school administrators,
14 educators, and the public. Training of this team of people on the components of a healthy school
15 nutrition environment is recommended.
- 16 2. *Goals for nutrition education, nutrition promotion, physical activity, and other school-based*
17 *activities* that are designed to promote student wellness in a manner that the local education
18 agency determines appropriate.
- 19 3. *Implementation, Periodic Assessment, and Public Updates, including* expanding the purpose of
20 the team of collaborators beyond the development of a local wellness policy to also include the
21 implementation of the local wellness policy with periodic review and updates, inform and update
22 the public every three years, at a minimum, (including parents, students, and others in the
23 community) about the content and implementation of the local wellness policies, and to measure
24 periodically and make available to the public an assessment of the local wellness policy,
25 including:
 - 26 • The extent to which schools are in compliance with the local wellness policy;
 - 27 • The extent to which the LEA’s local wellness policy compares to model local school
28 wellness policies; and
 - 29 • The progress made in attaining the goals of the local wellness policy.
- 30 4. *Nutrition guidelines* for all foods available on each school campus under the local education
31 agency during the school day, with the objectives of promoting student health and nutrient-rich
32 meals and snacks. This includes food and beverages sold in a la carte sales, vending machines,
33 and student stores; and food and beverages used for classroom rewards and fundraising efforts.
- 34 5. *Guidelines for reimbursable school meals* to ensure that the District offers school meal programs
35 with menus meeting the meal patterns and nutrition standards established by the U.S. Department
36 of Agriculture.
- 37 6. *A plan for measuring implementation* of the local wellness policy, including designation of one
38 or more persons within the local education agency or at each school, as appropriate, charged with
39 operational responsibility for ensuring that each school fulfills the District’s local wellness policy.

40
41 The suggested guidelines for developing the wellness policy include:

42
43 **Nutrition Education and Nutrition Promotion**

44 All students K-12 shall receive nutrition education that teaches the knowledge and skills needed to adopt
45 healthy eating behaviors and is aligned with the *Montana’s Health Enhancement Society of Health and*
46 *Physical Educators (SHAPE) Health Education and Physical Education Content Standards*. Nutrition
47 education shall be integrated into the curriculum. Nutrition information and education shall be offered and
48 promoted throughout the school campus and based on the U.S. Dietary Guidelines for Americans. Staff
49 who provide nutrition education shall have the appropriate training, such as in health enhancement or
50 family and consumer sciences.

1
2
3
4
5 **Health Enhancement and Physical Activity Opportunities**

6 The District shall offer health enhancement opportunities. Health enhancement shall equip students with
7 the knowledge, skills, and values necessary for lifelong physical activity. Health enhancement instruction
8 shall be aligned with the *Montana's Health Enhancement and National Association of Sport and Physical*
9 *Activity/American Alliance of Health, Physical Education, Recreation and Dance Physical Education*
10 *Content Standards and Benchmarks.*

11
12 All K-12 students of the District shall have the opportunity to participate regularly in supervised,
13 organized or unstructured, physical activities, to maintain physical fitness, and to understand the short-
14 and long-term benefits of a physically active and healthy lifestyle.

15
16 **Nutrition Standards**

17 The District shall ensure that reimbursable school meals and snacks meet the program requirements and
18 nutrition standards found in federal regulations. The District shall encourage students to make nutritious
19 food choices through accessibility, advertising and marketing efforts of healthful foods.

20
21 The District shall monitor all food and beverages sold or served to students, including those available
22 outside the federally regulated child nutrition programs (i.e., a la carte, vending, student stores, classroom
23 rewards, fundraising efforts), by meeting the United States Department of Agriculture (USDA) Smart
24 Snacks in Schools nutrition standards. Snacks provided to students during the school day without charge
25 (e.g. class parties) will meet standards set by the district. The Superintendent shall continually evaluate
26 vending policies and contracts. Vending contracts that do not meet the intent and purpose of this policy
27 shall be modified accordingly or not renewed.

28
29 **Other School-Based Activities Designed to Promote Student Wellness**

30 The District may implement other appropriate programs that help create a school environment that
31 conveys consistent wellness messages and is conducive to healthy eating and physical activity, such as
32 staff wellness programs, non-food reward system and fundraising efforts.

33
34 **Maintaining Student Wellness**

35 The Superintendent shall develop and implement administrative rules consistent with this policy. Input
36 from teachers, parents/guardians, students, school food service program, the school Board, school
37 administrators, and the public shall be considered before implementing such rules. A sustained effort is
38 necessary to implement and enforce this policy. The Superintendent shall measure how well this policy is
39 being implemented, managed, and enforced. The Superintendent shall report to the Board, as requested,
40 on the District's programs and efforts to meet the purpose and intent of this policy.

6 Early Childhood Education Enrollment Exceptional Circumstances

7
8 It is the policy of the District to provide enhanced educational opportunities to students under the age of 5
9 when either individual exceptional circumstances exist and/or when Community-Based exceptional
10 circumstances are present.

11
12 ***Prohibition:** This policy cannot be used to provide what is otherwise characterized or referred to as a*
13 *pre-school, pursuant to 20-7-117(2), MCA, which specifically prohibits the use of state equalization aid*

15 *are met.*

16
17 The administration shall ensure admission, enrollment and assignment of all qualifying children
18 referenced in this policy. The administration shall place children enrolled pursuant to this policy in either
19 a half-time or full-time kindergarten program as an integral part of the elementary school program. The
20 administration shall also ensure provision of a free appropriate public education in the least restrictive
21 environment possible, pursuant to terms of each student’s individualized education program, for all
22 children enrolled under this policy who are qualified for services under the Individuals with Disabilities
23 Education Act.

24
25 The administration shall include children enrolled pursuant to this policy in the district’s calculation of
26 average number belonging (ANB) as reported to OPI.

27
28 **Exceptional Circumstances Present in the Community:** To be used when in-district students or homeless
29 students under the McKinney Homeless Assistance Act when the board of trustees wants to define
30 exceptional circumstances applicable to the community’s characteristics, as opposed to the individual
31 characteristics of a particular student or sub-group of students.

32
33 The Board of Trustees declares the following to be qualifying “exceptional circumstances” within the
34 meaning of that term as used in 20-5-101(3), that merit waiving the age provisions of 20-5-101(1), MCA
35 for children under 6 years of age who are either 4 years of age or older on or before September 10 of the
36 school year in which enrollment is to occur or who are at least 3 years of age with a disability qualifying
37 the child for services under Section 504 of the Federal Rehabilitation Act of 1973 or the federal
38 Individuals with Disabilities Education Act. These qualifying exceptional circumstances are based on the
39 educationally relevant factors to establish a basic system of free quality public elementary and secondary
40 school specified in Section 20-9-309, MCA and as required by Article X, section 1, of the Montana
41 Constitution:

- 42
43 1. The following circumstances exist within the community affecting student learning identified by
44 the local board of trustees pursuant to Section 20-9-309(2)(h), MCA, and identified within
45 federal law pursuant to Section 20-9-309(4)(a)(v), MCA, including but not limited to educational
46 priorities identified within the Elementary and Secondary School Emergency Relief Fund
47 established by American Rescue Plan Act, Public Law 117-2 and demonstrated by peer reviewed
48 and academic studies on the impacts of community health crises:

Entrance, Date and Age

No pupil may be enrolled in kindergarten or first grade, whose fifth (5th) or sixth (6th) birthday does not occur on or before the tenth (10th) day of September of the school year in which the child registers to enter school unless approved by the Board of Trustees. A student who is at least six (6) years old, but has not completed a kindergarten program, will be tested and placed at the discretion of the administration. A birth certificate and an immunization record are required for admission to the District. The District will not assign or admit any child who has reached his/her nineteenth (19th) birthday on or prior to September 10th of the year in which the child is to enroll unless approved by the Board of Trustees.

School Entrance

1. The District requires that a child's parents, legal guardian, or legal custodian present to the school, within forty (40) days of enrollment, proof of identity of the child (birth certification or certified transcript).
2. In accordance with the Montana Immunization Law, a student will not be admitted who has not been immunized against diphtheria, pertussis, tetanus, poliomyelitis, rubella, mumps, and measles (except that pertussis vaccination is not required for persons seven [7] years or older). If the student qualifies for conditional attendance or an exemption is filed as defined by Montana law, immunization may not be required.

Placement

The goal of the District shall be to place students at levels and in settings that will enhance the probability of student success. Developmental testing, together with other relevant criteria, including, but not limited to, health, maturity, emotional stability, and developmental disabilities, may be considered in the placement of all students. Final disposition of all placement decisions rests with the principal, subject to review by the Superintendent and the Board.

Transfer

District policies regulating pupil enrollment from other accredited elementary and secondary schools are designed to protect the educational welfare of the child and of other children enrolled in the District.

Elementary Grades (K-8): Any student transferring into the District will be admitted and placed on a probationary basis for a period of two (2) weeks.

Should any doubt exist with teacher and/or principal as to grade and level placement of the student, the student shall be subject to an educational assessment to determine appropriate grade and level placement.

During the two-(2)-week probationary period, the student will be subject to observation by the teacher and building principal.

Secondary Grades (9-12), Credit Transfer: Requests for transfer of credits from any secondary school shall be subject to a satisfactory examination of the following:

1. Appropriate certificates of accreditation.
2. Length of course, school day, and school year.
3. Content of applicable courses.

Enrollment and Attendance Records

Since accurate enrollment and attendance records are essential both to obtain state financial reimbursement and to fulfill the District's responsibilities under the attendance laws, staff shall be diligent in maintaining such records.

A district may only include, for ANB purposes, an enrolled student who is:

- A resident of the district or a nonresident student admitted by trustees under a student attendance agreement and who is attending a school of the district;
- Unable to attend school due to a medical reason certified by a medical doctor and receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;
- Unable to attend school due to the student's incarceration in a facility, other than a youth detention center, and who is receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;
- Living with a caretaker relative under § 1-1-215, MCA;
- Receiving special education and related services, other than day treatment, under a placement by the trustees at a private nonsectarian school or private program if the student's services are provided at the district's expense under an approved individual education plan supervised by the district;
- Participating in the Running Start Program at district expense under § 20-9-706, MCA;
- Receiving education services, provided by the district, using appropriately licensed district staff at a private residential program or private residential facility licensed by the Department of Public Health and Human Services;
- Enrolled in an educational program or course provided at district expense using electronic or offsite delivery methods, including but not limited to tutoring, distance learning programs, online programs, and technology delivered learning programs, while attending a school of the district or any other nonsectarian offsite instructional setting with the approval of the trustees of the district; or
- A resident of the district attending a Montana job corps program under an interlocal agreement with the district under § 20-9-707, MCA.

- A resident of the district attending a Montana Youth Challenge Program under an interlocal agreement with the district under § 20-9-707, MCA.

In order for a student who is served through distance learning or offsite delivery methods to be included in the calculation of average number belonging, the student must meet the residency requirements for that district; live in the district, and must be eligible for educational services under the Individuals with Disabilities Education Act or under 29 U.S.C. 794; or attend school in the district under a mandatory attendance agreement as provided in § 20-9-707, MCA.

Enrollment and Attendance Records

Average Number Belonging

Average Number Belonging (ANB) is the enrollment measure used for the State Foundation Program calculations as defined in § 20-9-311, MCA. The ANB of one year is based on the attendance records of the preceding year. Funding for districts is based on ANB, which is based on “aggregate hours” per year and must be accurate. “Aggregate hours” means the hours of pupil instruction for which a school course or program is offered or for which a pupil is enrolled.

For a child to be counted for ANB purposes:

- a) The child must meet the definition of pupil as found in § 20-1-101(11), MCA;
- b) Attending 181 to 359 aggregate hours = One-quarter time enrollment
- c) Attending 360 to 539 aggregate hours = One-half time enrollment
- d) Attending 540 to 719 aggregate hours = Three-quarter time enrollment
- e) Attending 720 aggregate hours or more = Full-time enrollment

Enrollment in a program for fewer than 180 aggregate hours of pupil instruction per school year may not be included for ANB purposes, **unless the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency. 20-9-311(4)(d).**

Homebound Students

Students who are receiving instructional services, who were in the education program and, due to medical reasons certified by a medical doctor, are unable to be present for pupil instruction, may be counted as enrolled for ANB purposes, if the student:

- a) Is enrolled and is currently receiving organized and supervised pupil instruction;
- b) Is in a home or facility which does not offer a regular educational program; and
- c) Has instructional costs during the absence, which are financed by the District’s general fund.

If a homebound student does not meet the criteria set forth above, the District may request a variance through the Office of Public Instruction, for consideration of the student in the enrollment count for ANB purposes beyond the tenth (10th) day of absence.

Attendance Accounting

Days present and absent for every student are to be recorded in each building, for the purpose of informing parents of a student's attendance record.

On the first (1st) Monday in October, **the first (1st) Monday in December**, and on February 1st (or the next school day if those dates do not fall on a school day), the number of all enrolled students (whether present or absent) by grade level and class will be recorded on the forms provided by the District. Special education children who are enrolled in special programs sixteen (16) hours or more a week will be listed separately. The Director of Special Education should be contacted to verify this count. Monthly student counts of enrolled children by grade and classroom will be provided by the office.

ATTENDANCE POLICY

General Provisions

Regular attendance is essential in order for students to receive maximum educational benefit from instructional activities. Parents are encouraged to limit their child's absences to those that are absolutely necessary. Excused absences are defined by statute and identified in this policy. All other absences are to be considered unexcused. Excessive unexcused absences or an excessive accumulation of excused and unexcused absences may result in a loss of course credit. Chronic absenteeism is disruptive to the classroom and may result in disciplinary action or reassignment from a current class. The Superintendent is authorized to establish procedures for the implementation of this policy.

Excused Absences

Excused absences are those permitted by statute or identified as appropriate by the Board of Trustees. Students are eligible to receive credit as earned for school work missed during the period of absence. The Building Principal is authorized to determine the validity of excused absences as defined in this section as follows:

- Illness
- Bereavement
- Family emergencies
- Medical appointments
- Participation in school activities
- Any other reason prescribed by policy adopted by the Board of Trustees

Truancy/Unexcused Absences

Absences which do not fall within the categories listed above are to be considered unexcused and constitute truancy. Truancy is also defined as any absence from school without prior knowledge or approval of the parent or Building Principal. Students are not eligible to receive credit for work missed during the period of unexcused absence unless prior arrangements are made and approved by the Building Principal.

In addition, truancy is further defined as any absence from school of a non-enrolled child subject to compulsory attendance under §20-5-102, MCA, Compulsory Enrollment and Excuses. Chronic truants will be reported to legal authorities as prescribed by law.

The Board will, upon recommendation from the Superintendent, consider an expulsion for chronic truants. The Building Principal is the designated attendance officer and authorized to enforce compulsory attendance requirements under the provisions of §20-5-104, MCA Attendance Officer; §20-5-105, MCA, Attendance Officer – Power and Duties; and §20-5-106, MCA, Truancy.

Parent (or Guardian) Responsibilities

It is the responsibility of the parent or guardian to assure their student attends school. When a student must be absent for illness or other unforeseeable emergencies, parents must inform the school during the morning of the absence that their student will not be in attendance. If a student is not present and the parent has not notified the school of the absence, the school will attempt to call the parent during that school day. If the school is not notified within forty-eight (48) hours of the last absent day, the absence will be considered truancy. The principal may excuse the absence, after consideration of the circumstances related to the failure to notify and to the frequency of the student's absence. In all cases where the validity of an excuse is in question, the administration may require verification from other sources.

Advanced Makeup of School Assignments

Students will make prior arrangements for planned absences and all work missed must be made up within the time specified by the individual teacher.

Students are responsible for having their teacher complete the advanced makeup form. Once completed, this form must be returned to the office prior to absence. When students are absent due to participation in school-related activities, an advanced makeup form may be required by the school administration. The sponsor or coach of the activity will provide the office and each teacher with a list of students who will be attending the activity, including the student name and duration of the absence. This list should be distributed at least twenty-four (24) hours in advance of the first day of absence. Teachers who have concerns regarding students on the list must communicate them to the sponsor or coach at the earliest time prior to the absence.

Limit on Total Absences K-8

When a student is absent from any class for more than ten (10) days, the principal or designee will send a letter to the parent. The letter will call to the parent's attention the importance of good school attendance on student achievement. When a student is absent for more than fifteen (15) days, the principal will send a second letter to the parent expressing concern with the student's poor attendance and will request a meeting with the parent and teacher. The purpose of this meeting will be to discuss with the parent the student's poor attendance, and if the absenteeism is unavoidable, to

develop a plan to make sure the absenteeism has minimal effect on the student's academic success. Excessive absenteeism or chronic truancy may subject the student to disciplinary action or grade retention. Chronic truants will be reported to legal authorities as prescribed by law.

Limit on Total Absences 9-12

A student who is absent from any class for a total of ten (10) days or more will be referred to the Attendance review Committee (ARC). The ten (10) day total includes both excused and unexcused absences; absences due to school activities are not counted.

The Attendance Review Committee will meet with the student and student's parent to review the circumstances of the absences. The Attendance Review Committee will formulate recommendations to assist the student in maintaining regular attendance and in making up credit lost due to unexcused absences. Recommendations regarding making up credit may include but are not limited to the following:

- Alternative Learning Center (ALC)
- Morning study sessions
- In-School Suspension (ISS)
- Teacher assignments
- Drop class and assignment to Study Hall
- Modified Class Schedule

The school administration and the ARC will continue to monitor the student's attendance and compliance with the improvement recommendations. Failure by the student to comply with the recommendations of the ARC may result in loss of course credit or disciplinary action up to and including expulsion from school. A recommendation for expulsion will be referred to the Board of Trustees for a due process discipline hearing.

All recommendations of the ARC are subject to approval and modification by the Building Principal. A decision to not allow course credit may be appealed to the Superintendent. A decision by the Superintendent may be appealed to the Board of Trustees who may decide whether or not to hear the appeal.

Checking Out of School

When a student finds it necessary to leave after the start of the school day, the student shall follow the office procedures for checking out of school. Failure to follow this procedure may be considered truancy and subjects the student to disciplinary action.

Attendance Review Committee (ARC) Purpose and Process

The Attendance Review Committee (ARC) will meet with the student and student's parent to review the circumstances of the absences. The Attendance Review Committee will formulate recommendations to assist the student in maintaining regular attendance and in making up credit lost.

Recommendations will be presented to the Building Principal for review and approval. The Principal may modify the recommendation as necessary. The Principal will advise the student, parents, and the ARC of the approved plan. Recommendations concerning loss of course credit may be appealed to the Superintendent. The Principal and the ARC will monitor the student's compliance with the improvement plan. The ARC may reconvene to review a student's improvement plan for effectiveness and compliance.

ARC Members

The ARC will consist of three to five teachers as selected and recommended by the Principal. Membership may rotate dependent upon case load.

ARC Meeting Procedure

Meetings will be scheduled through the High School Secretary. Students and parents will be notified and are strongly encouraged to attend. Should the student or parent not attend, the ARC will still meet to review the attendance referral and formulate appropriate corrective recommendations.

4
5 Attendance Policy - Truancy

6
7 Students are expected to attend all assigned classes each day. Teachers shall keep a record of absence and
8 tardiness. Before the end of the school day, each school shall attempt to contact every parent, guardian,
9 or custodian whose child is absent from school but who has not reported the child as absent for the school
10 day, to determine whether the parent, guardian, or custodian is aware of the child’s absence from school.

11
12 For the purpose of this policy “truant” or “truancy” means the persistent non-attendance without excuse,
13 as defined by this policy, for all or any part of a school day equivalent to the length of one class period of
14 a child required to attend a school under 20-5-103. “Habitual truancy” means recorded unexcused
15 absences of 9 or more days or 54 or more parts of a day, whichever is less, in 1 school year.

16
17 The Bigfork School District’s definition of non-attendance without excuse is stated in Board Policy 3122
18 and in the student handbook.

19
20 The Bigfork School District has appointed the Administration as the Attendance Officer(s) of the district.

21
22 The Attendance Officer shall have the powers and duties as stated in 20-5-105(1) (Section 2), MCA.

5 Education of Homeless Children

6 Every child of a homeless individual and every homeless child are entitled to equal access to the same
7 free, appropriate public education as provided to children with permanent housing. The District must
8 assign and admit a child who is homeless to a District school regardless of residence and irrespective of
9 whether the homeless child is able to produce records normally required for enrollment. The District may
10 not require an out-of-District attendance agreement and tuition for a homeless child.

11
12 Should a child become homeless over the course of the school year, the child must be able to remain at
13 the school of origin.

14
15 The Superintendent will review and revise as necessary rules or procedures that may be barriers to
16 enrollment of homeless children and youths. In reviewing and revising such procedures, the
17 Superintendent will consider issues of transportation, immunization, residence, birth certificates, school
18 records, and other documentation.

19
20 Homeless students will have access to services comparable those offered to other students, including but
21 not limited to:

- 22
- 23 1. Transportation services;
- 24 2. Educational services for which a student meets eligibility criteria (e.g., Title I);
- 25 3. Educational programs for children with disabilities and limited English proficiency;
- 26 4. Programs in vocational and technical education;
- 27 5. Programs for gifted and talented students; and
- 28 6. School nutrition program.

29
30 The Superintendent will give special attention to ensuring the enrollment and attendance of homeless
31 children and youths not currently attending school. The Superintendent will appoint a liaison for
32 homeless children. A “homeless individual” is defined as provided in the McKinney Homeless
33 Assistance Act.

34
35 Anyone having a concern or complaint regarding placement or education of a homeless child will first
36 present it orally and informally to the District homeless liaison. To further ensure that the District is
37 removing barriers to the educational access and success of children and youths who are homeless, and to
38 ensure that Title 1 funding is expended in an appropriate manner.

Out-Of-District Student Enrollment

The Board will enroll out-of-district students in accordance with Montana law and this policy. A student's residence shall be determined pursuant to MCA § 1-1-215 except as otherwise provided by MCA § 20-9-207.

Out-of-District Student Enrollment with Extenuating Circumstances

The District shall enroll out-of-district students when extenuating circumstances exist pursuant to MCA § 20-5-321.

Out-of-District Student Enrollment with no Extenuating Circumstances

The District shall serve students who are residents of the District and out-of-district students who are subject to mandatory enrollment due to extenuating circumstances under MCA § 20-5-321 prior to enrolling other out-of-district students. The District may enroll out-of-district students at the request of the student's parent or guardian as provided in this policy when it is not mandatory because no extenuating circumstances exist. A parent or guardian seeking out-of-district enrollment when not mandatory shall apply on the out-of-district attendance agreement form approved by the Office of Public Instruction to the Board for approval on an annual basis. Out-of-district students shall reapply for admission for each school year. Admission in one school year does not imply or guarantee admission in subsequent years.

Currently enrolled students who move out of District at anytime throughout the school year shall be required to complete an Out-Of-District Attendance Agreement (FP-14.1) application. A 30 day grace period beginning on the date of change of residence to complete this application shall be afforded. Failure to submit the application within the grace period shall make the student ineligible for continued enrollment with readmission only upon the District accepting a completed Out-Of-District Attendance Agreement application.

Applications for enrollment of out-of-district students must be submitted to the District for consideration.

The Superintendent or designee shall review all applications for out-of-district enrollment when it is not mandatory and shall recommend approval or denial of each application to the Board as provided in this policy. As part of the review, the District shall request and review the student records of out-of-district students applying for enrollment prior to making the recommendation to the Board.

The Board shall approve an application for out-of-district attendance unless the trustees find that the impact of approval of the application will negatively impact the quality of education for resident students by grade level, by school, or in the District in the aggregate in one or more of the following ways:

1. The approval would result in exceeding the limits of:
 - a. Building construction standards pursuant to Title 50, Chapter 60, MCA;
 - b. Capacity and ingress and egress elements, either by individual room or by school building of any fire code authorized by Title 50, Chapter 3, MCA; or
 - c. Evacuation elements of the District's adopted school safety plan.

2. The approval would impede meeting goals, standards, or objectives of quality that the trustees have previously adopted in a plan for continuous educational improvement required under the rules adopted by the Board of Public Education.
3. The approval would risk jeopardizing the educational quality within the District because the out-of-district student applying was:
 - a. Truant as defined in MCA § 20-5-106 in the last school district attended;
 - b. Expelled by another school district at any time; or
 - c. Suspended in another school district in any of the three (3) school fiscal years preceding the school fiscal year for which attendance is requested. This subsection (c) does not apply to a student eligible for special education or related services.

Within 10 days of receipt of an out-of-district enrollment application, the District shall notify the parent or guardian and the trustees of the student's district of residence of the anticipated date for approval or denial of the application. The Board will consider the recommendation for denial of an out-of-district application in a closed session of the Board unless the parent or guardian waives their respective rights of privacy.

In the event that the District receives more applications for out-of-district students than it can accommodate, the District shall prioritize applications on the basis of the quality of education for students who are residents of the District and obligations of resident taxpayers. The District shall prioritize applications for the enrollment of out-of-district students in the following order provided the criteria established in this policy has been satisfied:

1. Students who attended school within the District the preceding year. In giving priority to students who have attended school within the District, the District will consider the number of years of attendance. Out-of-district students who are currently attending school within the District shall submit an application by May 1 prior to the start of the school year in which attendance is sought in order to retain their priority status. If an application for an out-of-district student currently attending school within the District is not submitted by May 1, the application will be considered on the same basis as all other applications.
2. Students who are the children or step-children of nonresident District employees.
3. Students who have siblings attending school within the District.
4. Students who have previously attended school within the District.
5. Students whose parents or guardians own property within the District.
6. Students whose legal residence is adjacent to the boundaries of the District.
7. When all of the above priorities are equal or not satisfied, the District shall give priority to applications on the basis of time of receipt by the District.

Within 10 days of the decision to approve or deny the enrollment of an out-of-district student and to enter into an out-of-district attendance agreement, the District shall provide copies of the approved or denied attendance agreement to the student's parent or guardian and the student's district of residence. In the event of a denial, the District shall provide the reason permitted by Montana and this policy and supporting documentation.

The District shall notify the district of residence for all out-of-district students enrolled under this policy regarding their tuition obligations under Montana law by July 15 following the year of attendance.

Unless otherwise agreed by the District and the district of residence in the out-of-district attendance agreement, the family of the out-of-district student whose application has been approved is responsible for transportation of the student and the student is not an eligible transportee under Montana law.

Student Publications

Student publications produced as part of the school's curriculum or with the support of student body funds are intended to serve both as vehicles for instruction and student communications. They are operated and substantively financed by the student body and the district.

Controversial issues may be presented provided they are treated in depth and represent a variety of viewpoints. Such materials may not be libelous, obscene or profane nor may they cause a substantial disruption of the school, invade the privacy rights of others, demean any race, religion, sex, or ethnic group, or advocate the violation of the law. They may not advertise tobacco, liquor, illicit drugs or drug paraphernalia.

Distribution and Posting of Materials

The distribution of materials from outside the school system uses a considerable amount of valuable educational time. This time is taken away from students, teachers, and the clerical staff. It is the District's policy to limit the distribution of materials to parent and student organizations sponsored by the District or other governmental agencies. Materials which provide information valued or needed by the District may also be distributed.

All organizations must have the approval of the Superintendent before materials may be distributed. The Superintendent will use the guidelines listed above in the approval of the distribution of the materials. In addition materials must advertise a youth oriented activity, not promote religion or political positions or be disruptive, libelous, or obscene.

In order to facilitate the distribution of materials with information about student activities offered in the community, each school may do the following:

- A. Maintain a centrally located bulletin board for the posting of bulletins.
- B. Maintain a table where flyers and other information can be made available to students.
- C. Include announcements for student-related activities in materials that go home to students.

It is the intent to post all notices and place flyers on the distribution table except those that are viewed by the principal as likely to be disruptive, libelous, or obscene.

Student Dress

The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. The Board or its agents will not interfere with the right of students and their parents to make decisions regarding student dress and appearance except in cases that disrupt the educational environment of the schools, or pose a health and safety threat to others.

The Board authorizes the Superintendent or his/her designee to develop and enforce procedures for the monitoring of student dress and grooming in school or while engaging in extracurricular activities. Procedures shall be specifically outlined in each school's student handbook and, at a minimum, shall prohibit student dress or grooming practices that:

- Present a hazard to the health or safety of the student, other students, staff, or visitors to the school.
- Create a disruption of the educational environment of the school.
- Represent gang membership or reference to gang related activities.
- Express obscene language or symbols, or symbols of sex, drugs, or alcohol.

5 Sexual Harassment of Students

6
7 The District does not discriminate on the basis of sex in any education program or activity that it operates.
8 The District is required by Title IX of the Education Amendments of 1972 and the regulations
9 promulgated through the U.S. Department of Education not to discriminate in such a manner. Inquiries
10 about the application of Title IX to the District may be referred to the District’s Title IX Coordinator, to
11 the Assistant Secretary for Civil Rights of the Department of Education, or both.
12

13 Any person may report sex discrimination, including sexual harassment, at any time, including during
14 non-business hours. Such a report may be made in person, by mail, by telephone or by electronic mail,
15 using the contact information listed for the Title IX Coordinator, or by any other means that results in the
16 Title IX Coordinator receiving the person’s verbal or written report.
17

18 For purposes of this policy and the grievance process, “sexual harassment” means conduct on the basis of
19 sex that satisfies one or more of the following:
20

- 21 1. A District employee conditioning the provision of an aid, benefit, or service of the District on
22 an individual’s participation in unwelcome sexual conduct;
23
- 24 2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and
25 objectively offensive that it effectively denies a person equal access to the District’s education
26 program or activity or
27
- 28 3. “Sexual assault” as defined in 20 USC 1092(f)(6)(A)(v), “dating violence” as defined in 34
29 USC 12291(a)(10), “domestic violence” as defined in 34 USC 12291(a)(8) or “stalking” as
30 defined in 34 USC 12291(a)(30).
31

32 When the harassment or discrimination on the basis of sex does not meet the definition of sexual
33 harassment, the Title IX Coordinator directs the individual to the applicable sex discrimination process
34 for investigation.
35

36 An individual is not required to submit a report of sexual harassment involving the Title IX coordinator.
37 In the event the Title IX Coordinator is responsible for or a witness to the alleged
38 harassment, the individual may report the allegations to the building principal or superintendent or other
39 unbiased school official.
40

41 Retaliation Prohibited

42
43 The District prohibits intimidation, threats, coercion or discrimination against any individual for the
44 purpose of interfering with any right or privilege secured by Title IX or this policy, or because the
45 individual has made a report or complaint, testified, assisted, or participated or
46 refused to participate in any manner in an investigation proceeding or hearing, if applicable. Intimidation,
47 threats, coercion, or discrimination, including charges against an individual for code of conduct violations
48 that do not involve sex discrimination or sexual harassment, but arise out of the same facts or
49 circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual
50 harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part,
51 constitutes retaliation.

Confidentiality

The District must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been alleged to be the victim or perpetrator of conduct that could constitute sexual harassment, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA) or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing or judicial proceeding arising thereunder.

Notice Requirements

The District also posts the Title IX Coordinator's contact information and Title IX policies and procedures in a prominent location on the District website and in all handbooks made available by the District.

Training Requirements

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process including hearings, appeals and informal resolution processes, when applicable, and how to serve impartially including by avoiding prejudgment of the facts at issue, conflicts of interest and bias. The District also ensures that decision-makers and investigators receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant as set forth in the formal procedures that follow, and training on any technology to be used at a live hearing, if applicable. Investigators also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. All materials used to train individuals who receive training under this section must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment and are made publicly available on the District's website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

6 Sexual Harassment Grievance Procedure - Students

7
8 The Board requires the following grievance process to be followed for the prompt and equitable
9 resolution of student complaints alleging any action that would be prohibited as sexual harassment by
10 Title IX. The Board directs the process to be published in accordance with all statutory and regulatory
11 requirements.

12
13 Definitions

14
15 The following definitions apply for Title IX policies and procedures:

16
17 “Actual knowledge:” notice of sexual harassment or allegations of sexual harassment to the District’s
18 Title IX Coordinator or any official of the District who has authority to institute corrective measures on
19 behalf of the District, or to any employee of an elementary or secondary school.

20
21 “Education program or activity:” includes locations, events or circumstances over which the District
22 exercised substantial control over both the individual who has been reported to be the perpetrator of
23 conduct that could constitute sexual harassment, and the context in which the sexual harassment occurs.

24
25 “Complainant:” an individual who is alleged to be the victim of conduct that could constitute sexual
26 harassment.

27
28 “Respondent:” an individual who has been reported to be the perpetrator of conduct that could constitute
29 sexual harassment.

30
31 “Formal complaint:” a document filed by a Complainant or signed by the Title IX Coordinator alleging
32 sexual harassment against a Respondent and requesting that the District investigate the allegation of
33 sexual harassment.

34
35 “Supportive measures:” non-disciplinary, non-punitive individualized services offered as appropriate, as
36 reasonably available and without fee or charge to the Complainant or Respondent before or after the filing
37 of a formal complaint or where no formal complaint has been filed.

38
39 District Requirements

40
41 When the District has actual knowledge of sexual harassment in an education program or activity of the
42 District, the District will respond promptly in a manner that is not deliberately indifferent. When the
43 harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the
44 Title IX Coordinator will direct the individual to the applicable sex discrimination process, bullying and
45 harassment policy, or public complaint procedure for investigation.

46
47 The District treats individuals who are alleged to be the victim (Complainant) and perpetrator
48 (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive
49 measures. Supportive measures are designed to restore or preserve equal access to the District’s
50 education program or activity without unreasonably burdening the other party, including measures
51 designed to protect the safety of all parties or the District’s educational environment, or deter sexual

1
2
3
4 harassment. Supportive measures may include counseling, extensions of deadlines or other course-related
5 adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties,
6 leaves of absence, increased security and monitoring of certain areas of the District's property, campus
7 escort services, changes in work locations and other similar measures.

8
9 The Title IX Coordinator is responsible for coordinating the effective implementation of supportive
10 measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the
11 Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with
12 respect to supportive measures, inform the Complainant of the availability of supportive measures with or
13 without the filing of a formal complaint, and explain to the Complainant the process for filing a formal
14 complaint. If the District does not provide the Complainant with supportive measures, then the District
15 must document the reasons why such a response was not clearly unreasonable in light of the known
16 circumstances.

17 18 Timelines

19
20 The District has established reasonably prompt time frames for the conclusion of the grievance process,
21 including time frames for filing and resolving appeals and informal resolution processes. The grievance
22 process may be temporarily delayed or extended for good cause. Good cause may include considerations
23 such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the
24 need for language assistance or accommodation of disabilities. In the event the grievance process is
25 temporarily delayed for good cause, the District will provide written notice to the Complainant and the
26 Respondent of the delay or extension and the reasons for the action.

27 28 Response to a Formal Complaint

29
30 At the time of filing a formal complaint, a Complainant must be participating in or attempting to
31 participate in the education program or activity of the District with which the formal complaint is filed. A
32 formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or
33 other means designated by the District.

34
35 The District must follow the formal complaint process before the imposition of any disciplinary sanctions
36 or other actions that are not supportive measures. However, nothing in this policy precludes the District
37 from removing a Respondent from the District's education program or activity on an emergency basis,
38 provided that the District undertakes an individualized safety and risk analysis, determines that an
39 immediate threat to the physical health or safety of any student or other individual arising from the
40 allegations of sexual harassment justifies removal, and provides the Respondent with notice and an
41 opportunity to challenge the decision immediately following the removal. A period of removal may
42 include the opportunity for the student to continue instruction in an offsite capacity. The District may also
43 place a non-student employee Respondent on administrative leave during the pendency of the grievance
44 process. This provision may not be construed to modify any rights under the Individuals with
45 Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with
46 Disabilities Act.

47
48
49
50
51

1
2
3
4 Upon receipt of a formal complaint, the District must provide written notice to the known parties
5 including:

- 6
7 1. Notice of the allegations of sexual harassment, including information about the identities of
8 the parties involved in the incident, the conduct allegedly constituting sexual harassment,
9 the date and location of the alleged incident, and any sufficient details known at the time.
10 Such notice must be provided with sufficient time to prepare a response before any initial
11 interview;
- 12
13 2. An explanation of the District's investigation procedures, including any informal resolution
14 process;
- 15
16 3. A statement that the Respondent is presumed not responsible for the alleged conduct and
17 that a determination regarding responsibility will be made by the decision-maker at the
18 conclusion of the investigation;
- 19
20 4. Notice to the parties that they may have an advisor of their choice who may be, but is not
21 required to be, an attorney, and may inspect and review any evidence; and
- 22
23 5. Notice to the parties of any provision in the District's code of conduct or policy that
24 prohibits knowingly making false statements or knowingly submitting false information.
25

26 If, in the course of an investigation, the District decides to investigate allegations about the Complainant
27 or Respondent that are not included in the notice initially provided, notice of the additional allegations
28 must be provided to known parties.
29

30 The District may consolidate formal complaints as to allegations of sexual harassment against more than
31 one Respondent, or by more than one Complainant against one or more Respondents, or by one party
32 against the other party, where the allegations of sexual harassment arise out of the same facts or
33 circumstances.
34

35 Investigation of a Formal Complaint

36

37 When investigating a formal complaint and throughout the grievance process, the District must:

- 38
39 1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a
40 determination regarding responsibility rests on the District and not the parties';
- 41
42 2. Provide an equal opportunity for the parties to present witnesses and evidence;
- 43
44 3. Not restrict either party's ability to discuss the allegations under investigation or to gather and
45 present relevant evidence;
- 46
47 4. Allow the parties to be accompanied with an advisor of the party's choice who may be, but is
48 not required to be, an attorney. The District may establish restrictions regarding the extent to
49 which the advisor may participate in the proceedings, as long as the restrictions apply equally to
50 both parties;
51

5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate, with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers and individuals who facilitate an informal resolution process, do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make credibility determinations based on the individual's status as Complainant, Respondent or witness;
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the District's education program or activity, or did not occur against a person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. a Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;
2. the Respondent is no longer enrolled or employed by the District or;
3. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties. The grievance process will close in the event a notice of dismissal is provided to the parties. Support measures may continue following dismissal.

Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not

1
2
3
4 intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory
5 evidence whether obtained from a party or other source. Prior to completion of the investigative the Title
6 IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to inspection
7 and review in an electronic format or a hard copy. The parties have 10 calendar days to submit a written
8 response to the Title IX Coordinator, which the investigator will consider prior to completion of the
9 investigative report.

10
11 Investigative Report

12
13 The investigator must prepare an investigative report that fairly summarizes relevant evidence and send
14 the report to the Title IX Coordinator. The Title IX Coordinator must send to each party and the party's
15 advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written
16 response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.
17 report,

18
19 Decision-Maker's Determination

20
21 The investigative report is submitted to the decision-maker. The decision-maker cannot be the same
22 person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a hearing or
23 make a determination regarding responsibility until 10 calendar days from the date the Complainant and
24 Respondent receive the investigator's report.

25
26 Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the
27 opportunity to submit written, relevant questions that a party wants asked of any party
28 or witness, provide each party with the answers, and allow for additional, limited follow-up questions
29 from each party. Questions and evidence about the Complainant's sexual
30 predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the
31 Complainant's prior sexual behavior are offered to prove that someone other than the Respondent
32 committed the conduct alleged by the Complainant, or if the questions and evidence concern specific
33 incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to
34 prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from
35 the date the Complainant and Respondent receive the investigator's report.

36
37 The decision-maker must issue a written determination regarding responsibility based on a preponderance
38 of the evidence standard. The decision-maker's written determination must:

- 39
40 1. Identify the allegations potentially constituting sexual harassment;
- 41
42 2. Describe the procedural steps taken, including any notifications to the parties, interviews with
43 parties and witnesses, site visits, methods used to gather evidence, and hearings held;
- 44
45 3. Include the findings of fact supporting the determination;
- 46
47 4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to
48 the facts;
- 49
50 5. Address each allegation and a resolution of the complaint including a determination regarding
51 responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the

6. Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant and;

7. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and or/the negotiated agreement. For students, the sanctions may include disciplinary action, up to and including permanent exclusion.

Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The District also may offer an appeal equally to both parties on additional bases.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision describing the result of the appeal and the rationale for the result. The decision must be provided to both

parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is filed.

Informal Resolution Process

Except when concerning allegations that an employee sexually harassed a student, at any time during the formal complaint process and prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility, provided that the District:

1. Provides to the parties a written notice disclosing:
 - A. The allegations;
 - B. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and
 - C. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days, unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

Recordkeeping

The District must maintain for a period of seven years records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;
2. Any appeal and the result therefrom;
3. Any informal resolution and the result therefrom; and
4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

1
2
3
4 The District must create, and maintain for a period of seven years, records of any actions, including any
5 supportive measures, taken in response to a report or formal complaint of sexual harassment. In each
6 instance, the District must document the basis for its conclusion that its
7
8 response was not deliberately indifferent, and document that it has taken measures designed to restore or
9 preserve equal access to the District's education program or activity.

Reporting

All complaints about behavior that may violate this policy shall be promptly investigated. Any student, employee, or third party who has knowledge of conduct in violation of this policy or feels he/she has been a victim of hazing, harassment, intimidation, or bullying in violation of this policy is encouraged to immediately report his/her concerns to the building principal or the District Administrator, who have overall responsibility for such investigations. A student may also report concerns to a teacher or counselor, who will be responsible for notifying the appropriate District official. Complaints against the building principal shall be filed with the Superintendent. Complaints against the Superintendent or District Administrator shall be filed with the Board.

The complainant shall be notified of the findings of the investigation and, as appropriate, that remedial action has been taken.

Exhaustion of administrative remedies

A person alleging violation of any form of harassment, intimidation, hazing, or threatening, insulting, or demeaning gesture or physical contact, including any intentional written, verbal, or electronic communication, as stated above, may seek redress under any available law, either civil or criminal, after exhausting all administrative remedies.

Responsibilities

The District Administrator shall be responsible for ensuring notice of this policy is provided to students, staff, and third parties and for the development of administrative regulations, including reporting and investigative procedures, as needed.

When an employee has actual knowledge that behavior in violation of this policy is sexual harassment, the employee must contact the Title IX Coordinator. The Title IX sexual harassment grievance process will be followed, if applicable, prior to imposing any discipline that cannot be imposed without resolution of the Title IX process.

Consequences

Students whose behavior is found to be in violation of this policy will be subject to discipline up to and including expulsion. Staff whose behavior is found to be in violation of this policy will be subject to discipline up to and including dismissal. Third parties whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the District Administrator or the Board. Individuals may also be referred to law enforcement officials.

Retaliation and Reprisal

Retaliation is prohibited against any person who reports or is thought to have reported a violation, files a complaint, or otherwise participates in an investigation or inquiry. Such retaliation shall be considered a serious violation of Board policy, whether or not a complaint is substantiated. Student Privacy

The right to privacy is a fundamental tenet of human liberty. Staff shall take particular care to respect students' privacy. At the same time, they must protect the health and safety of all students and promote the effective operation of the schools. The principal, the superintendent or other such staff designated by the superintendent shall have the authority to conduct student searches. They shall do so only upon reasonable suspicion and in the manner prescribed by district policy #3231.

5 Searches and Seizure

6
7 The goal of search and seizure with respect to students is meeting the educational needs of children and
8 ensuring their security. The objective of any search and/or seizure is not the eradication of crime in the
9 community. Searches may be carried out to recover stolen property, to detect illegal substances or
10 weapons, or to uncover any matter reasonably believed to be a threat to the maintenance of an orderly
11 educational environment. The Board authorizes school authorities to conduct reasonable searches of
12 school property and equipment, as well as of students and their personal effects, to maintain order and
13 security in the schools.

14
15 The search of a student, by authorized school authorities, is reasonable if it is both: (1) justified at its
16 inception, and (2) reasonably related in scope to the circumstances which justified the interference in the
17 first place.

18
19 School authorities are authorized to utilize any reasonable means of conducting searches, including but
20 not limited to the following:

- 21
22 1. A search of the student's clothing, including pockets;
23 2. A search of any container or object used by, belonging to, or otherwise in the possession or
24 control of a student; and/or
25 3. Devices or tools such as breath-test instruments, saliva test strips, etc.

26
27 The "search" of a student, if conducted, will be conducted by a school official

28
29 School Property and Equipment and Personal Effects of Students

30
31 School authorities may inspect and search school property and equipment owned or controlled by the
32 District (such as lockers, desks, and parking lots).

33
34 The Superintendent may request the assistance of law enforcement officials, including their use of
35 specially trained dogs, to conduct inspections and searches of lockers, desks, parking lots, and other
36 school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or
37 material.

38
39 Students

40
41 School officials may search any individual student, his/her property, or District property under
42 his/her control, when there is a reasonable suspicion that the search will uncover evidence that he/she is
43 violating the law, Board policy, administrative regulation, or other rules of the District or the school.
44 Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence
45 related to the alleged violation. The types of student property that may be searched by school officials
46 include but are not limited to lockers, desks, purses, backpacks, student vehicles parked on District
47 property, cellular phones, or other electronic communication devices.

1
2
3
4 Students may not use, transport, carry, or possess illegal drugs or any weapons in their vehicles
5 on school property. While on school property, vehicles may be inspected at any time by staff, or by
6 contractors employed by the District utilizing trained dogs, for the presence of illegal drugs, drug
7 paraphernalia, or weapons. In the event the school has reason to believe that drugs, drug paraphernalia, or
8 weapons are present, including by alert-trained dogs, the student's vehicle will be searched, and the
9 student expressly consents to such a search.

10
11 Also, by parking in the school parking lots, the student consents to having his/her vehicle searched if the
12 school authorities have any other reasonable suspicion to believe that a violation of school rules or policy
13 has occurred.

14
15 Seizure of Property

16
17 When a search produces evidence that a student has violated or is violating either a law or
18 District policies or rules, such evidence may be seized and impounded by school authorities and
19 disciplinary action may be taken. As appropriate, such evidence may be transferred to law enforcement
20 authorities.

If the authorized administrator has any reasonable suspicion to believe that any locker, car or other container of any kind on school premises contains any item or substances, which constitutes an imminent danger to the health and safety of any person or to the property of any person or the District, the administrator is authorized to conduct a search of any car or container and to seize any such item or substance

The authorized administrator may perform random searches of any locker, car or container of any kind on school premises without notice or consent.

3. 4. No student shall hinder, obstruct or prevent any search authorized by this procedure.
5. Whenever circumstances allow, any search or seizure authorized in this procedure shall be conducted in the presence of at least one (1) adult witness, and a written record of the time, date, person present and results shall be made by the administrator. A copy shall be forwarded to the Superintendent as soon as possible.
6. In any instance where an item or substance is found which appears to be in violation of the law, the circumstance shall be reported promptly to the appropriate law enforcement agency.

The following criteria must be met:

1. The meeting is voluntary and student-initiated.
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees.
3. The meeting must occur during non-instructional time on regular school days.
4. Employees or agents of the school or government are present only in a non-participatory capacity.
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school.

SCHOOL BUS VIDEO RECORDS

3236/8126

Statement of Policy

It is the policy of the Board of Trustees of Bigfork School District #38 to authorize the installation and use of video cameras to create a record of conduct on its buses. Recorded information from these cameras ("bus videos") showing students shall be treated as an "education record" and shall not be produced outside of School District except pursuant to a subpoena, court order, or release in accord with the Family Educational rights and Privacy Act ["FERPA," 20 United States Code 1232 (g), 34 CFR Part 99]. Bus videos showing employees shall be treated as a confidential personnel record. A bus video shall be maintained as an education or personnel record when the video is to be used at a disciplinary or other proceeding authorized by law.

Installation and Operation of Cameras

Any School District bus or private contractor may be equipped with a video camera capable of recording video and audio of the passengers, driver, and staff on the bus.

Cameras shall be activated and operated at the discretion of the Transportation Supervisor and need not be in operation at all times. Cameras shall not be activated or deactivated by the driver of a bus or staff member during the transport of students. However, a driver may request that the Transportation Supervisor insure that the events of a particular route be recorded.

No Expectation of Privacy

All speech and conduct on a School District bus is subject to being recorded, preserved, and examined by means of a bus video. No person on a School District bus shall have a legitimate expectation of privacy with respect to his or her conduct or speech on a School District bus.

Notice

The district will provide notice to students, parents, staff members, and approved volunteers, that video cameras with audio capabilities may be used on school transportation while transporting students to and from curricular and extracurricular activities.

No Guarantee of Recording

By this Policy, the School District does not guarantee that every bus will be equipped with a video camera, that the video camera on a specific bus will be in operation at a specific time, or that a video camera will record specific conduct or expression.

Collection and Preservation of Bus Videos

Bus videos shall be collected and maintained under the supervision of the Superintendent or designee and may be released for re-use if a written request to preserve a specific bus video is not received by the Superintendent or designee within ten (10) calendar days of the day the

bus video is made. For purposes of calculating this ten (10) day period, the day on which the bus video is taken shall not be counted. The ten (10) day period expires at 3:00 p.m. on the tenth day.

If the Superintendent or designee receives a written request to preserve a bus video, the bus video shall be preserved for an additional (30) thirty calendar days. If a request for the bus video is not received in the (30) thirty day period following the initial written request, the Superintendent may release the bus video for re-use or destruction.

District Use of Bus Video

A bus video made pursuant to this Policy may be used in support of the discipline of a student or employee without a release from the persons recorded on the bus video.

Viewing of a Bus Video

A parent/guardian of a student pictured on a bus video may be permitted by the Superintendent or designee to view a bus video if it has been preserved pursuant to the guidelines of this policy.

Production of Bus Video Outside of the School District

A person requesting production of a bus video where the video constitutes a student record under FERPA or a confidential personnel record shall file a written request with the Superintendent. The request shall contain a written release from each person in the video age 18 and over, and the parent/guardian of each minor pictured or heard on the bus video requested. If the only student recorded on a bus video is the child of a parent/guardian, a copy of a bus video may be provided to the parent/guardian. In lieu of written release, digital cameras with capabilities of obscuring identifying personal features may be used to protect the identity of other students when necessary.

The Superintendent is authorized to develop forms and administrative guidelines to implement this Policy.

School Bus Video Records

The district will comply with provisions of state and federal law regarding education record requirements, including the Family Educational Rights and Privacy Act and the Individuals with Disabilities Education Act, as applicable to the district's use of video recordings. Video recordings that become part of a student's education record will be maintained in accordance with established education record procedures governing access, review, and release of education records. Video recordings considered for retention, as part of an employee's personnel record, will be maintained in accordance with established Board personnel policies, administrative regulations, and collective bargaining agreements governing access, review, and release of employee personnel records.

Camera Installation

Each and every school bus owned, leased, contracted and/or operated by the school district shall be equipped with a fully-enclosed box for placement and operation of a video camera and conspicuously placed signs notifying riders that their conversations or actions may be recorded on tape. Video cameras will be rotated on school transportation vehicles transporting students to and from curricular or extracurricular activities at the discretion of the coordinator of transportation. A video camera will not necessarily be installed in each and every school bus owned, leased, contracted and/or operated by the school district, but cameras may be rotated from bus to bus without prior notice to students. Video cameras will be placed on a particular school bus, to the extent possible, where the school district has received complaints of inappropriate behavior.

Notice

The district will provide notice to students, parents, and staff that video cameras with audio capabilities may be used on school transportation vehicles transporting students to and from curricular and extracurricular activities. Notices will be provided in the following manner:

1. Sign posting on each bus
2. Student handbooks
3. Employee handbooks
4. Bus rider registration form
5. Written notice to all drivers
6. Notice to staff
7. Provision in bus contract

Viewing

The transportation director will review the videotapes on a random basis or in response to specific complaints or concerns.

Viewing of video recordings by school personnel is restricted to administrative staff, the transportation director, and other staff, as approved by the Superintendent for specific incidents or circumstances. The Superintendent shall base the decision for approval on a "need to know" basis. Viewing of a video by a parent/guardian of a student pictured on a bus video is permitted upon approval of the Superintendent.

Storage/Security

All video recordings will be stored and secured by the Transportation Director to ensure confidentiality. Video recordings will be stored for (10) ten school days after initial recording. These recordings will then be erased unless they become part of a student's education record or employee's personnel record. Video recordings held for review of student or staff incidents will be maintained in their original form pending resolution. The tape will then be either erased or retained as necessary as part of the student's education record and/or employee's personnel record in accordance with the established district procedures.

Reproduction of Bus Video

Video recordings remain the property of the district and may be reproduced only in accordance with an applicable court order, state or federal law, school board policy or collective bargaining agreement.

Guidelines of Conduct (K-12)

Each student has the right to an education in an orderly, safe, and sanitary atmosphere and is expected to contribute to his/her environment by meeting the rules of conduct as presented in the Student Handbook for each school. The Student Handbooks are to be reviewed yearly and regarded as District Procedures with all changes being brought to the attention of the trustees.

Compliance with these guidelines of conduct is mandatory. Failure of a student to comply with these regulations constitutes an infringement upon the rights of other students.

In accordance with the provisions of the Gun-Free Schools Act, 20 USC 8921, any student who brings a firearm onto school property, except as provided below, shall be expelled for a period of not less than one year unless modified by the Superintendent or Board of Trustees, upon a recommendation from the Superintendent.

The term "firearm" shall be defined as provided in 18 USC 921. This term shall include any weapon which is designed, or may be readily converted, to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, a muffler or silencer for such a weapon, or any explosive, incendiary or poison gas.

Any student subject to expulsion shall be entitled to a hearing before the Board in accordance with 20-5-202, MCA. Nothing in this policy shall prevent the Board from making an alternative placement for a student in lieu of expulsion.

If a student violating this policy is identified as disabled either under IDEA or Section 504, a determination must be made whether the student's conduct is related to the disability. If the violation of the policy is due to a disability recognized by the IDEA or Section 504, lawful procedures for changes in placement must be followed for suspensions of greater than ten days.

Special Note: 20 USC Section 1415 of the Elementary and Secondary Education Act, amended the Individuals with Disabilities Act to provide that a student with disabilities who brings a firearm to school may be placed in an interim alternative educational setting for not more than 45 days. If after this placement is made, a parent requests a due process hearing, the child shall remain in the alternative setting during the pendency of any proceedings unless the parents and the school district agree otherwise.

The District shall keep a record of all students disciplined under this policy and the circumstances surrounding their discipline, including the number of students expelled and the types of weapons involved. 5
6 Suspension and Expulsion - Corrective Actions and Punishment

7
8 The Board recognizes that every student is entitled to due process rights that are provided by law.

9
10 Suspension

- 11
- 12 • “Suspension” means the exclusion of a student from attending individual classes or school and
- 13 participating in school activities for an initial period not exceed ten (10) school days. An
- 14 administrator may order suspension of a student.
- 15

16 The procedure set forth below will be followed when a proposed punishment of a student is to include

17 denial of the right of school attendance from any single class or from a full schedule of classes for at least

18 one (1) day.

19
20 Before any suspension is ordered, a building administrator will meet with a student to explain charges of

21 misconduct, and the student will be given an opportunity to respond to the charges.

22
23 When a student’s presence poses a continuing danger to persons or property or poses an ongoing threat of

24 disruption to the educational process, a pre-suspension conference will not be required, and an

25 administrator may suspend a student immediately. In such cases, a building administrator will provide

26 notice of and schedule a conference as soon as practicable following the suspension.

27
28 A building administrator will report any suspension immediately to a student’s parent or legal guardian.

29 An administrator will provide a written report of suspension that states reasons for a suspension,

30 including any school rule that was violated, and a notice to a parent or guardian of the right to a review of

31 a suspension. An administrator will send a copy of the report and notice to the Superintendent.

32
33 The Superintendent will conduct a review of any suspension on request of a parent or legal guardian. A

34 student and parent or legal guardian may meet with the Superintendent to discuss suspension. After the

35 meeting and after concluding a review, the Superintendent will take such final action as appropriate.

36
37 Upon a finding by a school administrator that the immediate return to school by a student would be

38 detrimental to the health, welfare, or safety of others or would be disruptive of the educational process, a

39 student may be suspended for one (1) additional period not to exceed ten (10) school days, if the student

40 is granted an informal hearing with the school administrator prior to the additional suspension, and if the

41 decision to impose the additional suspension does not violate the Individuals with Disabilities Education

42 Act (IDEA) or Rehabilitation Act.

43
44 Students who are suspended from any class or from school entirely have the right to make up any work

45 missed according to the student handbook.

46
47 Expulsion

- 48
- 49 • “Expulsion” is any removal of a student for more than twenty (20) school days without the
- 50 provision of educational services. Expulsion is a disciplinary action available only to the Board.

1
2
3
4 The Board, and only the Board, may expel a student from school and may do so only after following due
5 process procedures set forth below.
6

7 The Board will provide written notice to a student and parent or legal guardian of a hearing to consider a
8 recommendation for expulsion, which will be sent by registered or certified mail at least five (5) school
9 days before the date of the scheduled hearing. The notice will include time and place of hearing,
10 information describing the process to be used to conduct the hearing, and notice that the Board intends to
11 conduct the hearing in closed session unless a parent or legal guardian waives the student's right to
12 privacy.
13

14 Within the limitation that a hearing must be conducted during a period of student suspension, a hearing to
15 consider expulsion may be rescheduled when a parent or legal guardian submits a request showing good
16 cause to the Superintendent at least two (2) school days before a hearing date as originally scheduled.
17 The Superintendent will determine if a request shows good cause to reschedule a hearing.
18

19 The student has the right to be present for the duration of the hearing. At hearing the student may be
20 represented by counsel and ask questions, present perspectives, and provide witnesses or documentation.
21 The Board is not bound by formal rules of evidence in conducting the hearing.
22

23 Each school shall maintain a record of any disciplinary action that is educationally related, with
24 explanation, taken against the student. When the Board of Trustees takes disciplinary action against a
25 student, the Board must keep a written record of the action taken, with detailed explanation, even if the
26 disciplinary action is decided during a closed session. A disciplinary action that is educationally related is
27 an action that results in the expulsion or out-of-school suspension of the student. This record must be
28 maintained/destroyed consistent with Montana Local Government Records Schedule 7, and is subject to
29 transfer to a local educational agency, accredited school, or nonpublic school pursuant to 20-1-213, MCA.

Procedures for Suspension and Expulsion of Students With Disabilities

The District will comply with provisions of the Individuals with Disabilities Education Act (IDEA) and Rehabilitation Act when disciplining students. The Board will not expel any special education student when the student’s particular act of gross disobedience or misconduct is a manifestation of the student’s disability. The Board may expel pursuant to its expulsion procedures any special education student whose gross disobedience or misconduct is not a manifestation of the student’s disability. A disabled student will continue to receive education services as provided in the IDEA or Rehabilitation Act during a period of expulsion.

A building administrator may suspend a child with a disability from the child’s current placement for not more than ten (10) consecutive school days for any violation of school rules, and additional removals of not more than ten (10) consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement under 34 CFR 300.519(b), whether or not a student’s gross disobedience or misconduct is a manifestation of a student’s disabling condition. Any special education student who has exceeded or who will exceed ten (10) days of suspension may temporarily be excluded from school by court order or by order of a hearing officer, if the District demonstrates that maintaining the student in the student’s current placement is substantially likely to result in injury to the student or to others. After a child with a disability has been removed from his or her placement for more than ten (10) school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under 34 CFR 300.121(d).

An administrator may remove from current placement any special education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function or inflicts serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction. A serious bodily injury is one that involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ or faculty. The District will place such student in an appropriate interim alternative educational setting for no more than forty-five (45) school days in accordance with the IDEA or Rehabilitation Act.

Corrective Actions and Punishment

It is the intent of the Board to provide each student with those due process rights which are provided by law.

Suspension

In the event the proposed punishment of a student is to include denial of the right of school attendance from any single class or full schedule of classes for at least one (1) day, the following procedure shall be used:

1. Before suspension, the student shall be provided a conference during which the charges will be explained and the student will be given the opportunity to respond to the charges.
2. A pre-suspension conference is not required and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. Any suspension shall be reported as soon as practical to the student's parent or legal guardian. A written notice of suspension shall state the reasons for the suspension, including any school rule which was violated, and a notice to the parent or guardian of the right to a review of the suspension. A copy of the notice shall be sent to the Superintendent.
4. Upon request of the parent or legal guardian, a review of the suspension shall be conducted by the Principal. After the review, the student and parent or legal guardian may appear and discuss the suspension with the Superintendent. After the meeting, the Superintendent shall take such action as appropriate.

Expulsion

A student may be expelled from school only by the Board, and only after the following due process procedures have been followed:

1. The student and parent or legal guardian shall be provided written notice of the Board hearing to consider the recommendation for expulsion, by any reasonable means at least five (5) school days before the date scheduled for the hearing. The notice shall include the time and place of the hearing; information describing the process to be used to conduct the hearing; notice of the Board's intent to conduct the hearing in executive session unless the parent or legal guardian waives the student's right to privacy.
2. Within the limitation that the hearing must be conducted during the period of suspension, an expulsion hearing may be rescheduled by the parent or legal guardian by submitting a request showing good cause to the Superintendent at least two (2) school days prior to the date of the hearing as originally scheduled. The Superintendent shall determine if the request shows good cause.
3. At the hearing, the student may be represented by counsel, present witnesses and other evidence, and cross-examine witnesses. Formal rules of evidence are not binding on the Board.

Procedures for Suspension and Expulsion of Students with Disabilities

The District shall comply with the provisions of the IDEA when disciplining students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of the student's disability. Any special education student whose gross disobedience or misconduct is not a manifestation of the student's disability may be expelled pursuant to expulsion procedures, except that the disabled student shall continue to receive education services as provided in the IDEA during such period of expulsion.

A special education student may be suspended for ten (10) days of school per incident, regardless of whether the student's gross disobedience or misconduct is a manifestation of the student's disabling condition. Any special education student who has or will exceed ten (10) days of suspension may be temporarily excluded from school by court order or by order of a hearing officer if the District demonstrates that maintaining the student in the student's current placement is substantially likely to result in injury to the student or others.

The student shall continue to receive educational services in accordance with the IDEA during such period of suspension.

A special education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function may be removed from the

Student's current placement. Such a student shall be placed in an appropriate interim alternative educational setting for no more than forty-five (45) days in accordance with the IDEA.

7 Use of Restraint, Seclusion, and Aversive Techniques for Students

8
9 Conduct of Employees Directed Toward Students

10
11 The use by appropriately trained District personnel towards or directed at any student of any form of
12 restraint or seclusion as defined in this policy, is prohibited except in circumstances where proportional
13 restraint or seclusion of a student is necessary when a student's conduct creates a reasonable belief in the
14 perspective of a District employee, that the conduct of the student has placed the student, the employee, or
15 any other individual in imminent danger of serious bodily harm.

16
17 The employee or any employee who is a witness to this event shall immediately seek out the assistance of
18 the school's administration or, if such administrator is not available, a certified or classified employee
19 with special training in seclusion and restraint, if available. Upon the arrival of such individual, the
20 administrator or if no administrator is available, the most senior trained individual on seclusion or
21 restraint shall take control over the situation.

22
23 Seclusion or restraint of a student shall immediately be terminated when it is decided that the student is no
24 longer an immediate danger to him or herself or to any other third person or if it is determined that the
25 student is exhibiting extreme distress or at such time that appropriate administrative personnel have taken
26 custody of the child or upon such time that the parent/legal guardian of the child has retaken custody of
27 the child.

28
29 Regardless of employee training status, no District personnel shall use any form of aversive technique or
30 corporal punishment against any student. All seclusion will be in compliance with a student's IEP or
31 Section 504 Plan.

32
33 If a situation occurs where a properly trained District employee must use acts of restraint or seclusion
34 against a school student, the following shall occur:

- 35
36 1. The employee shall immediately report to their building principal, in writing, the following
37 information:
- 38 A. The date the event occurred;
 - 39 B. The circumstances leading to the event;
 - 40 C. The student involved; and
 - 41 D. Other witnesses or participants to the event.
- 42
- 43 2. The building principal shall notify the Superintendent's office of the event, providing the
44 Superintendent's office with a copy of the report of events.
- 45
- 46 3. The building principal shall ascertain if any of the school's video equipment captured the event
47 on a recording. If such event was captured on recording, the principal shall take all best efforts to
48 maintain a copy of the recording and provide such to the Superintendent's Office for the
49 Superintendent's official records of the event.
- 50
51

4. The Superintendent or designee shall ascertain the special needs status of the student involved in the seclusion or restraint and shall ascertain and maintain documentation as to whether or not such events were consistent with or contraindicated due to the student's psychiatric, medical, or physical condition(s).
5. The Superintendent or designee of the Superintendent shall notify the parent or legal guardian of the subject student of the situation and the event of restraint or seclusion via telephone and provide the parent/legal guardian with the name and telephone contact information of the building principal where the parent may obtain additional information regarding the event.
6. The Superintendent or designee of the Superintendent shall provide the parent/legal guardian of the student with written notice of the event of restraint or seclusion of their student.
7. The building Principal's office shall maintain documentation as to events of restraint and seclusion and the Principal/Superintendent shall prepare any and all necessary reports to legal entities upon whom such reports are or may become due pursuant to State and federal regulations.

Training of School Personnel

As part of the training and preparation of each certified administrator, certified teacher, and in-building classified employee of the District, the following shall occur:

1. Training to personnel as to proper situations and events leading to student seclusion and intervention, including possible preventative alternatives to seclusion and restraint, safe physical escort, de-escalation of student crisis situations, and positive behavioral intervention techniques and supports;
2. Training of personnel in crisis/conflict management and emergency situations which may occur in the school setting, including examples and demonstrations of proper activities and techniques and trainers observing employee use of proper activities and techniques in the training setting;
3. Techniques to utilize to limit the possibility of injury to the student, the employee and any other third party in the area;
4. Information as to the school's student seclusion areas in each respective school building to which the employee is assigned; and
5. Provision of the employee with a copy of this policy.

Designated Locations

Each school building for which students are present must have a building designated location for student seclusion. It is the responsibility of the building's principal, or designee of the principal, to assure that the building's designated seclusion location is a safe and clean location and that such location has appropriate supervision when any student has been placed into seclusion pursuant to this policy. All seclusion will be in compliance with a student's IEP or Section 504 Plan. Appropriate supervision shall include an adult in the seclusion location which has continuous visual observation of the secluded student.

A student may be disciplined, including suspension or expulsion, for non-school conduct which has a direct and immediate effect on the discipline or general welfare of the school. Examples of such conduct would be fighting after school off campus between district students, intimidation or harassment of a student or school employee by a student, conviction of selling or distribution of alcohol or drugs off campus or other criminal activity of a serious nature, and inappropriate behavior at an event in which District #38 students were a participant.

5 related to school or school activities, including but not limited to the circumstances
6 set forth below:

Discipline of Students with Disabilities

**Code of Conduct Violations by Students with Disabilities, Resulting
in Disciplinary Consequences of Ten (10) School Days or Less**

Student commits code of conduct violation for which the disciplinary consequence would result in removal from the student's placement for ten (10) consecutive school days or less.

School personnel may assign the consequence applicable to non-disabled students for a similar period of time, not to exceed ten (10) consecutive school days. *Reg. 300.520(a)(1)(i)*

During the first ten (10) cumulative school days of removal in one (1) school year, the school does not have to provide any services to the student if non-disabled students would not receive services. *Reg. 300.121(d)(1)*.

School personnel may continue to remove the student for disciplinary reasons for up to ten (10) school days at a time throughout the same school year for separate incidents of misconduct, so long as the removals do not constitute a change of placement under *Reg. 300.519(b)* and are those which would be applied to non-disabled students. *Reg. 300.520(a)(1)(i)*.

A series of disciplinary removals, each for ten (10) consecutive school days or less, may result in a change of placement if they cumulate to more than ten (10) school days in one (1) school year. School personnel should analyze the length of each removal, the proximity of the removals to each other, and the total amount of time the child is removed. *Reg. 300.519(b)*. If a removal would result in a change of placement, a manifestation determination review (MDR) must first be done. *Reg. 300.523(a)*.

Beginning with the 11th day of disciplinary removals in a school year, educational services must be provided. *Reg. 300.520(a)(1)(ii); Reg. 300.121(d)(2)(i)(A)*. If the removal does not result in a change of placement, school personnel, in consultation with the student's special education teacher, determine the services to be provided. *Reg. 300.121(d)(3)(i)*.

The educational services to be provided must meet the standard of enabling the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals in the IEP. *Reg. 300.121(d)(2)(i)(A)*.

Beginning with the 11th day of disciplinary removals in a school year, the IEP Team must address behavioral issues. If the removal does not result in a change of placement, the IEP Team must meet within ten (10) business days of first removing the student for more than ten (10) school days in a school year, to develop a plan to conduct a functional behavioral assessment, if one was not conducted before the behavior that resulted in the removal. *Reg. 300.520(b)(1)(i)*.

After the functional behavioral assessment is completed, the IEP Team meets as soon as practicable to develop a behavioral intervention plan to address the behavior and implement the plan. *Reg. 300.520(b)(2)*.

If the student's IEP already includes a behavior intervention plan, within ten (10) business days of first removing the student for more than ten (10) school days in a school year, the IEP Team must meet to review the behavior intervention plan and its implementation, and modify the plan and its implementation as necessary to address the behavior. *Reg. 300.520(b)(1)(ii)*.

If the student is assigned subsequent disciplinary removals in a school year for ten (10) days or less that do not result in a change of placement, the IEP Team members (including the parent) informally review the behavior intervention plan and its implementation to determine if modifications are necessary. *Reg. 300.520(c)(2)*.

If one or more team members believe modifications are needed, the IEP Team must meet to modify the plan and its implementation to the extent the IEP Team deems necessary. *Reg. 300.520(c)(2)*.

**Code of Conduct Violations by Students with Disabilities for Which Recommended
Disciplinary Consequences Would Result in Change of Placement for More
than Ten (10) School Days (Excluding Drug and Weapon Offenses)**

Student violates code of conduct, and the recommended disciplinary consequence would result in a removal from the current educational placement for more than ten (10) consecutive school days (alternate placement, expulsion). This constitutes a change of placement. *Reg. 300.519(a)*.

The recommended disciplinary consequence may be for a removal from the current educational placement for less than ten (10) consecutive school days, but may constitute a change of placement because the student has already been removed for disciplinary reasons for ten (10) or more school days in the current school year, and the length of each removal, their proximity to each other, and the total amount of time the student has been removed result in a change of placement. *Reg. 300.519(b)*.

School personnel may remove from current educational placement for ten (10) school days or less (*Reg. 300.520(a)(1)(i)*), and recommend further discipline according to the code of conduct. (The ten-(10)-day-or-less alternative must be one equally applicable to non-disabled. See pp. 1-2 for educational services to be provided during a short removal.) If a criminal act has been committed, charges may be filed, and law enforcement authorities to whom the crime was reported must be provided special education and disciplinary records to the extent disclosure is permitted by FERPA. *Sec. 1415(k)(9)*, *Reg. 300.529*.

At the time decision is made to take this action, school personnel must notify parent of decision and provide procedural safeguards notice in *Reg. 300.504*. *Sec. 1415(k)(4)(A)(i)*; *Reg. 300.523(a)(1)*.

Within ten (10) business days, IEP Team and other qualified personnel must meet and review relationship between disability and the behavior subject to disciplinary action (manifestation determination review-MDR). *Sec. 1415(k)(4)(A)*; *Reg. 300.523(a)(2),(b)*. If there has been no previous functional behavioral assessment and creation of a behavior intervention plan, the IEP Team must develop an assessment plan. *Reg. 300.520(b)(1)(i)*. As soon as practicable after the assessment, the IEP Team must meet again to develop and implement the behavior intervention plan. *Reg. 300.520(b)(2)*. If the IEP contains a behavior intervention plan, the IEP Team reviews the plan and its implementation and modifies them as necessary to address the behavior. *Reg. 300.520(b)(1)(ii)*.

For the MDR, the IEP Team must look at all information relevant to the behavior subject to discipline, such as evaluation and diagnostic results, including such results and other relevant information from the parent, observation of the student, and the student's IEP and placement. The misbehavior is not a manifestation of the disability, if the IEP Team finds that in relationship to the misbehavior subject to discipline:

- the IEP and placement were appropriate;
- consistent with the content of the student's IEP and placement, special education services, supplementary aids and behavior intervention strategies were actually provided;
- the disability did not impair the ability of the student to understand the impact and consequences of the misbehavior; and
- the disability did not impair the ability of the student to control the misbehavior.

Sec. 1415(k)(4)(C); Reg. 300.523(c).

If the IEP Team determines any of the standards were not met, the misbehavior was a manifestation of the disability, and no punishment may be assessed. *Reg. 300.523(d)*. If IEP Team identified deficiencies in IEP, placement, or implementation, it must take immediate steps to remedy. *Reg. 300.523(f)*.

If the IEP Team determines the misbehavior was not a manifestation of the disability, regular disciplinary consequences may be applied to the student, except that the student must continue to be provided a free appropriate public education. *Sec. 1415(k)(5)(A); Sec. 1412(a)(1)(A). Reg. 300.121(a); Reg. 300.524(a)*. The campus must ensure that special education and disciplinary records are transmitted for consideration by the school district person making the final determination regarding the disciplinary action. *Sec. 1415(k)(5)(B); Reg. 300.524(b)*.

Parent may appeal a finding that the misbehavior was not a manifestation of the disability. The hearing is expedited before a special education hearing officer, who applies the same standards as the IEP Team. *Sec. 1415(k)(6); Reg. 300.525(a),(b)*.

Parent may appeal decision to place student in forty-five-(45)-day interim placement. The hearing is expedited before a special education hearing officer, who applies the standards regarding a dangerous student in *Reg. 300.521. Sec. 1415(k)(6)(B)(ii); Reg. 300.525(b)(2)*.

When a parent requests a hearing in a drug or weapon case to challenge the interim alternative placement or the manifestation determination, student remains in interim placement until decision of hearing officer or forty-five (45) days expires, whichever comes first, unless the parent and school agree otherwise. *Reg. 300.526(a)*. Then student returns to current placement (defined as placement prior to interim alternative educational setting). School can ask for expedited hearing before special education hearing officer to prevent this return, if the student is substantially likely to injure self or others. *Reg. 300.526(b),(c)*. The hearing officer applies the standards in *Reg. 300.121. Reg. 300.526(c)*. Hearing officer can order another placement for up to forty-five (45) days. *Reg. 300.526(c)(3)*. This procedure may be repeated as necessary. *Sec. 1415(k)(7); Reg. 300.526(c)(4)*.

The standard the educational services must meet is to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals in the IEP. *Reg. 300.121(d)(2)(i)(B); Reg. 300.524(a)*. The IEP Team must determine what services are necessary to meet this standard. *Reg. 300.121(d)(3)(ii)*.

Student carries weapon to school, or possesses, uses, sells, or solicits sale of illegal or controlled substance on school property or at a school function.

School personnel may remove from current educational placement for ten (10) school days or less, and recommend further discipline according to the code of conduct. *Sec. 1415(k)(1)(A)(i); Reg. 300.520(a)(1)(i)*. (The ten-(10)-day-or-less alternative must be one equally applicable to non-disabled students. See pp. 1-2 for education services to be provided during a short removal.) If a criminal act has been committed, charges may be filed, and special education and disciplinary records shall be transmitted to law enforcement authorities to whom the crime was reported, to the extent disclosure is permitted by FERPA. *Sec. 1415(k)(9); Reg. 300.529*.

At time decision is made to take this disciplinary action, school personnel must notify parent of decision and provide procedural safeguards notice in *Reg. 300.504. Sec. 1415(k)(4)(A)(i); Reg. 300.523(a)(1)*.

Within ten (10) business days, IEP Team must meet and may extend the removal by placing student in appropriate interim alternative educational setting applicable to non-disabled student for same amount of time non-disabled student would be assigned, but not more than forty-five (45) calendar days. *Sec. 1415(k)(1)(A)(ii) and (3)(A); Reg. 300.520(a)(2); Reg. 300.522(a)*. IEP Team must review the behavior intervention plan, if one exists, and its implementation and modify, as necessary, to address behavior. *Reg. 300.520(b)(1)(ii)*. If there has been no previous functional behavioral assessment and creation of behavior intervention plan, IEP Team must develop assessment plan. *Sec. 1415(k)(1)(B); Reg. 300.520(b)(1)(i)*. As soon as practicable after the assessment, the IEP Team must meet again to develop and implement the behavior intervention plan. *Reg. 300.520(b)(2)*. The IEP Team and other qualified personnel must review the relationship between disability and the behavior subject to disciplinary action (manifestation determination review-MDR). *Sec. 1415(k)(4)(A); Reg. 300.523(a)(2),(b)*.

Illegal drug - controlled substance. Excludes legally used and possessed prescription drugs. *Sec. 1415(k)(10)(B); Reg. 300.520(d)(2)*.

Controlled substance - drug or substance in 21 U.S.C. § 812(c), Schedules I-V. *Sec. 1415(k)(10)(A); Reg. 300.520(d)(1)*.

Weapon - A firearm and more. Something used for or readily capable of causing death or serious bodily injury. Excludes pocket knife with blade of 2½ inches or less. *Sec. 1415(k)(10)(D); Reg. 300.520(d)(3)*.

The forty-five-(45)-day alternative interim placement must:

- enable student to progress in general curriculum, although in another setting;
- enable the student to continue to receive those services and modifications, including those described in the student's IEP, that will enable the student to meet the goals set out in that IEP; and
- include services and modifications designed to address the drug or weapon offense so that it does not recur. *Sec. 1415(k)(3)(B); Reg. 300.522; Reg. 300.121(d)(2)(ii)*.

Comments to regulations: Students may be subject to multiple forty-five-(45)-day interim placements for separate drug and weapon offenses. The forty-five-(45)-day interim placement may be completed even if drug or weapon offense was manifestation of disability. If misbehavior was not a manifestation of disability, regular disciplinary consequence can be applied in addition to forty-five-(45)-day interim placement.

For the MDR, the IEP Team must look at all information relevant to the behavior subject to discipline, such as evaluation and diagnostic results, including such results and other relevant information from the parent, observation of the student, and the student's IEP and placement. The misbehavior is not a manifestation of the disability if the IEP Team finds that, in relationship to the misbehavior subject to discipline:

- the IEP and placement were appropriate;
- consistent with the content of the student's IEP and placement, special education services, supplementary aids and services and behavior intervention strategies were actually provided;
- the disability did not impair the ability of student to understand the impact and consequences of the misbehavior; and
- the disability did not impair the ability of the student to control the misbehavior.

Sec. 1415(k)(4)(C); Reg. 300.523(c).

If the IEP Team determines any of the standards were not met, the misbehavior was a manifestation of the disability, and no punishment may be assessed. *Reg. 300.523(d)*. If IEP Team identifies deficiencies in IEP, placement, or implementation, it must take immediate steps to remedy. *Reg. 300.523(f)*.

- or -

If the IEP Team determines the misbehavior was not a manifestation of the disability, regular disciplinary consequences may be applied to the student, except that the student must continue to be provided a free appropriate public education. *Sec. 1415(k)(5)(A); Sec. 1412(a)(1)(A). Reg. 300.121(a). Reg. 300.524(a)*. The campus must ensure that special education and disciplinary records are transmitted for consideration by the school district person making the final determination regarding the disciplinary action. *Sec. 1415(k)(5)(B); Reg. 300.524(b)*.

Parent may appeal a finding that the misbehavior was not a manifestation of the disability. The hearing is expedited before a special education hearing officer, who applies the same standards as the IEP Team. *Sec. 1415(k)(6); Reg. 300.525(a), (b)*.

If IEP Team finds no manifestation and changes placement to comply with the disciplinary recommendation, parent may appeal the placement decision. The hearing is expedited before a special education hearing officer. *Sec. 1415(k)(6)(A); Reg. 300.525(a)(2)*.

During appeals, stay put applies. *Reg. 300.524(c)*. If child is substantially likely to injure self or others in the current placement, the school can request an expedited hearing and request the hearing officer to remove to an interim alternative educational placement for up to forty-five (45) days. Standards to be met are those in *Sec. 1415(k)(2)* and *Reg. 300.521*.

The standard the education services must meet is to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals in the IEP. *Reg. 300.121(d)(2)(i)(B); Reg. 300.524(a)*. The IEP Team must determine what services are necessary to meet this standard. *Reg. 300.121(d)(3)(ii)*.

Students Dangerous to Self or Others

IDEA discipline procedures are followed for a non-drug or weapon or offense, the penalty for which would result in expulsion or removal from the student's placement for more than ten (10) school days.

IEP Team meets, determines no manifestation and recommends discipline proceed. Parent disagrees and requests a due-process hearing. Stay put applies, and child stays in the current placement, unless school acts to change the placement. *Reg. 300.524.*

School requests hearing officer to change the placement during the pendency of the hearing, because of the likelihood of injury to self or others. *Sec. 1415(k)(2); Reg. 300.521.*

Hearing officer holds expedited hearing to consider request. School has burden of proof to show by more than a preponderance of the evidence that maintaining the child in the current placement is substantially likely to result in injury to self or others. *Sec. 1415(k)(2)(A), (10)(D); Reg. 300.521(a).* Hearing officer must also:

- consider the appropriateness of the current placement.
- consider whether the school has made reasonable effort to minimize the risk of harm in the current placement, including the use of supplemental aids and services.
- determine that the interim alternative setting proposed by the school personnel, in consultation with special education teacher
 - enables the student to participate in the general curriculum, although in another setting;
 - enables the student to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in the IEP; and
 - include services and modification designed to address the behavior so that it does not recur.

Sec. 1415(k)(2); Reg. 300.521(b),(c),(d); Reg. 300.522(b); Reg. 300.121(d)(2)(ii)(B).

If parent appeals forty-five-(45)-day interim alternative placement by IEP Team in drug or weapon case, hearing officer applies these standards in expedited hearing. *Sec. 1415(k)(6)(B)(ii); Reg. 300.525(b)(2).*

If all requirements are met, hearing officer may order a change of placement to the interim alternative educational setting for up to forty-five (45) days. *Sec. 1415(k)(2); Reg. 300.521.*

Student returns to his or her current placement (the placement prior to the interim alternative educational setting) at end of forty-five (45) days, if no decision has been issued by hearing officer in pending due-process hearing. If school believes it would be dangerous for student to return to current placement while hearing is still pending, school may request another expedited hearing to again place student in forty-five-(45)-day interim placement while hearing continues to be pending. *Reg. 300.526(b), (c)(4).* Hearing officer holds same type of hearing initially held when hearing officer ordered first forty-five-(45)-day interim placement. *Sec. 1415(k)(7); Reg. 300.526.* Any subsequent forty-five-(45)-day interim setting must meet the standards in *Reg. 300.522.*

FIREARMS AND WEAPONS

Firearms

For the purposes of the firearms section of this policy, the term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device pursuant to 18 U.S.C. 921 (4). Such term does not include an antique firearm pursuant to 18 U.S.C. 921 (16).

It is the policy of the Bigfork School District #38 to comply with the federal Gun Free Schools Act of 1994 and state law 20-5-202 (2), MCA, pertaining to students who bring a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district. In accordance with 20-5-202 (3), MCA, a teacher, superintendent, or a principal shall suspend immediately for good cause a student who is determined to have brought a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district. In accordance with Montana law, a student who is determined to have brought a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district must be expelled from school for a period of not less than 1 year.

However, on a case-by-case basis, the Board of Trustees will convene a hearing to review the underlying circumstances and, in the discretion of the Board, may authorize the school administration to modify the requirement for expulsion of a student.

A decision to change the placement of a student with a disability who has been expelled pursuant to this section must be made in accordance with the Individuals with Disabilities Education Act.

Possession of Weapons other than Firearms

The District does not allow weapons on school property. Any student found to have possessed, used or transferred a weapon on school property will be subject to discipline in accordance with the District’s discipline policy. For purposes of this section, “weapon” means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury, including but not limited to air guns; pellet guns; BB guns; fake (facsimile) weapons; all knives; blades; clubs; metal knuckles; numchucks (also known as nunchucks); throwing stars; explosives; fireworks; mace or other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon.

No person shall possess, use, or distribute any object, device, or instrument having the appearance of a weapon, and such objects, devices, or instruments shall be treated as weapons, including but not limited to weapons listed above which are broken or non-functional, look-alike

guns; toy guns; and any object that is a facsimile of a real weapon. No person shall use articles designed for other purposes (i.e., lasers or laser pointers, belts, combs, pencils, files, scissors, etc.) to inflict bodily harm and/or intimidate, and such use will be treated as the possession and use of a weapon.

The District will refer to law enforcement for immediate prosecution any person who possesses, carries, or stores a weapon **in a school building**, and the District may take disciplinary action as well in the case of a student. In addition the District will refer for possible prosecution a parent or guardian of any minor violating this policy on grounds of allowing a minor to possess, carry, or store a weapon in a school building. (45-8-361 (1) (2))

For the purposes of this section only, “school building” means all buildings owned or leased by a local school district that are used for instruction or for student activities. (45-8-361 (5a))

The Board or the Superintendent may grant persons and entities advance permission to possess, carry, or store a weapon in a school building. All persons who wish to possess, carry, or store a weapon in a school building must request permission of the Board or the Superintendent at a regular meeting. This policy does not apply to law enforcement officers acting in his or her official capacity.
(45-8-361 (3a))

The trustees shall periodically review this policy and update this policy as determined necessary by the trustees based on changing circumstances pertaining to school safety.

FIREARMS AND WEAPONS

Note: Section (g) of the NCLB Section 4141 – Gun Free Requirements, carves out a very significant exception to the Gun Free Schools Act in that it allows a student to have “a firearm that is lawfully stored inside a locked vehicle on school property. . .” Montana law (20-5-202, MCA), on the other hand, does not provide for any exception to the expulsion requirement if a student has a firearm that is lawfully stored inside a locked vehicle on school property. The only reference to federal law in 20-5-202(2), MCA is the federal definition of a firearm. As you well know 20-5-202(2), MCA provides that:

(2) The trustees of a district shall adopt a policy for the expulsion of a student who is determined to have brought a firearm, as defined in 18 U.S.C. 921, to school and for referring the matter to the appropriate local law enforcement agency. A student who is determined to have brought a firearm to school under this subsection must be expelled from school for a period of not less than 1 year, except that the trustees may authorize the school administration to modify the requirement for expulsion of a student on a case-by-case basis.

So, Montana schools are required, by state law, to expel a student from school for a period of not less than 1 year if it is determined that the student brought a firearm to school, subject to the case-by-case exception noted in the statute. Based upon the exception noted in federal law and in circumstances where a student is found to have a firearm on school property in a locked vehicle, Montana schools should be citing state law (20-5-202, MCA) and district policy to support any recommendation for expulsion.

*There is one significant inconsistency between the Federal Gun Free Schools Act and Montana is that under federal law it provides that “State law **shall** allow the chief administering officer of a local educational agency to modify such expulsion requirement for a student on a case-by-case basis if such modification is in writing,” whereas 20-5-202(2), MCA, provides that the trustees **may** authorize the school administration to modify the requirement for expulsion of a student on a case-by-case basis.*

Chemical Use and Dependency

The Bigfork School District recognizes that student use of mood altering chemicals and chemical dependency impairs a student's personal, social and academic development and negatively affects family relationships. In order to establish a safe and healthy academic environment, the District is committed to the development of a substance abuse prevention program that emphasizes prevention, intervention, aftercare support and disciplinary consequences. The District will work with the community to positively address the problem and will be responsible for the development of this program within existing legal, financial and policy restraints.

The Bigfork School District prohibits the use, possession, being under the influence, and distribution or attempted distribution of drugs, or substances implied to be drugs, or alcohol on any school district property or any school district sanctioned/sponsored activity including district authorized transportation. The non-medical use, possession or distribution of over the counter or prescription drugs on school property or at school sanctioned/sponsored activities is also prohibited. Non-medical is defined as a purpose other than the prevention, treatment, or care of an illness or disabling condition. The possession or distribution of drug paraphernalia of any type is also prohibited.

Students attending school in the District who are in violation of the provisions of this policy shall be subject to disciplinary actions in accordance with the provisions of school rules and/or regulations including, but not limited to, reprimand, suspension and expulsion.

Students in violation of the provisions of this policy shall be subject to removal from school property and shall be subject to prosecution in accordance with the law.

For purposes of this policy, "drugs" shall include, but not be limited to:

- All dangerous controlled substances prohibited by law.
- All alcoholic beverages.
- Any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy.
- Hallucinogenic substances.
- Inhalants, in any form.
- Any "look alike" drug or substance implied to be a drug.

Chemical Use and Dependency

Actions taken by staff in dealing with student use/abuse with controlled substances, dangerous drugs, or alcohol will have as their first concern the welfare of the student involved and the other students in the school. Necessary and appropriate disciplinary action, consistent with state and federal law, will be taken when the guidelines of conduct regarding alcohol and other drugs are violated. Disciplinary sanctions may also include the completion of a chemical abuse assessment or the completion of a rehabilitation program. The District can not be held financially responsible for any such sanctions.

Prevention

The prevention program shall focus on education/prevention programs utilizing classroom instruction, and guidance services, and outside experts as resources.

The school will require participation in education/prevention programs that increase the awareness of the effects of chemical abuse. Student support groups shall assist those students concerned about their own use, those living in families suffering from abuse or dependency, and those concerned about the use of chemicals by significant others.

Instruction

This dimension of the prevention program shall focus on:

- a. The effect of alcohol and drugs upon the body.
- b. Skill development related to self-esteem, goal setting, decision making, conflict management, problem solving, refusal and communication skills, and techniques for resisting peer pressure.
- c. The legal, social, and health consequences of alcohol and drug use.

Guidance Services

Staff shall meet with students, individually and in small groups, to supplement drug and alcohol prevention instruction and skill development. Staff will also assist parents to maximize the prevention efforts of the school.

Intervention

The goal of the intervention program shall be to eliminate chemical use and abuse by students. Ongoing in-service will be provided for faculty and staff. Important aspects of in-service training will include dimensions of the family illness and dynamics of the addiction process; enabling behaviors; children in chemically dependent families; student experimentation; abuse and dependency; parental involvement and community resources; prevention issues and strategies; intervention techniques; treatment and aftercare support; and implementation of the program into the classroom/building. Students who voluntarily request help with an alcohol or drug problem will receive the full cooperation of School District #38 as long as school policy or state statute has not been violated.

Corrective Action

Possession, being under the influence, use, selling, buying, or giving away of alcoholic beverages, illegal drugs (chemicals), drug paraphernalia, substances which are implied by the person in possession to be illegal chemicals, or the abuse of any chemical substance, is strictly prohibited on School District #38 property or as part of any School District #38 sanctioned/sponsored activity (those activities which are school sponsored and/or the student attends as a representative of School District #38 regardless of the location).

Students in violation of Bigfork School District #38 policy 3335 are to be reported immediately to the building principal. The principal shall investigate and take appropriate action. The Superintendent will be given written follow-up reports outlining infractions and the action taken.

Students who are alleged to have violated this policy will be subject to an administrative investigation. If the evidence supports the allegation, the student will be subject to the following:

1. Parent(s) or guardian(s) will be notified.
2. Immediate suspension from school, Level III (pending School Board Action)
3. Remanded to the appropriate law enforcement agency
4. Recommended for expulsion for a minimum of 90 school days
5. Readmitted only after an alcohol/drug evaluation (at parent's expense) and proof of complying with the recommendations of the evaluation to the principal's satisfaction
6. Students who are readmitted will be on conditional status;
7. A second violation will result in a recommendation for permanent expulsion.

Appropriate school disciplinary action will be taken by the school administrator regardless of law enforcement action.

The student will be afforded all rights of due process as provided by law.

These rules are in effect twenty-four (24) hours a day. If a student receives an MIP, or is seen using tobacco, alcohol, or illicit drugs, the student will forfeit the privilege of participating in accordance with the activities and student handbooks.

Policy Coverage

Policy Duration

This policy is in effect each school year from the date of the first practice for fall activities until the last day of school or activities, whichever is later. Violations are cumulative, through the student's period of attendance in grades 7-8 and in grades 9-12. The Administration shall publish the participation rules annually in the activities and student handbooks.

Student and Parent/Legal Guardian Due Process

If a determination is made that a student has violated this policy, the student and parent or guardian shall be notified of the violation by telephone where possible, and also by mail. Also at this time, the student and parent or guardian shall be notified of the type of discipline that will be administered.

APPEAL PROCESS: Any parent or legal guardian and student who is aggrieved by the imposition of discipline shall have the right to an informal conference with the principal, for the purpose of resolving the grievance. At such a conference, the student and the parent shall be subject to questioning by the principal, and shall be entitled to question staff involved in the matter being grieved.

Student Health/Physical Screenings/Examinations

The Board may arrange each year for health services to be provided to all students. Such services may include, but not be limited to:

- I. The development of procedures at each building for the isolation and temporary care of students who become ill during the school day.
2. Consulting services of a qualified specialist for staff, students, and parents.
3. Vision and hearing screening.
4. Scoliosis screening.
5. Immunization as provided by the Department of Health and Human Services.

The District will not conduct physical examinations of a student without parental consent to do so or by court order, unless the health or safety of the student or others is in question. Further, parents will be notified of the specific or approximate dates during the school year when any non-emergency, routine physical examination or screening administered by the District is to be conducted which are:

- I. Required as a condition of attendance.
- I. Administered by the school and scheduled by the school in advance.
- I. Not necessary to protect the immediate health and safety of the student or other students.

Parents or eligible students will be given the opportunity to opt out of the above-described non-emergency, invasive physical examination or screening. Parents/guardians will receive a written notice of any screening result which indicates a condition that might interfere or tend to interfere with a student's progress. Physical examinations will only be performed by a medical doctor or registered nurse licensed in the state of Montana. Emergency or urgent care examinations may be performed by licensed emergency medical technicians.

Students who wish to participate in certain extracurricular activities may be required to submit to a physical examination to verify their ability to participate in the activity. Students participating in activities governed by the Montana High School Association will be required to follow the rules of that organization, as well as other applicable District policies, rules, and regulations.

All parents will be notified of the requirements of the District's policy on physical examinations and screening of students, at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.

Student Immunization

The Board requires all students to present evidence of their having been immunized against the following diseases: diphtheria, pertussis (whooping cough), poliomyelitis, measles (rubeola), mumps, rubella, and tetanus. Pertussis immunization is not required for students who are seven (7) years or older.

Upon initial enrollment, an immunization status form shall be completed by the student's parent or guardian. The certificate shall be made a part of the student's permanent record.

A pupil who transfers into the District may photocopy immunization records in the possession of the school of origin. The District will accept the photocopy as evidence of immunization. Within thirty (30) days after a transferring pupil ceases attendance at the school of origin, the District must receive the original immunization records for the pupil who transfers into the District.

Exemptions from one or more vaccines shall be granted for medical reasons upon certification by a physician indicating the specific nature and probable duration of the medical condition for not administering the vaccine(s). Exemptions for religious reasons must be filed annually. The statement for an exemption shall be maintained as part of the student's immunization record. The permanent file of students with exemptions shall be marked for easy identification should the Department of Health order that exempted students be excluded from school temporarily when the risk of contracting or transmitting a disease exists. Exclusion shall not exceed thirty (30) calendar days.

The Superintendent may allow the commencement of attendance in school by a student who has not been immunized against each disease listed in § 20-5-403, MCA, if that student has received one or more doses of polio, measles (rubeola), mumps, rubella, diphtheria, pertussis, and tetanus vaccine.

The District shall exclude a student for noncompliance with the immunization laws and properly notify the parent or guardian. The local health department may seek an injunction requiring the parent to submit an immunization status form, take action to fully immunize the student, or file an exemption for personal or medical reasons.

5 Management of Sports Related Concussions

6
7 The Bigfork School District #38 recognizes that concussions and head injuries are commonly reported
8 injuries in children and adolescents who participate in sports and other recreational activities. The Board
9 acknowledges the risk of catastrophic injuries or death is significant when a concussion or head injury is
10 not properly evaluated and managed. Therefore, all K-12 competitive sport athletic activities in the
11 District will be identified by the administration.

12 Consistent with guidelines provided by the U.S. Department of Health and Human Services, Centers for
13 Disease Control and Prevention, the National Federation of High School (NFHS) and the Montana High
14 School Association (MHSA), the District will utilize procedures developed by the MHSA and other
15 pertinent information to inform and educate coaches, athletic trainers, officials, youth athletes, and their
16 parents and/or guardians of the nature and risk of concussions or head injuries, including the dangers
17 associated with continuing to play after a concussion or head injury. Resources are available on the
18 Montana High School Association Sports Medicine page at www.mhsa.org; U.S. Department of Health
19 and Human Services page at: www.hhs.gov; and; the Centers for Disease and Prevention page at
20 www.cdc.gov/concussion/sports.index.html.

21
22 Annually, the district will distribute a head injury and concussion information and sign-off sheet to all
23 parents and guardians of student-athletes in competitive sport activities prior to the student-athlete's initial
24 practice or competition.

25 All coaches, athletic trainers, officials, including volunteers participating in organized youth athletic
26 activities, shall complete the training program at least once each school year as required in the District
27 procedure. Additionally, all coaches, athletic trainers, officials, including volunteers participating in
28 organized youth athletic activities will comply with all procedures for the management of head injuries
29 and concussions.

Student-Athlete & Parent/Legal Guardian Concussion Statement

Because of the passage of the Dylan Steigers' Protection of Youth Athletes Act, schools are required to distribute information sheets for the purpose of informing and educating student-athletes and their parents of the nature and risk of concussion and head injury to student athletes, including the risks of continuing to play after concussion or head injury. Montana law requires that each year, before beginning practice for an organized activity, a student-athlete and the student-athlete's parent(s)/legal guardian(s) must be given an information sheet, and both parties must sign and return a form acknowledging receipt of the information to an official designated by the school or school district prior to the student-athletes participation during the designated school year. The law further states that a student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from play at the time of injury and may not return to play until the student-athlete has received a written clearance from a licensed health care provider.

Student-Athlete Name: _____

This form must be completed for each student-athlete, even if there are multiple student-athletes in each household.

	A concussion is a brain injury, which should be reported to my parents, my coach(es), or a medical professional if one is available.	
	A concussion can affect the ability to perform everyday activities such as the ability to think, balance, and classroom performance.	
	A concussion cannot be "seen." Some symptoms might be present right away. Other symptoms can show up hours or days after an injury.	
	I will tell my parents, my coach, and/or a medical professional about my injuries and illnesses.	N/A
	If I think a teammate has a concussion, I should tell my coach(es), parents, or licensed health care professional about the concussion.	N/A
	I will not return to play in a game or practice if a hit to my head or body causes any concussion-related symptoms.	N/A
	I will/my child will need written permission from a licensed health care professional to return to play or practice after a concussion.	
	After a concussion, the brain needs time to heal. I understand that I am/my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away.

A FACT SHEET FOR ATHLETES

WHAT IS A CONCUSSION?

A concussion is a brain injury that:

- Is caused by a bump or blow to the head
- Can change the way your brain normally works
- Can occur during practices or games in any sport
- Can happen even if you haven't been knocked out
- Can be serious even if you've just been "dinged"

WHAT ARE THE SYMPTOMS OF A CONCUSSION?

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not "feel right"

WHAT SHOULD I DO IF I THINK I HAVE A CONCUSSION?

- **Tell your coaches and your parents.** Never ignore a bump or blow to the head even if you feel fine. Also, tell your coach if one of your teammates might have a concussion.

- **Get a medical checkup.** A doctor or health care professional can tell you if you have a concussion and when you are OK to return to play.
- **Give yourself time to get better.** If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

HOW CAN I PREVENT A CONCUSSION?

Every sport is different, but there are steps you can take to protect yourself.

- Follow your coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.
- Use the proper sports equipment, including personal protective equipment (such as helmets, padding, shin guards, and eye and mouth guards). In order for equipment to protect you, it must be:

- > The right equipment for the game, position, or activity
- > Worn correctly and fit well
- > Used every time you play

Remember, when in doubt, sit them out!

A FACT SHEET FOR PARENTS

WHAT IS A CONCUSSION?

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

You can’t see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily • Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can’t recall events prior to hit or fall
- Can’t recall events after hit or fall

Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not “feel right”

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION?

Every sport is different, but there are steps your children can take to protect themselves from concussion.

- Ensure that they follow their coach’s rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity (such as helmets, padding, shin guards, and eye and mouth guards). Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

1. Seek medical attention right away. A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports.

2. Keep your child out of play. Concussions take time to heal. Don’t let your child return to play until a health care professional says it’s OK. Children who return to play too soon—while the brain is still healing—risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

3. Tell your child’s coach about any recent concussion. Coaches should know if your child had a recent concussion in ANY sport. Your child’s coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

Remember, when in doubt, sit them out!
It's better to miss one game than the whole season.

Be Prepared

A concussion is a type of traumatic brain injury, or TBI, caused by a bump, blow, or jolt to the head that can change the way your brain normally works. Concussions can also occur from a blow to the body that causes the head to move rapidly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be mild bump or blow to the head can be serious. Concussions can occur in any sport or recreation activity. So, all coaches, parents, and athletes need to learn concussion signs and symptoms and what to do if a concussion occurs.

5 Management of Sports Related Concussions

6
7 A. Athletic Director or Administrator in Charge of Athletic Duties:

- 8 1. *Updating*: Each spring, the athletic director, or the administrator in charge of athletics if there is
9 no athletic director, shall review any changes that have been made in procedures required for
10 concussion and head injury management or other serious injury by consulting with the MHSA or
11 the MHSA Web site, U.S. DPHHS, and CDCP web site. If there are any updated procedures, they
12 will be adopted and used for the upcoming school year.
- 13 2. *Identified Sports*: Identified sports include all organized youth athletic activity sponsored by the
14 school or school district.

15 B. *Training*: All coaches, athletic trainers, and officials, including volunteers shall undergo training in
16 head injury and concussion management at least once each school year by one of the following
17 means: (1) through viewing the MHSA sport-specific rules clinic; (2) through viewing the MHSA
18 concussion clinic found on the MHSA Sports Medicine page at www.mhsa.org; or by the district
19 inviting the participation of appropriate advocacy groups and appropriate sports governing bodies to
20 facilitate the training requirements.

21 C. *Parent Information Sheet*: On a yearly basis, a concussion and head injury information sheet shall be
22 distributed to the student-athlete and the athlete's parent and/or guardian prior to the student-athlete's
23 initial practice or competition. This information sheet may be incorporated into the parent permission
24 sheet which allows students to participate in extracurricular athletics and should include resources
25 found on the MHSA Sports Medicine page at www.mhsa.org, U.S. DPHHS, and CDCP websites.

26 D. *Responsibility*: An athletic trainer, coach, or official shall immediately remove from play, practice,
27 tryouts, training exercises, preparation for an athletic game, or sport camp a student-athlete who is
28 suspected of sustaining a concussion or head injury or other serious injury.

29 E. *Return to Play After Concussion or Head Injury*: In accordance with MHSA Return to Play Rules and
30 Regulations and The Dylan Steigers Protection of Youth Athletes Act a student athlete who has been
31 removed from play, practice, tryouts, training exercises, preparation for an athletic game, or sport
32 camp may not return until the athlete is cleared by a licensed health care professional (registered,
33 licensed, certified, or otherwise statutorily recognized health care professional). The health care
34 provider may be a volunteer.

6 Administering Medication to Students

7
8 “Medication” means prescribed drugs and medical devices that are controlled by the U.S. Food and Drug
9 Administration and are ordered by a healthcare provider. It includes over-the-counter medications
10 prescribed through a standing order by the school physician or prescribed by the student’s healthcare
11 provider.
12

13 Except in an emergency situation, only a qualified healthcare professional may administer a drug or a
14 prescription drug to a student under this policy. Diagnosis and treatment of illness and the prescribing of
15 drugs are never the responsibility of a school employee and should not be practiced by any school
16 personnel.
17

18 Administering Medication

19
20 The Board shall permit administration of medication to students in schools in its jurisdiction. A school
21 nurse or other employee who has successfully completed specific training in administration of
22 medication, pursuant to written authorization of a physician or dentist and that of a parent, an individual
23 who has executed a caretaker relative educational authorization affidavit, or guardian, may administer
24 medication to any student in the school or may delegate this task pursuant to Montana law.
25

26 Emergency Administration of Medication

27
28 In the event of an emergency, a school nurse or trained staff member, exempt from the nursing license
29 requirement under § 37-8-103(1)(c), MCA, may administer emergency medication to any student in need
30 thereof on school grounds, in a school building, at a school function, or on a school bus according to a
31 standing order of an authorized physician or a student’s private physician. In the event that emergency
32 medication is administered to a student, the school nurse or staff member shall call emergency responders
33 and notify the student’s parents/guardians. A building administrator or school nurse shall enter any
34 medication to be administered in an emergency on an individual student medication record and retain the
35 documentation.
36

37 Assisting Students with Self-Administration of Medication

38
39 A building principal or other school administrator may authorize, in writing, any school employee:

40
41 To assist in self-administration of any drug that may lawfully be sold over the counter without a
42 prescription to a student in compliance with the written instructions and with the written consent of a
43 student’s parent or guardian; and
44

45 To assist in self-administration of a prescription drug to a student in compliance with written instructions
46 or standing order of an authorized physician or a student’s private physician and with the written consent
47 of a student’s parent or guardian.
48

49 A school employee authorized, in writing, assist students with self-administration of medications, may
50 only rely on the following techniques:
51

- Making oral suggestions, prompting, reminding, gesturing, or providing a written guide for self-administering medications;
- Handing to a student a prefilled, labeled medication holder or a labeled unit dose container, syringe, or original marked and labeled container from a pharmacy;
- Opening the lid of a container for a student;
- Guiding the hand of a student to self-administer a medication;
- Holding and assisting a student in drinking fluid to assist in the swallowing of oral medications; and
- Assisting with removal of a medication from a container for a student with a physical disability that prevents independence in the act.
- Other guidance or restrictions previously provided in writing to the school by a student's parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian is on file.

Self-Administration or Possession of Asthma, Severe Allergy, or Anaphylaxis Medication

Students with allergies or asthma may be authorized by the building principal or Superintendent, in consultation with medical personnel, to possess and self-administer emergency medication during the school day, during field trips, school-sponsored events, or while on a school bus. The student shall be authorized to possess and self-administer medication if the following conditions have been met:

- A written and signed authorization from the parents, an individual who has executed a caretaker relative educational authorization affidavit, or guardians for self-administration of medication, acknowledging that the District or its employees are not liable for injury that results from the student self-administering the medication.
- The student shall have the prior written approval of his/her primary healthcare provider. The written notice from the student's primary care provider shall specify the name and purpose of the medication, the prescribed dosage, frequency with which it may be administered, and the circumstances that may warrant its use.
- Documentation that the student has demonstrated to the healthcare practitioner and the school nurse, if available, the skill level necessary to use and administer the medication.
- Documentation of a doctor-formulated written treatment plan for managing asthma, severe allergies, or anaphylaxis episodes of the student and for medication use by the student during school hours.

Authorization granted to a student to possess and self-administer medication shall be valid for the current school year only and shall be renewed annually. A student's authorization to possess and self-administer medication may be limited or revoked by the building principal or other administrative personnel.

If provided by the parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, and in accordance with documentation provided by the student's doctor, backup medication shall be kept at a student's school in a predetermined location or locations to which the student has access in the event of an asthma, severe allergy, or anaphylaxis emergency.

Immediately after using epinephrine during school hours, a student shall report to the school nurse or other adult at the school who shall provide follow up care, including making a call to emergency responders.

2
3
4 Self-Administration of Other Medication
5

6 The District shall permit students who are able to self-administer specific medication to do so provided
7 that all of the following have occurred:

- 8
9
- 10 ● A physician, dentist, or other licensed health care provider provides a written order for self-
11 administration of said medication;
 - 12 ● Written authorization for self-administration of medication from a student's parent, an individual
13 who has executed a caretaker relative educational authorization affidavit, or guardian is on file;
14 and
 - 15 ● A principal and appropriate teachers are informed that a student is self-administering prescribed
16 medication.

17 Administration of Glucagons
18

19 School employees may voluntarily agree to administer glucagons to a student pursuant to § 20-5-412,
20 MCA, only under the following conditions: (1) the employee may administer glucagon to a diabetic
21 student only in an emergency situation; (2) the employee has filed the necessary designation and

23 has filed the necessary written documentation of training with the District, as required by § 20-5-412(4),
24 MCA. Designation of staff is to be made by a parent, and individual who has executed a caretaker relative
25 authorization affidavit, or guardian of a diabetic student, and school employees are under no obligation to
26 agree to designation. Glucagon is to be provided by the parent or guardian. All documentation shall be
27 kept on file.
28

29 Handling and Storage of Medications
30

31 The Board requires that all medications, including those approved for keeping by students for self-
32 medication, be first delivered by a parent, an individual who has executed a caretaker relative educational
33 authorization affidavit, or other responsible adult to a nurse or employee assisting with self-administration
34 of medication. A nurse or assistant:
35

- 36
- 37 ● Shall examine any new medication to ensure it is properly labeled with dates, name of student,
38 medication name, dosage, and physician's name;
 - 39 ● Shall develop a medication administration plan, if administration is necessary for a student,
40 before any medication is given by school personnel;
 - 41 ● Shall record on the student's individual medication record the date a medication is
42 delivered and the amount of medication received;
 - 43 ● Shall store medication requiring refrigeration at 36° to 46° F;
 - 44 ● Shall store prescribed medicinal preparations in a securely locked storage compartment; and
 - 45 ● Shall store controlled substances in a separate compartment, secured and locked at all times.
 - 46 ● All non-emergency medication shall be kept in a locked, nonportable container, stored in its
47 original container with the original prescription label. Epinephrine, naloxone, and student
48 emergency medication may be kept in portable containers and transported by the school nurse or
49 other authorized school personnel.
 - 50 ● Food is not allowed to be stored in refrigeration unit with medications.
 - 51 ● Shall notify the building administrator, school district nurse, and parent or guardian of any
medication error and document it on the medication administration record.

1
2
3
4 The District shall permit only a forty-five-(45)-school-day supply of a medication for a student to be
5 stored at a school; and all medications, prescription and nonprescription, shall be stored in their original
6 containers.

7
8 The District shall limit access to all stored medication to those persons authorized to administer
9 medications or to assist in the self-administration of medications. The District requires every school to
10 maintain a current list of those persons authorized by delegation from a licensed nurse to administer
11 medications.

12
13 The District may maintain a stock supply of auto-injectable epinephrine to be administered by a school
14 nurse or other authorized personnel to any student or nonstudent as needed for actual or
15 perceived anaphylaxis. If the district intends to obtain an order for emergency use of epinephrine in a
16 school setting or at related activities, the district shall adhere to the requirements stated in law.

17
18 The District may maintain a stock supply of an opioid antagonist to be administered by a school nurse or
19 other authorized personnel to any student or nonstudent as needed for an actual or perceived opioid
20 overdose. A school that intends to obtain an order for emergency use of an opioid antagonist in a school
21 setting or at related activities shall adhere to the requirements in law.

22
23 Disposal of Medication, Medical Equipment, Personal Protective Equipment

27 individual who has executed a caretaker relative educational authorization affidavit, or guardian, to
28 destroy any unused, discontinued, or obsolete medication. A school nurse, in the presence of a witness,
29 shall destroy any medicine not repossessed by a parent or guardian within a seven-(7)-day period of
30 notification by school authorities.

31
32 Medical sharps shall be disposed of in an approved sharps container. Building administrators should
33 contact the school nurse or designated employee when such a container is needed. Sharps containers are
34 to be kept in a secure location in the school building. Disposal of sharps container, medical equipment,
35 and personal protective equipment is the responsibility of the school nurse or designated employee in
36 accordance with the Montana Infectious Waste Management Act and the manufacture guidelines specific

Communicable Diseases

The District is required to provide educational services to all school-age children who reside within its boundaries. Attendance at school may be denied to any child diagnosed as having a communicable disease which could make the child's attendance harmful to the welfare of other students. In the instance of diseases causing suppressed immunity, attendance may be denied to a child with suppressed immunity in order to protect the welfare of the child with suppressed immunity when others in the school have an infectious disease which, although not normally life threatening, could be life threatening to the child with suppressed immunity.

The Board recognizes that communicable diseases which may afflict students range from common childhood diseases, acute and short-term in nature, to chronic, life-threatening diseases such as human immunodeficiency virus (HIV) infection. The District shall rely on the advice of the public health and medical communities in assessing the risk of transmission of various communicable diseases to determine how best to protect the health of both students and staff.

Management of common communicable diseases will be in accordance with Montana Department of Health guidelines and communicable diseases control rules. A student who exhibits symptoms of a communicable disease which is readily transmitted in the school setting may be temporarily excluded from school attendance.

Students who complain of illness at school may be referred to the school nurse or other responsible person designated by the Board and may be sent home as soon as the parent or person designated on the student's emergency medical authorization form has been notified.

The District reserves the right to require a statement from the student's primary care provider authorizing the student's return to school. In all proceedings related to this policy, the District shall respect the student's right to privacy.

When information is received by a staff member or volunteer that a student is afflicted with a serious communicable disease, the staff member or volunteer shall promptly notify the school nurse or other responsible person designated by the Board to determine appropriate measures to protect student and staff health and safety. The school nurse or other responsible person designated by the Board, after consultation with and on the advice of public health officials, shall

determine which additional staff members, if any, have need to know of the affected student's condition.

Only those persons with direct responsibility for the care of the student or for determining appropriate educational accommodation will be informed of the specific nature of the condition, if it is determined there is a need for such individuals to know this information.

Parents of other children attending the school may be notified that their child has been exposed to a communicable disease without identifying the particular student who has the disease.

Note: For purposes of this policy, the term "communicable disease" refers to the diseases identified in 16.28.202, ARM, Reportable Diseases, with the exception of common colds and flu.

Emergency Treatment

The Board recognizes that schools are responsible for providing first aid or emergency treatment in case of sudden illness or injury to a student, but that further medical attention is the responsibility of the parent or guardian.

Each parent or guardian must provide an emergency telephone number where the parent or designee of the parent can be reached.

When a student is injured, staff shall provide immediate care and attention until relieved by a superior, a nurse, emergency medical service personnel, or a doctor. The principal or designated staff member should immediately contact the parent so that the parent can arrange for care or treatment of the injured student.

If a child develops symptoms of illness while at school, the responsible school officials shall do the following:

- Isolate the child immediately from other children in a room or area segregated for that purpose.
- Inform the parent or guardian as soon as possible about the illness and request him or her to pick up the child.
- Report each case of suspected communicable disease the same day by telephone to the local health authority, or as soon as possible thereafter if no contact can be made the same day.

In the event that the parent cannot be reached, and if in the judgment of the principal or person in charge immediate medical attention is required, emergency medical services may be called, or the injured student may be taken directly to the hospital for treatment. When the parent is located, he/she may elect to continue the treatment or make other arrangements.

Removal of Student During School Day

Schools must exercise a high order of responsibility for the care of students while in school. The removal of a student during the school day may be authorized in accordance with the following procedures:

1. Law enforcement officers, upon proper identification, may remove a student from school as provided in Policies 4410 and 4411.
2. Any other agencies must have a written administrative or court order directing the District to give custody to them. However, employees of the Department of Family Services may take custody of a student under provisions of § 41-3-301, MCA, without a court order. Proper identification is required before the student shall be released.
3. A student shall be released to the custodial parent. When in doubt as to custodial rights, school enrollment records must be relied upon, as the parents (or guardians) have the burden of furnishing schools with accurate, up-to-date information.
4. The school should always check with the custodial parent before releasing the student to a non-custodial parent.
5. Prior written authorization from the custodial parent or guardian is required before releasing a student into someone else's custody, unless an emergency situation justifies a waiver.
6. Police should be called if a visitor becomes disruptive or abusive.

Student Fund Raising Activities

The Board acknowledges that the solicitations of funds from students, staff and citizens must be limited since students are a captive audience and since solicitation can disrupt the program of the schools. Solicitation and collection of money by students for any purpose including the collection of money by students for any purpose including the collection of money in exchange for tickets, papers, magazine subscriptions, or for any other goods or services for the benefit of an approved school organization may be permitted by the Superintendent providing that the instructional program is not adversely affected.

Student Records

Maintenance of School Student Records

The District maintains two (2) sets of school records for each student – a permanent record and a cumulative record.

The permanent record will include:

- Basic identifying information
- Academic work completed (transcripts)
- Level of achievement (grades, standardized achievement tests)
- Immunization records (per § 20-5-406, MCA)
- Attendance record
- Record of any disciplinary action taken against the student, which is educationally related

Each student's permanent file, as defined by the board of public education, must be permanently kept in a secure location.

The cumulative record may include:

- Intelligence and aptitude scores
- Psychological reports
- Participation in extracurricular activities
- Honors and awards
- Teacher anecdotal records
- Verified reports or information from non-educational persons
- Verified information of clear relevance to the student's education
- Information pertaining to release of this record
- Disciplinary information
- Camera footage only for those students directly involved in the incident

Information in the permanent record will indicate authorship and date and will be maintained in perpetuity for every student who has been enrolled in the District. Cumulative records will be maintained for eight (8) years after the student graduates or permanently leaves the District. Cumulative records which may be of continued assistance to a student with disabilities, who graduates or permanently withdraws from the District, may, after five (5) years, be transferred to the parents or to the student if the student has succeeded to the rights of the parents.

The building principal will be responsible for maintenance, retention, or destruction of a student's permanent or cumulative records, in accordance with District procedure established by the Superintendent.

Access to Student Records

The District will grant access to student records as follows:

1. The District or any District employee will not release, disclose, or grant access to information found in any student record except under the conditions set forth in this document.
2. The parents of a student under eighteen (18) years of age will be entitled to inspect and copy information in the child's school records. Such requests will be made in writing and directed to the records custodian. A parent of any student is allowed to view the footage but is not permitted to receive a copy unless the parents of the other involved students provide consent. Consent from parents of students in the background is not required. Access to the records will be granted within fifteen (15) days of the District's receipt of such request.

Where the parents are divorced or separated, both will be permitted to inspect and copy the student's school records, unless a court order indicates otherwise. The District will send copies of the following to both parents at either one's request, unless a court order indicates otherwise:

- a. Academic progress reports or records;
- b. Health reports;
- c. Notices of parent-teacher conferences;
- d. School calendars distributed to parents/guardians; and
- e. Notices about open houses and other major school events, including student-parent interaction.

When the student reaches eighteen (18) years of age, graduates from high school, marries, or enters military service, all rights and privileges accorded to the parent become exclusively those of the student.

Access will not be granted to the parent or the student to confidential letters and recommendations concerning admission to a post-secondary educational institution, applications for employment, or receipt of an honor or award, if the student has waived his or her right of access after being advised of his or her right to obtain the names of all persons making such confidential letters or statements.

3. The District may grant access to or release information from student records without prior written consent to school officials with a legitimate educational interest in the information. A school official is a person employed by the District in an administrative, supervisory, academic, or support staff position (including, but not limited to administrators, teachers, counselors, paraprofessionals, coaches, and bus drivers), and the board of trustees. A school official may also include a volunteer or contractor not employed by the District but who performs an educational service or function for which the District would otherwise use its own employees and who is under the direct control of the District with respect to the use and maintenance of personally identifying information from education records, or such other third

parties under contract with the District to provide professional services related to the District's educational mission, including, but not limited to, attorneys and auditors. A school official has a legitimate educational interest in student education information when the official needs the information in order to fulfill his or her professional responsibilities for the District. Access by school officials to student education information will be restricted to that portion of a student's records necessary for the school official to perform or accomplish their official or professional duties.

4. The District may grant access to or release information from student records without parental consent or notification to any person, for the purpose of research, statistical reporting, or planning, provided that no student or parent can be identified from the information released, and the person to whom the information is released signs an affidavit agreeing to comply with all applicable statutes and rules pertaining to school student records.
5. The District may grant release of a child's education records to child welfare agencies without the prior written consent of the parents.
6. The District will grant access to or release information from a student's records pursuant to a court order, upon receipt of such order, of its terms, the nature and substance of the information proposed to be released, and an opportunity to inspect and copy such records and to challenge their contents.
7. The District will grant access to or release information from any student record, as specifically required by federal or state statute.
8. The District will grant access to or release information from student records to any person possessing a written, dated consent, signed by the parent or eligible student, with particularity as to whom the records may be released, the information or record to be released, and reason for the release. One (1) copy of the consent form will be kept in the records, and one (1) copy will be mailed to the parent or eligible student by the Superintendent. Whenever the District requests consent to release certain records, the records custodian will inform the parent or eligible student of the right to limit such consent to specific portions of information in the records.
9. The District may release student records to the superintendent or an official with similar responsibilities in a school in which the student has enrolled or intends to enroll, upon written request from such official. School officials may also include those listed in #3 above.
10. Prior to release of any records or information under items 5, 6, 7, and 8, above, the District will provide prompt written notice to the parents or eligible student of this intended action. This notification will include a statement concerning the nature and substance of the records to be released and the right to inspect, copy, and challenge the contents.
11. The District may release student records or information in connection with an emergency, without parental consent, if the knowledge of such information is necessary to protect the

health or safety of the student or other persons. The records custodian will make this decision, taking into consideration the nature of the emergency, the seriousness of the threat to the health and safety of the student or other persons, the need for such records to meet the emergency, and whether the persons to whom such records are released are in a position to deal with the emergency. The District will notify the parents or eligible student, as soon as possible, of the information released, date of the release, the person, agency, or organization to whom the release was made, and the purpose of the release.

12. The District may disclose, without parental consent, student records or information to the youth court and law enforcement authorities, pertaining to violations of the Montana Youth Court Act or criminal laws by the student.
13. The District will comply with an *ex parte* order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to or consent of the student's parent(s)/guardian(s).
14. The District charges a nominal fee for copying information in the student's records. No parent or student will be precluded from copying information because of financial hardship.
15. A record of all releases of information from student records (including all instances of access granted, whether or not records were copied) will be kept and maintained as part of such records. This record will be maintained for the life of the student record and will be accessible only to the parent or eligible student, records custodian, or other person. The record of release will include:
 - a. Information released or made accessible.
 - b. Name and signature of the records custodian.
 - c. Name and position of the person obtaining the release or access.
 - d. Date of release or grant of access.
 - e. Copy of any consent to such release.

The committee shall study specific school matters as outlined by the superintendent and/or Board and submit their findings or recommendations to the superintendent for presentation to the Board.

Fund-Raising by School Support Groups Involving Students

Fund-raising by school support groups such as booster clubs, parent councils, and the like are considered a usual and desirable part of the function of such groups where students or student groups participate in fund raising activities. The specific fund-raising activities must be approved in advance by the principal, superintendent or the Board of Trustees Activities Liaison and must be consistent with Policy #3530 and Procedure #3530P pertaining to student fund raising.

The school principal shall approve all expenditures of such funds generated under this policy. All such funds raised by school adjunct groups are to be used for the direct or indirect support of school programs. Equipment purchased by support groups and donated to the schools becomes the property of the Bigfork Public Schools and may be used or disposed of in accordance with District policy and state law. Accounting for all approved fund raisers shall be supervised and maintained by the District Business Office.

Bigfork Schools will provide equity considerations and information to the Booster Club to enhance its awareness in making decisions with respect to the activity programs in Bigfork Schools. Coaches, advisors, the activities director and the administrators shall be aware of equity considerations in relationship to the Booster Club and its activities.

Students Not Involved

Independent fund raising activities by individuals or groups that do not involve official student participation and do not occur on school property are not subject to the requirements of this policy. Such individuals or groups are wholly responsible for the accounting and dissemination of funds generated.

Fund-Raising by School Groups

A. School groups are often involved in many types of fund-raising designed to benefit school programs. The types of activities vary widely and include, but are not limited to sales of T-shirts, caps, candy, cookies, pizza, magazines, cookbooks and the like, school carnivals, book fairs, and raffles. These fund-raising activities must conform to the following guidelines:

1. The fund-raising activity must be approved by the school principal.
2. The fund-raising activity must not interfere with the educational programs.
3. Any student participation must be purely voluntary. Door-to-door solicitation by students in grades K – 8 is not permitted.
4. There must be a specific purpose or objective in the fund-raising project.
5. The number of sales or fund-raising activities in any school should be limited to a few each year.
6. The purpose of the fund-raising effort must be well publicized to parents and other citizens.
7. The fund-raising activity must be such that it is not likely to create a poor image for the school group or the school district.
8. If a license or permit is required by local or state agencies for the fund-raising activity, the license or permit must be obtained in advance by the school group.
9. Principals of each building will keep each other and the superintendent apprized of fund raising activities before approving specific fund raising activities. This is to prevent duplication, and/or too many activities at one time. A Calendar of Activities will be created and up-dated weekly by the building administrators.
10. Whenever possible, students should offer goods or services rather than ask for direct donations.

5 Public Complaints and Suggestions

6
7 While the Board places trust in its staff and desires to display support for their efforts in a manner that
8 discourages unjustified complaints, the Board recognizes that perceptions concerning activities of school
9 personnel will generate justified as well as unjustified criticisms and complaints from the community.
10 The Board expects the majority of complaints to be resolved at the lowest level of the administrative
11 chain and that this policy will not deter the receipt or resolution of minor unwritten complaints by staff
12 and administration.

13
14 Whenever a complaint is received by a member of the Board, it shall be referred to the Superintendent.
15 The Board member will advise the constituent of the formal complaint process and forms. Upon receipt
16 of complaints by the Superintendent from the members of the Board or the public, students, or other
17 employees, the Superintendent or his designee will be responsible for the investigation of the actual basis
18 for the complaint and develop possible solutions to alleviate the basis of concern. The Superintendent
19 will take charge of investigations where the complainant alleges staff misconduct of a criminal nature or
20 other unprofessional conduct where the Board may ultimately be involved in an official capacity. The
21 investigation will provide the individual employee complained of the opportunity and sufficient time to
22 explain, comment and present the employee's perception of the events. During this investigation, the
23 Superintendent or his designee will be responsible for ensuring that the employee has that due process,
24 and the procedures accorded shall be consistent with the nature and seriousness of the complaint.
25 Confidentiality requirements shall be maintained at all times. When the complaint investigation is
26 handled at lower administrative levels, all complaint findings, conclusions and corrective actions shall be
27 forwarded to the Superintendent for review.

28
29 While it is the responsibility of the Superintendent to keep the Board advised as to the general concerns of
30 the public concerning the staff, it is also recognized that provision of extensive information concerning
31 alleged transgressions of an employee to the Board may jeopardize the employee's eventual right to a due-
32 process hearing should one become necessary. Therefore, so as not to raise issues concerning an unbiased
33 tribunal, the Board will not expect, nor will the Superintendent provide the Board with, specific detail on
34 any investigation of a complaint when it is perceived that the Board will become the final arbiter of the
35 complaint or the employee's continued status with the district. With the exception of complaints
36 concerning the Superintendent and except as provided in this policy, the Board shall not receive or
37 consider complaints about other employees either in a formal meeting or individually. For other
38 employees the Board will be advised by the Superintendent at such time as the Superintendent determines
39 that Board action is required to resolve the matter.

40
41 The Board is interested in receiving valid complaints and suggestions. Public complaints and suggestions
42 shall be submitted by the Uniform Complaint Procedure to the appropriate-level staff member or District
43 administrator. Each complaint or suggestion shall be considered on its merits.

44
45 Unless otherwise indicated in these policies or otherwise provided for by law, no appeal may be taken
46 from any decision of the Board.

Public Complaints Concerning School Personnel

Required information concerning complaint:

- ▶ The name(s) of the person(s) making the complaint.
- ▶ Whether the person(s) making the complaint represents an individual or a group.
- ▶ Whether the person(s) making the complaint has discussed the problem with the employee in question.
- ▶ Whether the person(s) making the complaint has discussed the problem with the immediate supervising administrator.
- ▶ A summary of the complaint(s) and of the above three items.

Processing of complaint(s) following written summation:

- ▶ The superintendent or his designee shall determine the appropriate administrative level for the handling of the written complaint
- ▶ The written complaint shall be presented to the employee toward whom it is directed, by the administrator handling the complaint.
- ▶ The employee will have a minimum of five (5) working days in which to reply to the complaint. The Superintendent recognizes that circumstances will arise in which fairness will require the employee to have more than five (5) days to respond to a complaint. In such situations, the Superintendent shall not hesitate to allow such additional time as the circumstances would require.
- ▶ If the complaint is not resolved between the originator of the complaint and the employee, the complaint shall be returned to the Superintendent.
- ▶ The Superintendent shall have sufficient time to resolve the situation with all parties involved.
- ▶ The complaint and resolution shall be filed in the employee's personnel file and in a file under the name of the complainant.
- ▶ It is the responsibility of the Superintendent to keep the Board informed in a general manner as to the progress toward resolution of this type of complaint unless it is clear that the Board will act as the final arbiter and needs to remain unbiased. In this case the Superintendent will advise only the Board chairperson as to the complaint and the anticipated Board involvement.

Visitors

The District welcomes and encourages visits to school by Board members, parents, and citizens. All visitors shall report to the office of the Superintendent or building Principal prior to the visitation. Visitor passes will be provided as appropriate and worn by the visitor while on campus. The building Principal may assign a visitor escort as needed.

Conferences or meetings with school teaching staff should be prearranged and held outside school hours or during the teachers' preparation time. Meeting with administration or supervisors should also be prearranged and scheduled as convenient.

The Superintendent has the authority to prohibit the presence of any visitor or potential visitor on school district property for good cause. Reasons for denying presence on campus include, but are not limited to, arrest or conviction for criminal violations, previous disruptive incidents on campus, or threats towards staff or students.

The Superintendent shall provide notice to the prohibited individual in writing or through law enforcement authorities. The prohibited individual may appeal the Superintendent's action to the Board of Trustees. The Board has the discretion as to whether or not it will hear the appeal.

Use of School Facilities

Application for use of any school facility shall first be through the School District Office. The District Secretary shall be responsible for developing a request form and contract outlining the following requirements for use of school owned facilities.

The superintendent shall determine a fee schedule applicable for the use of school facilities. The fee schedule shall be evaluated on an annual basis. For rental rate purposes, the organizations seeking the use of the school facility have been divided into three categories:

Category 1 Groups in this category are basically community groups (church or secular) whose memberships involve school-age children whose leaders or advisors are non-paid adults and whose main purpose is to in some way educate the youngster member. These groups will not be charged a rental fee for the use of the buildings. However, they will be charged custodial, kitchen or insurance fees should their use of the facility require liability insurance coverage or man-hours beyond those which the employee would have needed had the building not been used by the community group. No charge will be made for any school activities including P.T.A., Parent Advisory Councils, Booster Clubs, and university classes requested by the district - nor for district, city, county, state or national election voting places. Also, no charge for non-profit organizations such as the QRU, Fire Department, or Red Cross when used for activities directly related to their community service.

Category 2 This category includes all community non-profit organizations with IRS Section 501 (c)(3) status (IRS numbers) and community groups of people who wish to use facilities owned by the school district for lectures, promotional activities, political rallies, entertainment, college courses, athletic groups, exercise groups, dance groups, church services or other activities for which public halls or commercial facilities generally are rented. The district shall charge a rental rate which will recover utility, capital expense, maintenance, energy and overhead costs for the use of the facility. Should there be custodial costs incurred as a result of the use, custodial costs will also be charged.

Category 3 This group shall include all for-profit organizations not listed in #1 or #2 and non-profit organizations from outside the community. Charge for the use of school facilities in the Category 3 groups shall be double that charge for Category 2 above. The charge for custodial fees shall be at 110% of Category 2 above.

Sponsoring organizations and groups using facilities shall provide sufficient competent help and/or special supervision, and the amount of adequate supervision shall be agreed on at the time the contract is issued. Alcoholic beverages, tobacco products, including electronic smoking devices, illegal drugs or dangerous weapons are not permitted in school facilities or on school property at any time. All applicants for use of school facilities shall hold the district free and without harm from any loss, damage or liability of expense that may arise during or be caused in any way by such use or occupancy of school facilities. In the event that property loss or damage is incurred during such use or occupancy, the amount of damage shall be decided by the Superintendent and the bill for damages shall be presented to the group using or occupying the facility during the time the loss or damage was sustained.

Because of the value of the district's playing fields and the community's total recreational opportunity, the fields may be used by all residents. Use must be appropriate and compatible with each playing field and its surrounding area. Such use shall not result in destruction, damage or undue wear or pose a hazard to children or others. Activities which endanger others or cause damage to fields and lawns are prohibited. Should damage to fields or lawns occur, the Superintendent shall make a reasonable effort to obtain restitution for the damage.

The district reserves the right to require any groups to supply liability insurance, with the district named as additional insured for an amount specified by the Superintendent. User groups will be required to provide proof of \$1,000,000 liability coverage, or remit payment for liability insurance coverage through an optional umbrella policy if provided by the district.

The district reserves the right to require a custodian or other authorized staff member to be on the premises when any non-school group is using the school buildings.

Use of the kitchen facilities by community groups will be kept to a minimum. In the event that approval for use is granted, a food service staff member must be in attendance at the time the kitchen is in use in addition to opening and closing the kitchen facility. Cleaning fees will be the same as the custodial fees listed below in number 3. This person shall be paid at 1.5 of the hourly rate.

The Superintendent has the authority to make the final decision on use of school facilities by any group. All charges are based on a one hour use and are the minimum charges. All fees are to be paid and receipted in the District Office.

Hourly Rate Schedule:

	<u>Group 1</u>	<u>Group 2</u>	<u>Group 3</u>
Gymnasium	No Charge	\$15.00	\$30.00 (minimum)
Home Ec.	No Charge	\$10.00	\$20.00 (minimum)
Classroom	No Charge	\$5.00	\$10.00 (minimum)
Lunchroom	No Charge	\$5.00	\$10.00 (minimum)
Main Kitchen	No Charge	\$10.00	\$20.00 (minimum)
Community Room	No Charge	\$15.00	\$30.00 (minimum)
Fields	No Charge	No Charge	Negotiate

The following custodial fees apply:

1. Hourly rate X 2 when the custodian is required to open and close the building but is not required to supervise the activity.
2. Hourly rate per hour when a substitute custodian can be hired to clean an area after use.
3. When a custodian is required to open, clean, and close an area, they will receive the overtime rate. He/she must arrive one-half hour before the meeting starts, supervise lighting, heating, ventilation, supervise appropriate building use, and secure the building at the close of the meeting.

Other Rules:

When a building or room is used, sufficient supervision, including security personnel as needed, must be present to insure good order and shall be provided by those using the building. Good order in this instance is interpreted to mean protection of property, observance of all regulations, and an absence of people wandering into parts of the building other than those contracted for.

No school equipment shall be removed from the school premises for use by an outside agency or individual unless approved by the building principal.

School tables and chairs may be used by individuals or community organizations that are formally organized provided that they are requested from the building principal in writing for a special occasion and such event does not inconvenience the school program.

Only a custodian, administrator, or teacher may allow admittance to any building. Keys are not to be given to a representative of a group using the area unless granted by the Superintendent or his designee.

Each group is to use its own equipment, not that of the school unless special arrangements are made in advance. Under no conditions shall materials or equipment be taken from student lockers or desks.

Each group is responsible to see that only its members are admitted.

Proper and accepted footwear shall be worn to insure care of gym floors. Use of the gym can be canceled immediately if not observed.

Flathead Valley Community College is allowed to use District #38 facilities (not equipment) free of charge as a community service. Use of equipment will be negotiated with building principals.

The Superintendent shall serve as "public records coordinator" with responsibility and authority for ensuring compliance with the display, indexing, availability, inspection, and copying requirements of state law and this policy. As coordinator, the Superintendent shall authorize the inspection and copying of the District's records only in accordance with the criteria set forth in this policy.

In accordance with Title 2, Chapter 4, MCA, the District shall make available for public inspection and copying all District records, or portions, except those which contain the following information:

1. Personal information from any file maintained for students. Information from student records shall be disclosed only in accordance with the requirements of the Family Educational Rights and Privacy Act of 1974 and adopted District policy;
2. Personal information in files maintained for staff to the extent that disclosure will violate their right to privacy;
3. Test questions, scoring keys, or other examination data used to administer academic tests;
4. The contents of real estate appraisals, made for or by the District relative to the acquisition of property, until the project is abandoned or until such time as all of the property has been acquired, but in no event shall disclosure be denied for more than three (3) years after the appraisal;
5. Preliminary drafts, notes, recommendations and intra-District memoranda in which opinions are expressed or policies formulated or recommended, except that a specific record shall not be exempt when publicly cited by the District in connection with any District action;

6. Records that are relevant to a controversy to which the District is a party but which records would not be available to another party under the rules of pre-trial discovery for cases pending resolution;
7. Records or portions of records, the disclosure of which would violate personal rights of privacy; and
8. Records or portions of records, the disclosure of which would violate governmental interests.

If the District denies any request, in whole or in part, for inspection and copying of records, the District shall provide the requesting party with reasons for the denial.

If the record requested for inspection and/or copying contains both information exempted from disclosure and non-exempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide a written explanation for the deletion.

The District shall not provide access to lists of individuals which the requesting party intends to use for commercial purposes or which the District reasonably believes shall be used for commercial purposes if such access is provided. However, the District may provide mailing lists of graduating students to representatives of the U.S. armed forces and the National Guard for the purpose of recruitment.

The coordinator is authorized to seek an injunction to prevent the disclosure of records otherwise suitable for disclosure when it is determined that there is reasonable cause to believe that the disclosure would not be in the public interest and would substantially or irreparably damage any person or would substantially or irreparably damage vital governmental functions.

10 harassment. Supportive measures may include counseling, extensions of deadlines or other course-related
11 adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties,
12 leaves of absence, increased security and monitoring of certain areas of the District's property, campus
13 escort services, changes in work locations and other similar measures.

14
15 The Title IX Coordinator is responsible for coordinating the effective implementation of supportive
16 measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the
17 Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with
18 respect to supportive measures, inform the Complainant of the availability of supportive measures with or
19 without the filing of a formal complaint, and explain to the Complainant the process for filing a formal
20 complaint. If the District does not provide the Complainant with supportive measures, then the District
21 must document the reasons why such a response was not clearly unreasonable in light of the known
22 circumstances.

23 24 Timelines

25
26 The District has established reasonably prompt time frames for the conclusion of the grievance process,
27 including time frames for filing and resolving appeals and informal resolution processes. The grievance
28 process may be temporarily delayed or extended for good cause. Good cause may include considerations
29 such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the
30 need for language assistance or accommodation of disabilities. In the event the grievance process is
31 temporarily delayed for good cause, the District will provide written notice to the Complainant and the
32 Respondent of the delay or extension and the reasons for the action.

33 34 Response to a Formal Complaint

35
36 At the time of filing a formal complaint, a Complainant must be participating in or attempting to
37 participate in the education program or activity of the District with which the formal complaint is filed. A
38 formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or
39 other means designated by the District.

40
41 The District must follow the formal complaint process before the imposition of any disciplinary sanctions
42 or other actions that are not supportive measures. However, nothing in this policy precludes the District
43 from placing a non-student employee Respondent on administrative leave during the pendency of the
44 grievance process. The District may also remove a student Respondent alleged to have harassed an
45 employee Complainant from the education setting. The student may receive instruction in an offsite
46 capacity during the period of removal. This provision may not be construed to modify any rights under
47 the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the
48 Americans with Disabilities Act.

1
2
3
4 Upon receipt of a formal complaint, the District must provide written notice to the known parties
5 including:

- 6
7 1. Notice of the allegations of sexual harassment, including information about the identities of
8 the parties involved in the incident, the conduct allegedly constituting sexual harassment,
9 the date and location of the alleged incident, and any sufficient details known at the time.
10 Such notice must be provided with sufficient time to prepare a response before any initial
11 interview;
- 12
13 2. An explanation of the District's investigation procedures, including any informal resolution
14 process;
- 15
16 3. A statement that the Respondent is presumed not responsible for the alleged conduct and
17 that a determination regarding responsibility will be made by the decision-maker at the
18 conclusion of the investigation;
- 19
20 4. Notice to the parties that they may have an advisor of their choice who may be, but is not
21 required to be, an attorney, and may inspect and review any evidence; and
22
- 23 5. Notice to the parties of any provision in the District's code of conduct or policy that
24 prohibits knowingly making false statements or knowingly submitting false information.
25

26 If, in the course of an investigation, the District decides to investigate allegations about the Complainant
27 or Respondent that are not included in the notice initially provided, notice of the additional allegations
28 must be provided to known parties.
29

30 The District may consolidate formal complaints as to allegations of sexual harassment against more than
31 one Respondent, or by more than one Complainant against one or more Respondents, or by one party
32 against the other party, where the allegations of sexual harassment arise out of the same facts or
33 circumstances.
34

35 Investigation of a Formal Complaint

36

37 When investigating a formal complaint and throughout the grievance process, the District must:

- 38
39 1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a
40 determination regarding responsibility rests on the District and not the parties';
41
- 42 2. Provide an equal opportunity for the parties to present witnesses and evidence;
- 43
44 3. Not restrict either party's ability to discuss the allegations under investigation or to gather and
45 present relevant evidence;
46
- 47 4. Allow the parties to be accompanied with an advisor of the party's choice who may be, but is
48 not required to be, an attorney. The District may establish restrictions regarding the extent to
49 which the advisor may participate in the proceedings, as long as the restrictions apply equally to
50 both parties;
51

5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate, with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers and individuals who facilitate an informal resolution process, do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make creditability determinations based on the individual's status as Complainant, Respondent or witness;
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the District's education program or activity, or did not occur against a person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. a Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;
2. the Respondent is no longer enrolled or employed by the District; or
3. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties. The grievance process will close in the event a notice of dismissal is provided to the parties. Support measures may continue following dismissal.

Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not

1
2
3
4 intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory
5 evidence whether obtained from a party or other source. Prior to completion of the investigative report,
6 the Title IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to
7 inspection and review in an electronic format or a hard copy. The parties have 10 calendar days to submit
8 a written response to the Title IX Coordinator, which the investigator will consider prior to completion of
9 the investigative report.

10 Investigative Report

11
12
13 The investigator must prepare an investigative report that fairly summarizes relevant evidence and send
14 the report to the Title IX Coordinator. The Title IX Coordinator must send to each party and the party's
15 advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written
16 response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.

17 Decision-Maker's Determination

18
19
20 The investigative report is submitted to the decision-maker. The decision-maker cannot be the same
21 person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a hearing or
22 make a determination regarding responsibility until 10 calendar days from the date the Complainant and
23 Respondent receive the investigator's report.

24
25 Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the
26 opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide
27 each party with the answers, and allow for additional, limited follow-up questions from each party.
28 Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not
29 relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to
30 prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if
31 the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with
32 respect to the Respondent and are offered to prove consent. Questions must be submitted to the Title IX
33 Coordinator within three calendar days from the date the Complainant and Respondent receive the
34 investigator's report.

35
36 The decision-maker must issue a written determination regarding responsibility based on a preponderance
37 of the evidence standard. The decision-maker's written determination must:

- 38
39 1. Identify the allegations potentially constituting sexual harassment;
- 40
41 2. Describe the procedural steps taken, including any notifications to the parties, interviews with
42 parties and witnesses, site visits, methods used to gather evidence, and hearings held;
- 43
44 3. Include the findings of fact supporting the determination;
- 45
46 4. Draw conclusions regarding the application of any District policies and/or code of conduct
47 rules to the facts;
- 48
49
50
51

5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant; and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and or/the negotiated agreement. For employees, the sanctions may include any form of responsive discipline, up to and including termination.

Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The District also may offer an appeal equally to both parties on additional bases.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision

1
2
3
4 describing the result of the appeal and the rationale for the result. The decision must be provided to both
5 parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is
6 filed.

7
8 Informal Resolution Process
9

10 Except when concerning allegations that an employee sexually harassed a student, at any time during the
11 formal complaint process and prior to reaching a determination regarding responsibility, the District may
12 facilitate an informal resolution process, such as mediation, that does not involve a full investigation and
13 determination of responsibility, provided that the District:

- 14
15 1. Provides to the parties a written notice disclosing:
16
17 A. The allegations;
18
19 B. The requirements of the informal resolution process including the circumstances under
20 which it precludes the parties from resuming a formal complaint arising from the same
21 allegations, provided, however, that at any time prior to agreeing to a resolution, any
22 party has the right to withdraw from the informal resolution process and resume the Title
23 IX formal complaint process with respect to the formal complaint; and
24
25 C. Any consequences resulting from participating in the informal resolution process,
26 including the records that will be maintained or could be shared.
27
28 2. Obtains the parties' voluntary, written consent to the informal resolution process.

29
30 The informal resolution process generally will be completed within 30 calendar days, unless the parties
31 and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal
32 grievance process timelines are stayed during the parties' participation in the informal resolution process.
33 If the parties do not reach resolution through the informal resolution process, the parties will resume the
34 formal complaint grievance process, including timelines for resolution, at the point they left off.
35

36 Recordkeeping
37

38 The District must maintain for a period of seven years records of:

- 39
40 1. Each sexual harassment investigation, including any determination regarding responsibility,
41 any disciplinary sanctions imposed on the Respondent, and any remedies provided to the
42 Complainant designed to restore or preserve equal access to the District's education program or
43 activity;
44
45 2. Any appeal and the result therefrom;
46
47 3. Any informal resolution and the result therefrom; and
48
49 4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any
50 person who facilitates an informal resolution process. The District must make these training
51 materials publicly available on its website.

1
2
3
4 The District must create, and maintain for a period of seven years, records of any actions, including any
5 supportive measures, taken in response to a report or formal complaint of sexual harassment. In each
6 instance, the District must document the basis for its conclusion that its
7 response was not deliberately indifferent, and document that it has taken measures designed to restore or
8 preserve equal access to the District’s education program or activity.

Applicability of Personnel Policies

Except where expressly provided to the contrary, personnel policies apply uniformly to the employed staff of the District. However, where there is a conflict between the terms of a collective bargaining agreement and the District's policy, the law provides that the terms of the collective bargaining agreement shall prevail for the staff covered by that agreement.

When a matter is not specifically provided for in an applicable collective bargaining agreement, the policies of the Board to effectively and efficiently manage the District shall govern.

Hiring Process and Criteria

The Superintendent is responsible for recruiting personnel, in compliance with Board policy, and making hiring recommendations to the Board. Educational support personnel applicants are initially screened by the principal. The District shall hire highly qualified personnel, consistent with budget and staffing requirements, and shall comply with Board policy and state law on equal employment opportunities and veterans' preferences. All applicants must complete a District application form in order to be considered for employment.

Each applicant must provide a written authorization for a criminal background investigation. The Superintendent will keep a conviction record confidential as required by law and District policy. Each newly hired employee must complete an Immigration and Naturalization Service form, as required by federal law.

Certification

The District shall require that its contracted certificated staff hold a valid Montana Teacher or Specialist Certificate endorsed for the role and responsibilities for which they are employed. Failure to meet this requirement shall be just cause for termination of employment. No salary warrants may be issued to the staff member unless a valid certificate for the role to which the teacher has been assigned has been registered with the County Superintendent within sixty (60) calendar days after the term of service begins. Each contracted teacher and administrator shall bring their current, valid certificate to the personnel office at the time of initial employment as well as at the time of each renewal of certification.

The personnel office shall register all certificates, noting the class and endorsement and updating the permanent record card as necessary. In addition, the personnel office will retain a copy of each contracted certificated employee's valid certificate in the employee's personnel file.

Criminal Background Investigations

It is the policy of the Board that all employees hired after January 1, 1999, and who care for or supervise students; or have access to students in schools will submit to a background investigation conducted by the appropriate law enforcement agency as a condition for employment. The Superintendent is charged with the responsibility for carrying out the intent of this policy.

All finalists for employment, through their name and social security number, will be given a background investigation with the Department of Justice to determine if he or she has been convicted of certain criminal or drug offenses. All employees of persons or companies holding a contract with the district which places that employee in supervision or contact with students shall submit to a background check. Also, all volunteers assigned within the district who have unsupervised access to students shall have a background check at the expense of the District.

An applicant must be of good character. If he/she has any prior record of arrest or conviction by any local, state, or federal law enforcement agency for an offense other than a minor traffic violation, the facts must be reviewed by the Superintendent and his/her staff who shall decide whether the applicant shall be declared eligible for appointment. Multiple traffic violations may be considered if deemed to be pertinent to the applicant's capability to perform the duties of the position.

A record of conviction resulting from the background check will be held as confidential and shared only with the Board, Superintendent, the County Superintendent, the Superintendent of Public Instruction, the State Teacher Certification Board, or any other person necessary to the hiring decision.

Medical Examinations

Through its overall safety program and various policies pertaining to school personnel, the Board will promote the safety of employees during working hours and assist them in the maintenance of good health. The board will encourage all its employees to maintain optimum health through the practice of good health habits.

The Board may require physical examination of its employees, under circumstances defined below. The District will maintain results of physical examinations in medical files separate from the employee's personnel file and will release them only as permitted by law.

Physical Examinations

If the work is of a physically demanding nature, subsequent to a conditional offer of employment and before commencement of work, the District may require an applicant to have a medical examination and to meet any other health requirements that may be imposed by the state. The District may condition an offer of employment on the results of such examination, if all entering employees in the applicable job category are subject to such examination. If approved by personnel services, an employee may be allowed a thirty (30) day grace period beginning from the date of employment to obtain the required medical examination.

All bus drivers, whether full-time, regular part-time, or temporary part-time, are required by state law to have a satisfactory medical examination before employment.

Communicable Diseases

If a staff member has a communicable disease and has knowledge that a person with compromised or suppressed immunity attends the school, the staff member must notify the school nurse or other responsible person designated by the Board of the communicable disease which could be life threatening to an immune-compromised person. The school nurse or other responsible person designated by the Board must determine, after consultation with and on the advice of public health officials, if the immune-compromised person needs appropriate accommodation to protect their health and safety.

An employee with a communicable disease shall not report to work during the period of time in which the employee is infectious. An employee afflicted with a communicable disease capable of being readily transmitted in the school setting (e.g., airborne transmission of tuberculosis) shall be encouraged to report the existence of the illness so that precautions may be taken to protect the health of others. The District reserves the right to require a statement from an employee's primary care provider, before the employee may return to work.

Confidentiality

In all instances, District personnel will respect an individual's right to privacy and treat any medical diagnosis as confidential information. Any information obtained regarding the medical condition or history of any employee will be collected and maintained on separate forms and in separate medical files and will be treated as confidential information. Only those individuals with a legitimate need to know (i.e., those persons with a direct responsibility for the care of or for determining workplace accommodation for the staff person) will be provided necessary medical information.

Supervisors and managers may be informed of necessary restrictions on the work or duties of an employee and necessary accommodations. First aid and safety personnel may be informed, when appropriate, if a staff member with a disability might require emergency treatment.

Employee Contracts and Assignments

Classified Employment and Assignment

Each classified employee hired on or after September 20, 2001 shall be employed under annual contracts of a specified term within the meaning of section 39-2-912, MCA. Such employees shall have no expectation of continued employment from year to year, and contracts of employment may be renewed or non-renewed during the summer of each year at the District's sole option.

The District reserves the right to change employment conditions affecting the employee's duties, assignment, supervisor, or grade.

The Board shall determine the salary and wages for classified personnel.

Each new employee shall be considered employed on a probationary basis. For the first six (6) months of employment, employees shall be considered on probation and may be dismissed at the discretion of the employer without recourse to the grievance procedure. If an employee is retained beyond the probationary period, the employee shall be entitled to seniority rights provided for in the Collective Bargaining Agreement and seniority shall date from the most recent hiring date.

Certified Employee Contracts

The Board of Trustees shall contract with each certificated staff member. Such contract shall be in conformity with state and federal statutes, the policies and negotiated agreements of the district. The contract shall be binding on the district and on the staff member and may not be abridged or abrogated during its term by either party except by mutual consent or as may be provided elsewhere in Board policy, in negotiated agreements, or state or federal statutes.

Except for the District Superintendent, the contracts for certificated staff shall be written for a period not to exceed one year and shall be executed in duplicate by the Chairman of the Trustees and the Clerk of the District, and by the teacher or specialist.

6 Performance Evaluations

7
8 Performance evaluation instruments and the evaluation process should focus on improvement of
9 professional skills and effectiveness and also provide the basis for employment recommendations to the
10 Board of Trustees.

11
12 The Superintendent is directed to create written procedures for evaluations of all district employees:
13 certified instructional staff, classified staff, administrators, and administrative support staff not covered by
14 either the BUC or BAEA negotiated agreements.

15

17
18 Employment Recommendations – Tenured and Non-Tenured Teachers

19
20 Performance evaluations may be used as the basis for employment recommendations to the Board of

22 who is non-renewed by the Board of Trustees may not use the grievance procedure to challenge the non-
23 renewal decision.

24
25 Classified Employees – Non-Probationary

26
27 Non-probationary classified employees will be evaluated a minimum of once per year by their immediate
28 supervisor. The Supervisor may perform multiple evaluations to address performance deficiencies or
29 request evaluation assistance from other supervisors, administrators, or an evaluation team comprised of
30 both. Employees who work only during the school year should be evaluated prior to May 15th of each
31 year.

32
33 Classified Employees – Probationary

34
35 Probationary Classified employees should be evaluated within three (3) months of the start of
36 employment and again prior to the end of the sixth (6) month probationary period. The Supervisor may

39
40 Employment Recommendation – Probationary and Non-Probationary Classified Employees

41

19 Instrument.

20
21 Certified Non-Teacher Employees

22

28
29 The Superintendent will be evaluated by the Board of Trustees in accordance with Policy 6110,
30 Administration.

31
32 Evaluation of Certified Staff

33
34 Each certified staff member's job performance will be evaluated by the staff member's direct supervisor.
35 Certified staff members will be evaluated according to the terms stated in the current collective
36 bargaining agreement if applicable or once per year. The evaluation model shall be aligned with
37 applicable district goals, standards of the Board of Public Education, and the district's mentorship and
38 induction program. It shall identify what skill sets are to be evaluated, include both summative and
39 formative elements, and include an assessment of the educator's effectiveness in supporting every student
40 in meeting rigorous learning goals through the performance of the educator's duties.

The District may provide electronic information services (EIS) to qualified students, teachers, and other personnel who attend or who are employed by the District. Electronic information services include, but are not limited to, network services (Internet), databases, and any computer-accessible source of information, whether from hard drives, tapes, compact discs (CDs), floppy disks, or other electronic sources. The use of the services shall be in support of education, research, and the educational goals of the District. To assure that the EIS is used in an appropriate manner and for the educational purposes intended, the District will require anyone who uses the EIS to follow its guidelines and procedures for appropriate use. Anyone who misuses, abuses, or chooses not to follow the EIS guidelines and procedures will be denied access to the District's EIS and may be subject to disciplinary action, in accordance with governing board policy.

EIS provided by the District are the property of the district. The District may review files and communications and monitor system utilization at any time without notice or permission including the maintenance of a usage record log. Users should not expect that EIS utilization, communications, or information sent, retrieved, or stored, via EIS, including electronic mails and files stored on District servers, will be private. The District may, in its sole discretion, close accounts and review or delete files at any time.

In addition, such staff will consult and observe relevant Board policies on curriculum and instructional materials. The District will make a reasonable effort to create filters or "firewalls" to prevent student access to inappropriate information. Ultimately, individual EIS users are responsible for their communications and use of EIS. Each user will be required to sign an EIS user's agreement that will be kept on file at each access site. Supervisors of each EIS access site will maintain the user's agreement file, establish access site procedures, and determine a fixed period of limited time for individual user access. The Superintendent or his designee will ensure that EIS access site supervisors receive appropriate training, provide EIS usage information to parents, maintain an access site record, and ensure that EIS access site supervisors and users adhere to the directives of this policy and accompanying regulations.

The District does not assume liability for an EIS user's inappropriate use of EIS, nor for information retrieved via EIS. The District is not responsible for any service interruptions or changes, or any consequences of service interruptions or changes.

The District does not assume liability for any information that is lost, damaged or unavailable.

The District reserves the right to establish rules and regulations as necessary for the efficient operation of the electronic information services. The Superintendent will be responsible for establishing and enforcing the District's electronic information services guidelines and procedures for appropriate use.

Acceptable use of Electronic Information Services ("EIS") requires that the use of EIS resources be in support of education, educational research, and the educational goals of the District. - User shall not reveal any home addresses or personal telephone numbers.
- User shall abide by all copyright laws and regulations.
- User shall not use EIS for commercial purposes, product advertising or political lobbying.

- User shall not use EIS in any way that would disrupt the use of EIS by others.
- User shall not allow anyone else to access the system using user's account or password, unless user has authorization to allow such use by

others. Users are ultimately responsible for all activity under their accounts.

- User understands that many services and products are available for a fee and acknowledges the responsibility for any expense incurred.

In addition to the above requirements, acceptable use for District employees is extended to include requirements to:

- Take reasonable precautions, including password maintenance and file and directory protection measures, to prevent the use of personal accounts by unauthorized persons.
- Consult board policies on curriculum and instructional materials and promote and honor District goals contained in such policies.

District employees who allow students to use EIS in a classroom or school setting shall:

- Maintain adequate supervision of such students using EIS in a classroom or school setting.

Termination or Non-Renewal of Employment/Dismissal from Employment

In general, the school district will use progressive discipline but reserves the right to take any disciplinary action it deems appropriate to the circumstances.

Disciplinary measures by the administration can include, in any order, verbal or written warnings, reprimands, or suspensions with pay. Suspensions without pay can only be imposed by the superintendent. Termination is a disciplinary action taken only by the Board of Trustees.

The termination or non-renewal or dismissal of certified or classified staff shall be determined by the board after receiving the recommendation of the superintendent in conformity with state statutes and applicable district policy. The superintendent is responsible for documenting and placing in personnel files all employee actions which result in disciplinary measures. All disciplinary documentation placed in employee files must stay in those files unless through a due process hearing before the Board, the disciplinary action is judged to be without merit.

Reference: Policy 5255, 5250P

Adoption date: 2/6/97

Definition:

Progressive discipline is to give notice to an employee of problems and an opportunity to correct the deficiency. A progressive discipline system establishes communication between the employer and the employee about expectations and behavior, creates documentation, and creates an environment of fairness since employees will receive notice of problems or deficiencies and, unless a major misconduct, be given the opportunity to correct them.

Discipline for Major Misconduct:

Warnings, written and oral reprimands, suspensions (with or without pay), and terminations deal mainly with tangible employee performance areas. Supervisors retain flexibility in defining discipline steps. Disciplinary action will be determined based upon specifics of each case, as well as factors such as frequency, severity, and gravity of rule violation. Major instances of misconduct such as fighting, assault, sexual harassment, threatening another person, stealing, intoxication or drug abuse, possession of alcoholic beverages or illegal drugs, insubordination, gross negligence, falsification of records, or other acts deemed by the superintendent to be major misconduct do not always require progressive discipline and will be referred to the appropriate legal authorities.

Discipline for Poor Performance:

In order to improve employee effectiveness in areas identified as needing improvement by an employee's immediate supervisor, it becomes necessary to provide a means for communicating fully those areas of concern and to provide direction and assistance to the employee. Employees that receive ratings marked NEEDS IMPROVEMENT or whose performance is questionable should be considered as candidates for a Plan of Assistance. Employees whose performance does not reach the EFFECTIVE level after a Plan of Assistance should be recommended for non-renewal.

Certificated Employees

Renewals, non-renewals or terminations of individual teacher contracts shall be in compliance with applicable statutes.

Classified Employees

The termination of a classified employee shall be for reasons of the district's financial condition, and/or the district's staffing or program needs, or for cause. Such action shall be instituted by the Board of Trustees upon the recommendation of the superintendent. In case of dismissal of certificated staff, applicable state statutes shall be followed.

Probationary Period for Non-Certified Employees

"Probationary Period" means a trial period established when a non-certified employee is newly hired or transferred into a permanent, permanent part-time or any permanent seasonal position within the district. The objective of a probationary period is to afford time to assess the employee's abilities relative to the performance of the stated job duties; to assess the employee's conduct on the job; and to determine if the employee should be retained beyond the probationary period and thus attain permanent status.

An employee attains permanent status after satisfactorily completing an appropriate probationary period in a permanent, permanent part-time, or permanent seasonal position. An employee in a temporary position or an employee temporarily hired into a permanent position for less than nine months is not eligible to attain permanent status.

The general rule is that the probationary period in this district shall be for a period of not less than six (6) calendar months duration. The district shall establish a probationary period for employees newly hired or transferred into permanent, permanent part-time or permanent seasonal positions and set the length of the probationary period at the time of hiring (not to be less than a minimum of six (6) calendar months, nor more than one calendar year). The district shall inform the employee of the length of the probationary period at the time of employment. Should the employee, however, voluntarily request and be granted a reassignment to somewhat different duties or a relocation, the district reserves the right to extend the probationary period to a full six (6) months in the employee's new assignment. In other words, the district may require an employee who has not attained permanent status and who is promoted or reassigned within the district to successfully complete a full probationary period in the new position under one supervisor.

The district reserves the right to extend the length of a probationary period for a maximum of six (6) additional and consecutive calendar months provided that an evaluation has occurred within the first six (6) months, and the supervisor so recommends an extension in writing with a copy to the employee.

The district must inform the employee of the length of the extension. An employee whose probationary period has been extended does not attain permanent status until the employee successfully completes the additional probationary period.

The district shall complete a performance appraisal for each probationary employee before the end of the probationary period. Unless an employee receives written notification that he/she has not satisfactorily completed the established probationary period on or before the end of the stated probationary period, the employee will attain permanent

status.

An employee who has not attained permanent status may be discharged at any time during the probationary period. The district shall take reasonable steps necessary to verify the reasons for discharge prior to discharge, and the reasons for discharge shall be communicated to the employee.

The district expressly reserves the right, in the instance of promoting an employee who has attained permanent status, to establish a trial period upon promotion, reassignment, or reclassification. During such a trial period, an employee who has attained permanent status in a former position shall retain employment rights extended by virtue of having attained permanent status, except that, the district may return said employee to the former or an equivalent position without following the grievance policy, the reduction-in-work force policy, or discipline policies. Of course, if circumstances otherwise warrant, disciplinary action or a reduction-in-force could be implemented.

Accrual and Eligibility to use Vacation Leave

All classified employees, except those in a temporary status, serving in the Bigfork Public Schools for more than six months are eligible to earn vacation leave credits retroactive to the date of employment in accordance with 2-18-611, MCA, and 2-18-612, MCA. In accordance with 2-18-611(5), MCA, temporary employees are excluded from earning annual vacation leave, except that a temporary employee who is subsequently hired into a permanent position within this district without a break in service and temporary employees who are employed continuously longer than six months, shall earn retroactive vacation leave credits for the preceding continuous period of temporary employment.

An employee must be continuously employed in the district for a qualifying period of six calendar months to be eligible to use annual vacation leave. Unless there is a break in service, an employee is only required to serve the qualifying period once. After a break in service, an employee must again complete the qualifying period to be eligible to use annual vacation leave. Leave credits may not be advanced nor may leave be taken retroactively.

A seasonal employee's accrued vacation leave credits may be carried over to the next season, if management has a continuing need for the employee, or paid out as a lump-sum payment to the employee when the season contract ends (generally in June). The employee may request a lump sum payment at the end of each season.

A person simultaneously employed in two or more positions within the district will accrue vacation leave credits in each position according to the number of hours worked, unless one of the positions is a certified or otherwise non-exempt position. However, a person may not accumulate annual vacation leave in a pro-rated amount that would exceed that available to a 40-hour per week employee. Hours in a pay status at the regular rate will be used to calculate leave accrual. Vacation leave credits will not accrue for those hours exceeding 40 hours in a work week that are paid as overtime hours or are recorded as compensatory time hours. A full-time district employee shall not earn less than nor more than the full-time annual leave accrual rate provided by § 2-18-612, MCA. As provided in 2-18-611 (4), MCA, "An employee may not accrue annual vacation leave credits while in a leave-without-pay status.

Calculating Annual Vacation Leave

As provided in 2-18-612 MCA, "Vacation Leave credits are earned at a yearly rate calculated in accordance with the following schedule, which applies to the total years of an employee's employment with any agency, whether the employment is continuous or not." For purposes of interpreting this paragraph, "Agency" means, as provided in 2-18-601(1), MCA, "Any legally constituted department, board, or commission of state, county, or city government, or any political sub-division thereof."

<u>RATE EARNED SCHEDULE</u>	
<u>Years of Employment</u>	<u>Working Days Credit per Year</u>
1 day - 10 years	15
10 - 15	18
15 - 20	21
20 years on	24

In accordance with 2-18-601, MCA, time as an elected state, county or city official, as a school teacher or as an independent contractor, does not count toward the rate earned. For purposes of this paragraph, an employee of a school district or the university system is eligible to have school district or university employment time count toward the rate earned schedule if that employee was eligible for annual leave pursuant to 2-18-601, MCA, in the position held with the school district or university system.

Maximum Accrual of Vacation Leave

In accordance with 2-18-617(1), MCA, all full-time and part-time employees serving in permanent and seasonal positions may accumulate two times the total number of annual leave credits they are eligible to earn per year, according to the rate earned schedule.

Cash Compensation for Unused Vacation &Rate of Salary Compensation

District #38 will provide the option of compensating for unused vacation leave (Notice to Clerk by May 20 to be paid with June payroll).An employee on authorized vacation leave will be entitled to the employee's normal gross salary.

Vacation Leave Requests

The dates when employee's annual vacation leave shall be granted shall be determined by agreement between each employee and the district, with regard to the best interests of the district and the employee. Where the interest of the district requires the employee's work or attendance at duties, the district's interests overrides the employee's interest.

An employee of the district requesting vacation shall complete a "Request for Leave" form in advance and shall submit that form to his/her designated supervisor who shall review and approve or disapprove and forward if approved to the personnel office or the next administrative tier as indicated on the form (as in the case of food service, special education, etc.)

Generally 180 day (9 1/4 or 10-month employees will be granted vacation during the school term during certain times when workloads are more flexible and/or substitutes need not be hired except for compelling reasons.

Vacation leave credits in the Bigfork Public Schools must be taken in minimum increments of 1/2 of scheduled shift (i.e. 4 hours for an 8 hour employee).

Vacation Leave Records

An employee's vacation leave credits earned and vacation leave credits used must be recorded by the personnel/payroll control system. Approval is made on the "Request for Leave" form, and this form is reconciled to the time sheet. Adjustments to an employee's accrual and used totals are then made. A monthly report of vacation credits will be made to each employee included in their pay stub.

Absence Due to Illness

As provided in 2-18-615, MCA, "Absence from employment by reason of illness shall not be chargeable against unused vacation leave credit unless approved by the employee."

Lump-Sum Payment Upon Termination

As provided in 2-18-617(2), MCA, "An employee who terminates his/her employment for reasons not reflecting discredit on him/herself shall be entitled upon the date of such termination to cash compensation for unused vacation leave, assuming that the employee has worked the qualifying periods set forth in 2-18-611."

The district shall not pay accumulated leaves to employees who have not worked the qualifying period.

The value of unused vacation leave is computed based upon the employee's salary rate at the time of termination.

8
9 Non-exempt classified employees who work more than forty (40) hours in a given workweek may receive
10 overtime pay of one and one-half (1½) times the normal hourly rate, unless the District and the employee
11 agree to the provision of compensation time at a rate of one and one-half (1½) times all hours worked in
12 excess of forty (40) hours in any workweek. The Superintendent must approve any overtime work of a
13 classified employee.

14
15 Under Montana law and the Federal Fair Labor Standards Act, a classified employee may not volunteer to
16 work without pay in an assignment similar to the employee’s regular work.

17
18 A non-exempt employee who works overtime without authorization may be subject to disciplinary action.

19
20 **Blended Time**

21
22 Classified Employees working two or more jobs for the District at different rates of pay shall be paid
23 overtime at a weighted average of the differing wages. This shall be determined by dividing the total
24 regular remuneration for all hours worked by the number of hours worked in that week to arrive at the
25 weighted average. One half that rate is then multiplied times the number of hours worked over 40 to
26 arrive at the overtime compensation due.

28 *Example: Employee works one job at 30 hrs./week at 10.00/hr. The same employee works a different job*

Substitutes - Employment

Certified

The Bigfork Public Schools authorize the employment of a qualified substitute in the absence of a regularly employed staff member. Employment of substitutes will be authorized only where applications are on file and payroll authorization forms are complete. The district will not engage substitutes for its administrators without the specific approval of the superintendent. In addition, the district may engage a person in substitute status in lieu of a regularly-contracted staff member when:

- (1) Enrollment uncertainties exist at the beginning of a school year; and
- (2) Resignations of regular staff do not allow sufficient time for the district to employ an immediate replacement.

On either of the latter two occasions, the district shall employ a contracted staff person within a reasonable time, but in no case shall this exceed 30 work days.

The superintendent shall be responsible for establishing procedures by which teachers within the district request substitutes and by which substitute teachers shall be employed, assigned and compensated. In every instance, the principal or other supervisor shall be a full partner in any such procedure.

The district does not require a certificate to be in force for short-term substitutes, although education and/or a combination of education and practical experience in the area(s) of the teaching responsibility are generally expected.

Substitute applicants must complete the district substitute packet, have their references verified, and be interviewed by the superintendent or a building principal before their name is placed on the district substitute list.

Classified

The district authorizes the employment of a classified substitute in the absence of a classified staff member when a program will be adversely affected by the regular staff member's absence and when a substitute can perform the duties. The superintendent shall establish procedures relating to the use of substitute classified staff.

General

All substitutes are intermittent, on-call employees only. Deductions for social security and, in the case of teachers, for the Teachers Retirement Systems are made from the wages earned. Substitute employees will be paid on or about the standard pay day of the month following any work in the month preceding. Advances are not possible. Intermittent employees are not eligible to participate in the district's health, dental, life or other group insurances.

Teachers' Aides/Paraeducators

Teachers' aides/paraeducators, as defined in the appropriate job descriptions, are under the supervision of a principal and a teacher to whom the principal may have delegated responsibility for close direction. The nature of the work accomplished by paraeducators will encompass a variety of tasks that may be inclusive of "limited instructional duties."

Paraeducators are employed by the District mainly to assist the teacher. A paraeducator is an extension of the teacher, who legally has the direct control and supervision of the classroom or playground and responsibility for control and the welfare of the students.

In compliance with applicable legal requirements, the Board shall require all paraeducators with instructional duties that are newly hired in a Title I school-wide program, to have:

1. Completed at least two (2) years of study at an institution of higher education;
2. Obtained an Associate's or higher degree; or
3. Met a rigorous standard of quality, and can demonstrate through a formal state or local academic assessment the knowledge of and ability to assist in the instruction of reading, writing, or mathematics or the instruction of readiness of these subjects.

Paraeducators hired before January 8, 2002, have until January 1, 2006, to meet these standards.

It is the responsibility of each principal and teacher to provide adequate training for a paraeducator. This training should take into account the unique situations in which a paraeducator works and should be designed to cover the general contingencies that might be expected to pertain to that situation. During the first thirty (30) days of employment, the supervising teacher or administrator shall continue to assess the skills and ability of the paraeducator to assist in reading, writing, and mathematics instruction.

The Superintendent shall develop and implement procedures for an annual evaluation of teachers' aides/paraeducators. Evaluation results shall be a factor in future employment decisions.

Volunteers

The District recognizes the valuable contributions made to the total school program by members of the community who act as volunteers. A volunteer by law is an individual who:

1. has not entered into an express or implied compensation agreement with the District;
2. is excluded from the definition of "employee" under the appropriate state and federal statutes;
3. may be paid expenses, reasonable benefits and/or nominal fees in some situations; and

10 *(1) Any school district offering a group “health care plan” for its employees is affected by HIPAA. School districts offering health plans that are self-insured will be entirely responsible for compliance with HIPAA, despite a third party administrator managing the plan. School districts may also be subject to HIPAA as a “health care provider” by either having a school-based health center or a school nurse. School-based health centers staffed and serviced by a hospital or local health department are responsible for complying with HIPAA if there is a sharing of records containing health information. For those districts providing the services of a school nurse, HIPAA regulations issued in 2000 commented that an “educational institution that employs a school nurse is subject to [the] regulations as a health care provider if the school nurse or the school engaged in a HIPAA transaction.” This transaction occurs when a school nurse submits a claim electronically.*

24 Background

25
26 **Health Insurance Portability and Accountability Act of 1996 (HIPAA)**

27
28 The District’s group health plan is a Covered Entity under the Health Insurance Portability and
29 Accountability Act of 1996 (HIPAA) and its implementing regulations, the Standards for the Privacy of
30 Individually Identifiable Information. In order to comply with HIPAA and its related regulations, the
31 District has implemented the following HIPAA Privacy Policy:

32
33 **The HIPAA Privacy Rule**

34
35 HIPAA required the federal government to adopt national standards for *electronic health care*
36 *transactions*. At the same time, Congress recognized that advances in electronic technology could erode
37 the privacy of health information and determined there was a need for national privacy standards. As a
38 result HIPAA included provisions which mandated the adoption of federal privacy standards for
39 individually identifiable health information.

40
41 The standards found in the Privacy Rule are designed to protect and guard against the misuse of
42 individually identifiable health information, with particular concern regarding employers using an
43 employee’s (or dependent’s) health information from the group health plan to make adverse employment-
44 related decisions. The Privacy Rule states that verbal, written, or electronic information that can be used
45 to connect a person’s name or identity with medical, treatment, or health history information is Protected
46 Health Information (PHI) under the HIPAA Privacy Rule.

Under the HIPAA Privacy Rule:

1. Individuals have a right to access and copy their health record to the extent allowed by HIPAA.
2. Individuals have the right to request an amendment to their health record. The plan may deny an individual's request under certain circumstances specified in the HIPAA Privacy Rule.
3. Individuals have the right to an accounting of disclosures of their health record for reasons other than treatment, payment, or healthcare operations.
4. PHI, including health, medical, and claims records, can be used and disclosed without authorization for specific, limited purposes (treatment, payment, or operations of the group health plan). A valid authorization from the individual must be provided for use or disclosure for other than those purposes.
5. Safeguards are required to protect the privacy of health information.
6. Covered entities are required to issue a notice of privacy practices to their enrollees.
7. Violators are held accountable with civil and criminal penalties for improper use or disclosure of PHI.

Compliance

The Superintendent has been designated Privacy Officer. The Privacy Officer will oversee all ongoing activities related to the development, implementation, maintenance of, and adherence to the District's policies and procedures covering the privacy of and access to patient health information in compliance with HIPAA, other applicable federal and state laws, and the District's privacy practices.

As required for a Covered Entity under HIPAA, the plan has developed these internal privacy policies and procedures to assure that PHI is protected and that access to and use and disclosure of PHI are restricted in a manner consistent with HIPAA's privacy protections. The policies and procedures recognize routine and recurring disclosures for treatment, payment, and healthcare operations and include physical, electronic, and procedural safeguards to protect PHI. The procedures include safeguards for sending PHI via mail or fax, receiving PHI for plan purposes, and workstation safeguards and procedures for securing and retaining PHI received by the plan. Plan participants are entitled to receive a copy of the plan's policies and procedures upon request.

Designating a limited number of privacy contacts allows the District to control who is receiving PHI from the contract claims payor for plan operations purposes. The contract claims payor will provide only the minimum PHI necessary for the stated purpose and, as required under the Privacy Rule, will provide PHI only to individuals with a legitimate need to know for plan operations purposes.

The District has distributed a notice of privacy practices to plan participants. The notice informs plan participants of their rights and the District's privacy practices related to the use and disclosure of PHI. A copy of this notice may be obtained by contacting the Privacy Officer.

1
2
3
4 The District has reviewed how PHI is used and disclosed by the plan and has limited disclosure of that
5 information to employees who have a legitimate need to know or possess the PHI for healthcare
6 operations and functions. The District will make reasonable efforts to use de-identified information
7 whenever possible in the operations of the plan and will only use the minimum PHI necessary for the
8 stated purpose.
9

10 Some of the District's employees need access to PHI in order to properly perform the functions of their
11 jobs. The District has identified these employees and has given them training in the important aspects of
12 the HIPAA Privacy Rule, the privacy policy, and procedures. New employees who will have access to
13 PHI will receive training on the HIPAA Privacy Rule and related policies and procedures as soon as
14 reasonably possible after they are employed. Employees who improperly use or disclose PHI or misuse
15 their access to that information may be subject to discipline, as deemed appropriate.
16

17 In the event the group health plan must disclose PHI in the course of performing necessary plan
18 operations functions or as required by law or a governmental agency, the District has developed a system
19 to record those disclosures and requests for disclosures. An individual may request a list of disclosures of
20 his or her PHI made by the plan for other than treatment or claims payment purposes. All requests for an
21 accounting of PHI disclosures must be made in writing, and the plan may impose fees for the cost of
22 production of this information. Requests will be responded to within sixty (60) days. If the plan is not
23 able to provide the requested information within sixty (60) days, a written notice of delay will be sent to
24 the requesting individual, with the reasons for the delay and an estimated time for response.
25

26 In order to comply with the new privacy regulations, the plan has implemented compliant communication
27 procedures. Except for its use in legitimate healthcare operations, written permission will be required in
28 order for the District to disclose PHI to or discuss it with a third party.
29

30 The HIPAA Privacy Rule prohibits the District from disclosing medical information without the patient's
31 written permission other than for treatment, payment, or healthcare operations purposes. An authorization
32 signed by the patient and designating specified individuals to whom the District may disclose specified
33 medical information must be on file, before the plan can discuss a patient's medical information with a
34 third party (such as a spouse, parent, group health plan representative, or other individual).
35

36 The District has taken the following steps to ensure PHI is safeguarded:
37

- 38 • The District has implemented policies and procedures to designate who has and who does not
39 have authorized access to PHI.
40
- 41 • Documents containing PHI are kept in a restricted/locked area.
42
- 43 • Computer files with PHI are password protected and have firewalls making unauthorized access
44 difficult.
45
- 46 • Copies of PHI will be destroyed when information is no longer needed, unless it is required by
47 law to be retained for a specified period of time.
48
49
50

- The District will act promptly to take reasonable measures to mitigate any harmful effects known to the group health plan, due to a use or disclosure of PHI in violation of the plan’s policies, procedures, or requirements of the HIPAA Privacy Rule.
- The District will appropriately discipline employees who violate the District’s group health plan’s policies, procedures, or the HIPAA Privacy Rule, up to and including termination of employment if warranted by the circumstances.

The District has received signed assurances from the plan’s business associates that they understand the HIPAA Privacy Rule, applicable regulations, and the Privacy Policy and will safeguard PHI just as the plan would.

The contract claims payor and certain other entities outside the group health plan require access on occasion to PHI, if they are business associates of the group health plan and in that role need to use, exchange, or disclose PHI from the group health plan. The plan requires these entities to sign an agreement stating they understand HIPAA’s privacy requirements and will abide by those rules just as the group health plan does, to protect the PHI to which they have access. For example, the plan engages a certified public accountant to audit the plan annually and to make sure payments are made in compliance with the Plan Document. In order for the CPA to complete an audit, the auditor reviews a sample of the claims for accuracy.

The District will ensure health information will not be used in making employment and compensation decisions. The HIPAA Privacy Rule and other applicable laws expressly prohibit an employer from making adverse employment decisions (demotions, terminations, etc.) based on health information received from the group health plan. To the extent possible, the District has separated the plan operations functions from the employment functions and has safeguards in place to prevent PHI from the plan from going to or being used by an employee’s supervisor, manager, or superior to make employment-related decisions.

Complaints

If an employee believes their privacy rights have been violated, they may file a written complaint with the Privacy Officer. No retaliation will occur against the employee for filing a complaint. The contact information for the Privacy Officer is:

Acceptance of Out-of-District Students/Tuition

The Board of Trustees believes that each child should attend elementary school in his/her own district. However, recognizing that unusual situations arise, the Board will accept elementary students (K-8) from outside districts under certain conditions. To this end, the following rules are adopted:

1. No one connected with the Bigfork Elementary School, or in School District #38 is to solicit the attendance of pupils living outside the district.
2. Students from outside the district applying to enroll in our district will be admitted in an unrestricted fashion until the level of 90% of district standards has been reached at a particular grade level. Thereafter, only families who currently have a child enrolled will be allowed to enroll additional children in classes which have reached the 90% level. Additional applicants will be put on a waiting list and allowed to enter as space allows. When classes reach the maximum limits set by the accreditation standards, no additional non-resident students will be admitted without specific approval of the trustees.
3. Non-resident students, once accepted, shall be permitted to ride school buses on regular bus routes, subject to the approval of the sending and receiving district boards as evidenced by the inter-local agreement.
4. The amount of tuition charged for each student will be determined by the trustees and the superintendent.

6. Tuition payments by families may be made prior to each school semester, or in one full payment at the beginning of the school year. Payment must be made prior to the time the student begins classes.

6
7 In accordance with the Every Student Succeeds Act (ESSA), Bigfork School District has adopted this
8 procedure to ensure that Title I-A federal funds are supplementing District resources and not supplanting
9 District resources. The procedure documents that the School District’s neutrally determined distribution

19
20 The School District groups schools by elementary or secondary grade span. Each grade span may receive
21 a different per student amount, but all schools are treated the same whether or not these schools are served
22 under Title I-A. There are approximately 600 elementary students and 346 secondary students in the
23 School District.

24
25 The School District’s state and local funds are allocated in a per student calculation. For full-time

Purchasing

Authorization and Control

The Superintendent is authorized to direct expenditures and purchases within limits of the detailed annual budget for the school year. The Board must approve purchase of capital outlay items, when the aggregate total of a requisition exceeds \$20,000 (*cannot exceed \$80,000*), except the Superintendent shall have the authority to make capital outlay purchases without advance approval when necessary to protect the interests of the District or the health and safety of staff or students. The Superintendent will establish requisition and purchase order procedures to control and maintain proper accounting of expenditure of funds. Staff who obligate the District without proper authorization may be held personally responsible for payment of such obligations.

Bids and Contracts

Whenever any building furnishing, repairing, or other work for the benefit of the District or purchasing of supplies for the District is necessary, the work done or the purchase made must be by contract if the sum exceeds Eighty Thousand Dollars (\$80,000). The District will call for formal bids by issuing public notice as specified in statute. Specifications will be prepared and made available to all vendors interested in submitting a bid. The contract shall be awarded to the lowest responsible bidder, except that the trustees may reject any or all bids. The Board, in making a determination as to which vendor is the lowest responsible bidder, will take into consideration not only the amount of each bid, but will also consider the skill, ability, and integrity of a vendor to do faithful, conscientious work and to promptly fulfill the contract according to its letter and spirit. Bidding requirements do not apply to a registered professional engineer, surveyor, real estate appraiser, or registered architect; a physician, dentist, pharmacist, or other medical, dental, or health care provider; an attorney; a consulting actuary; a private investigator licensed by any jurisdiction; a claims adjuster; or an accountant licensed under Title 37, Chapter 50.

Advertisement for bid must be made once each week for two (2) consecutive weeks, and a second (2nd) publication must be made not less than five (5) nor more than twelve (12) days before consideration of bids.

The Superintendent will establish bidding and contract-awarding procedures. Bid procedures will be waived only as specified in statute. Any contract required to be let for bid shall contain language to the following effect:

In making a determination as to which vendor is the lowest responsible bidder, if any, the District will take into consideration not only the pecuniary ability of a vendor to perform the contract, but will also consider the skill, ability, and

integrity of a vendor to do faithful, conscientious work and promptly fulfill the contract according to its letter and spirit. References must be provided and will be contacted. The District further reserves the right to contact others with whom a vendor has conducted business, in addition to those listed as references, in determining whether a vendor is the lowest responsible bidder. Additional information and/or inquiries into a vendor's skill, ability, and integrity are set forth in the bid specifications.

Cooperative Purchasing

The District may enter into cooperative purchasing contracts with one or more districts for procurement of supplies or services. A district participating in a cooperative purchasing group may purchase supplies and services through the group without complying with the provisions of 20-9-204(3), MCA if the cooperative purchasing group has a publicly available master list of items available with pricing included and provides an opportunity at least twice yearly for any vendor, including a Montana vendor, to compete, based on a lowest responsible bidder standard, for inclusion of the vendor's supplies and services on the cooperative purchasing group's master list.

In order for students to obtain the maximum benefits from their educational program, a complex set of support services must be provided by the District. These services are essential to the success of the District, and the staff that provides them is an integral part of the educational enterprise. Because resources are always scarce, all assets of District operations, including noninstructional support services, shall be carefully managed in order to obtain maximum efficiency and economy. Bus Routes and Schedules

The Superintendent or his/her designee shall be responsible for scheduling bus transportation, including determination of routes and bus stops. Such routes are subject to the approval of the county transportation committee. The purpose of bus scheduling and routing is to achieve maximum service with a minimum fleet of buses insofar as this is consistent with rendering safe and reasonably equal service to all bus students.

In order to operate the transportation system as safely and efficiently as possible, the following factors shall be considered in establishing bus routes:

1. A school bus route shall be established with due consideration of the sum total of local conditions affecting the safety, economic soundness and convenience of its operation, including road conditions, condition of bridges and culverts, hazardous crossings, presence of railroad tracks and arterial highways, extreme weather conditions and variations, length of route, number of families and children to be serviced, availability of turn-around points, capacity of bus, and other related factors.
2. Bus routes shall be planned to eliminate overlapping and empty bus miles insofar as possible.
3. Where alternate routes are considered, preference shall be given to the route more directly serving the largest number of students.
4. Buses shall be routed so that they travel over graded, surfaced (asphalt, gravel) roads only. County maintained roads shall be used for bus routes. Private roads shall not be used for bus routes without prior approval from the Superintendent.
5. Buses shall be routed so as to pass as near to the residence of the majority of their passengers as good, safe, economical travel conditions will warrant.
6. Bus routes will not be approved to drive up to the house of each patron to pick up the children.
7. In exceptional cases, it may be advisable for the bus to leave the main route and the private lanes of individuals, e.g. in emergencies such as stormy weather, illness, to pick up handicapped children, or to turn around at the end of a route.
8. No school child attending an elementary school shall be required to ride the school bus under average road conditions more than one hour without consent of the child's parent or guardian.
9. School bus drivers are encouraged to make recommendations in regard to establishing or changing routes.
10. Parents should be referred to the Superintendent or Designee for any request of change in routes, stops, or schedules.

The Trustees reserve the right to change, alter, add or delete any route at such time that such changes are deemed in the best interest of the district.

Bus Stops

Buses should stop only at designated places approved by school authorities. Exceptions should be made only in cases of emergency, and inclement weather conditions.

Bus stops shall be chosen with the principle of safety in mind. Points shall be selected where motorists approaching from either direction will have a clear view of the bus for a distance of at least three hundred (300) to five hundred (500) feet. Stops should always be located at a distance from the crest of a hill or curve to allow motorists traveling at the posted speed to stop within the sight distance.

School loading and unloading zones are to be established and marked to provide safe and orderly loading and unloading of students. The principal of each building is responsible for the conduct of students waiting in loading zones.

Delay in Schedule

The driver is to notify the administration of a delay in schedule. the administration will notify parents on routes and radio station, if necessary.

Pupil Responsibilities

Proper pupil behavior is important. The distraction of the driver can contribute to accidents. Pupils and parents should be made aware of and abide by reasonable regulations to enhance safety. The consequences of unacceptable behavior should be clearly understood. The following will protect the pupil's rights and maintain order on the bus:

- Pupils must be aware that they are responsible for their actions and behavior.
- Pupils must know the rules and procedures and abide by them.
- Pupils must display respect for the rights and comfort of others.
- Pupils should realize that school bus transportation can be denied if they do not conduct themselves properly.
- Pupils should be aware that any driver distraction is potentially hazardous to their safety.
- Pupils should be aware of the dangers involved in and around loading and unloading zones, including the dangers of loose clothing, clothing accessories and other loose personal items.

Safety

The Superintendent shall develop written rules establishing the procedures for bus safety and emergency exit drills, and for student conduct while riding on buses.

The bus driver is responsible for the safety of his/her passengers, particularly for those who must cross a roadway prior to loading or after leaving the bus. Except in emergencies, no bus driver shall

order or allow a student to board or disembark at other than his/her assigned stop unless so authorized by the Administration. In order to assure the safety of all, the bus driver may hold students accountable for their conduct during the course of transportation and may recommend corrective action against a student. Bus drivers are expressly prohibited from using corporal punishment.

The bus driver is responsible for the use of the warning and stop signaling systems and the consequent protection of his/her passengers. Failure to use the system constitutes negligence on the part of the driver.

The system must be used with judgment and courtesy. Its abuse causes resentment on the part of the public. A driver should allow approaching vehicles time to stop or pass before the flashing lights are used.

- Cellular Phone Use
 - Drivers are not to operate cell phones while driving a bus route. If there is an emergency, the driver should use the bus radio, or if the situation warrants, pull the bus over in a safe location and use the cell phone.
 - If a driver needs to be contacted because of a personal emergency, the message will be relayed through the District Transportation Office.
 - Cell phones may be kept on during activity trips, but are not to be answered by the driver while operating the bus. The driver may have an adult chaperon answer the phone or wait until at the trips destination and check the voicemail
 - The driver of the Special Education bus may use the phone while on the bus at stops or waiting at the schools, but the aide should answer the phone if the driver is driving.

Eligible Transportees

To qualify as an eligible transportee a student must meet the following criteria:

- The student must reside at least 3 miles from the nearest operating public school or school bus stop

- The student is considered to reside with his or her parent or guardian who maintains legal residence within the boundaries of the district furnishing the transportation regardless of where the eligible transportee lives when attending school.
- Transportation for the student must be listed as a related service I their Individual Education Plan (IEP). If this is the case, they are eligible even if they live within the three miles.
 - Note: Not all students receiving special education service are considered eligible riders. Only those students with transportation listed as a related service in their IEP are automatically eligible. Preschool children between the ages of 3 & 6 are always eligible even if the IEP does not address specialized transportation.
- The student must be between the ages of 5 and 21 or be a preschool child between the ages of 3 and 6 with a disability.

Inclement Weather

The School Board recognizes the unpredictability and resulting dangers associated with the weather in Montana and with other acts of God. To achieve the maximum safety for children and efficiency of operation, the Superintendent of Schools is empowered to make decisions as to the emergency operation of buses, the cancellation of bus routes and the closing of school in accordance with his/her best judgment. The School Board may develop guidelines in cooperation with the Superintendent to assist him/her in making such decisions.

- (b) travel in and around school buildings or to those activities which are a regular part of the student's instructional program;
- (c) specialized equipment (such as special or adapted buses, lifts, and ramps) if required to provide special transportation for a student with disabilities.

The Child Study Team who develops the disabled student's Individualized Education Program will determine, on an individual basis, when a student with a disability requires this related service. Such recommendations must be specified on the student's IEP. Only those children with disabilities who qualify for transportation as a related service under the provisions of the IDEA shall be entitled to special transportation. All other children with disabilities in the District have access to the District's regular transportation system under policies and procedures applicable to all students of the District. Utilizing the District's regular transportation service shall be viewed as a "least restrictive environment."

Mode of Transportation

One of the District's special education buses will be the preferred mode of transportation. Exceptions may be made in situations where buses are prohibited from entering certain subdivisions due to inadequate turning space, or distance from school may seriously impact bus scheduling. In such situations, other arrangements, such as an individual transportation contract, may be arranged with the parents. Such voluntary agreement shall stipulate in writing the terms of reimbursement.

Student Conduct on Buses

The general student code of conduct is applicable to conduct on school buses. If a bus is equipped with seat belts, all students are expected to wear the seat belt available in their seat from the time they sit down on the bus to the time they stand up to depart the bus at their assigned stop. This also applies to all field trips and activities. The bus driver is authorized to enforce this rule and report any violations of the rule to the superintendent for discipline in accordance with the general student code of conduct and this policy. Notification of the presence of seat belts and this rule will be placed on the bus and provided to parents.

The Superintendent may establish written rules of conduct for students riding school buses. Such rules will be reviewed annually by the Superintendent and revised if necessary. If rules are substantially revised, they will be submitted to the Board for approval.

At the beginning of each school year, a copy of the rules of conduct for students riding buses will be provided to students, and the classroom teacher and bus driver will review the rules with the students. A copy of the rules will be posted in each bus and will be available upon request at the District office and in each building principal's office.

The bus driver is responsible for enforcing the rules and will work closely with a parent and building principal to modify a student's behavior. Rules shall include consistent consequences for student misbehavior. A recommendation for permanent termination of bus privileges, accompanied by a written record of the incident(s) that led to the recommendation, shall be referred to the Superintendent for final determination. The student's parent or guardian may appeal a termination to the Board. No further appeal shall be allowed.

SCHOOL BUS VIDEO RECORDS

3236/8126

Statement of Policy

It is the policy of the Board of Trustees of Bigfork School District #38 to authorize the installation and use of video cameras to create a record of conduct on its buses. Recorded information from these cameras ("bus videos") showing students shall be treated as an "education record" and shall not be produced outside of School District except pursuant to a subpoena, court order, or release in accord with the Family Educational rights and Privacy Act ["FERPA," 20 United States Code 1232 (g), 34 CFR Part 99]. Bus videos showing employees shall be treated as a confidential personnel record. A bus video shall be maintained as an education or personnel record when the video is to be used at a disciplinary or other proceeding authorized by law.

Installation and Operation of Cameras

Any School District bus or private contractor may be equipped with a video camera capable of recording video and audio of the passengers, driver, and staff on the bus.

Cameras shall be activated and operated at the discretion of the Transportation Supervisor and need not be in operation at all times. Cameras shall not be activated or deactivated by the driver of a bus or staff member during the transport of students. However, a driver may request that the Transportation Supervisor insure that the events of a particular route be recorded.

No Expectation of Privacy

All speech and conduct on a School District bus is subject to being recorded, preserved, and examined by means of a bus video. No person on a School District bus shall have a legitimate expectation of privacy with respect to his or her conduct or speech on a School District bus.

Notice

The district will provide notice to students, parents, staff members, and approved volunteers, that video cameras with audio capabilities may be used on school transportation while transporting students to and from curricular and extracurricular activities.

No Guarantee of Recording

By this Policy, the School District does not guarantee that every bus will be equipped with a video camera, that the video camera on a specific bus will be in operation at a specific time, or that a video camera will record specific conduct or expression.

Collection and Preservation of Bus Videos

Bus videos shall be collected and maintained under the supervision of the Superintendent or designee and may be released for re-use if a written request to preserve a specific bus video is not received by the Superintendent or designee within ten (10) calendar days of the day the

bus video is made. For purposes of calculating this ten (10) day period, the day on which the bus video is taken shall not be counted. The ten (10) day period expires at 3:00 p.m. on the tenth day.

If the Superintendent or designee receives a written request to preserve a bus video, the bus video shall be preserved for an additional (30) thirty calendar days. If a request for the bus video is not received in the (30) thirty day period following the initial written request, the Superintendent may release the bus video for re-use or destruction.

District Use of Bus Video

A bus video made pursuant to this Policy may be used in support of the discipline of a student or employee without a release from the persons recorded on the bus video.

Viewing of a Bus Video

A parent/guardian of a student pictured on a bus video may be permitted by the Superintendent or designee to view a bus video if it has been preserved pursuant to the guidelines of this policy.

Production of Bus Video Outside of the School District

A person requesting production of a bus video where the video constitutes a student record under FERPA or a confidential personnel record shall file a written request with the Superintendent. The request shall contain a written release from each person in the video age 18 and over, and the parent/guardian of each minor pictured or heard on the bus video requested. If the only student recorded on a bus video is the child of a parent/guardian, a copy of a bus video may be provided to the parent/guardian. In lieu of written release, digital cameras with capabilities of obscuring identifying personal features may be used to protect the identity of other students when necessary.

The Superintendent is authorized to develop forms and administrative guidelines to implement this Policy.

The district will comply with provisions of state and federal law regarding education record requirements, including the Family Educational Rights and Privacy Act and the Individuals with Disabilities Education Act, as applicable to the district's use of video recordings. Video recordings that become part of a student's education record will be maintained in accordance with established education record procedures governing access, review, and release of education records. Video recordings considered for retention, as part of an employee's personnel record, will be maintained in accordance with established Board personnel policies, administrative regulations, and collective bargaining agreements governing access, review, and release of employee personnel records.

The transportation director will review the videotapes on a random basis or in response to specific complaints or concerns.

Viewing of video recordings by school personnel is restricted to administrative staff, the transportation director, and other staff, as approved by the Superintendent for specific incidents or circumstances. The Superintendent shall base the decision for approval on a "need to know" basis. Viewing of a video by a parent/guardian of a student pictured on a bus video is permitted upon approval of the Superintendent.

Storage/Security

All video recordings will be stored and secured by the Transportation Director to ensure confidentiality. Video recordings will be stored for (10) ten school days after initial recording. These recordings will then be erased unless they become part of a student's education record or employee's personnel record. Video recordings held for review of student or staff incidents will be maintained in their original form pending resolution. The tape will then be either erased or retained as necessary as part of the student's education record and/or employee's personnel record in accordance with the established district procedures.

Reproduction of Bus Video

Video recordings remain the property of the district and may be reproduced only in accordance with an applicable court order, state or federal law, school board policy or collective bargaining agreement.

The Board shall review the status of the risk management program each year.

5 District Safety

6
7 For purposes of this policy, “*disaster means the occurrence or imminent threat of damage, injury, or loss*
8 *of life or property*”.

9
10 The Board recognizes that safety and health standards should be incorporated into all aspects of the
11 operation of the District. Rules for safety and prevention of accidents shall be posted in compliance with
12 the Montana Safety Culture Act and the Montana Safety Act. Injuries and accidents shall be reported to
13 the District office.

14
15 The board of trustees has identified the following local hazards that exist within the boundaries of its
16 school district:

17
18 Fire, Earthquake, High Winds, Intruders, Firearms, etc.

19
20 The building principal shall design and incorporate drills in its school safety or emergency operations
21 plan to address the above stated hazards. The trustees shall certify to the office of public instruction that a
22 school safety or emergency operations plan has been adopted. This plan and procedures shall be
23 discussed and distributed to each teacher at the beginning of each school year. There shall be at least
24 eight (8) disaster drills a year in a school. All teachers shall discuss safety drill procedures with their
25 class at the beginning of each year and shall have them posted in a conspicuous place next to the exit
26 door. Drills must be held at different hours of the day or evening to avoid distinction between drills and
27 actual disasters. A record shall be kept of all fire drills.

28
29 The trustees shall review the school safety or emergency operations plan periodically and update the plan
30 as determined necessary by the trustees based on changing circumstances pertaining to school safety.
31 Once the trustees have made the certification to the office of public instruction, the trustees may transfer
32 funds pursuant to Section 2, 20-1-401, MCA to make improvements to school safety and security.

33
34 To ensure a safe school setting and to comply with regulations governing schools in Montana, the
35 following safety measures shall be implemented in the District:

- 36
37 (a) Janitorial and other storage areas that contain toxic or hazardous materials must be kept locked
38 between periods of use. Custodial closets, boiler rooms, and other areas where hazardous or
39 poisonous compounds are stored must be inaccessible to students.
40
41 (b) All cleaning compounds and other toxic chemicals not stored in the product container or
42 package in which it was obtained must be stored in a labeled container that clearly identifies
43 the product by name.
44
45 (c) Chemicals must be stored as specified by the chemical's Safety Data Sheet.
46
47 (d) The school and school site must be free of objects or conditions which create unreasonable or
48 unnecessary dangers to health or safety.
49
50

- (e) First aid kits and AEDs must be provided and stored in accessible locations that are easily identifiable to staff and trained personnel.
- (f) Playground and school yards must be inspected every month by the facility manager or other school personnel and the inspection must be recorded and records kept on the school site. Inspections must be conducted using a playground safety checklist approved by DPHHS.
- (g) Playground inspection results must be made available for review by the local health authority or DPHHS upon request.
- (h) Periodic maintenance and repair must be performed on playground equipment according to the manufacturer's specifications. Repairs, not including the leveling of fall protection material, must be documented.
- (i) Playground equipment must be maintained in a safe condition.

Liability Insurance

Pursuant to Section 2-9-111, MCA, trustees are immune from suit for damages arising from legislative actions that result in adoption of school board policies. School district employees are also immune from suit for damages arising from the lawful discharge of an official duty associated with the legislative acts of the Board.

The district shall maintain sufficient liability insurance to protect the district and its trustees and employees against claims alleging personal injury or property damage. The amount and terms of such insurance protection shall be regularly reviewed as part of the district's risk management program.

Pursuant to Section 2-9-305, MCA, the district shall indemnify and defend its trustees and employees civilly sued for actions taken within the course and scope of their office or employment provided that the conduct upon which the claim is based does not constitute oppression, fraud, or malice, or a criminal offense as defined in Title 45, chapters 4 through 7, MCA; the trustee or employee did not compromise or settle the claim without the consent of the Board; and the trustee or employee cooperated reasonably in the defense of the case.

5 Water Supply Systems and Wastewater

6
7 The District shall ensure an adequate and potable supply of water for school buildings and properties by
8 either:

- 9
- 10 (a) connecting to a compliant public water supply system; or
- 11 (b) utilizing a non-public system whose construction and use meet the standards published by
- 12 DPHHS if the school is not utilized by more than 25 persons daily at least 60 days out of
- 13 the calendar year, including staff and students, and a compliant public water supply
- 14 system is not accessible. When using a system outlined in this subsection (b) a school
- 15 shall submit a water sample at least quarterly to a laboratory licensed by the DPHHS to
- 16 perform microbiological analysis of the water supplied in order to determine that the
- 17 water does not exceed the maximum microbiological contaminant levels acceptable to
- 18 DPHHS.
- 19

20 A water supply system of a type other than described in subsections (a) or (b) may be utilized only if it
21 is designed by a professional engineer and offers equivalent sanitary protection as determined by
22 DPHHS or local health authority. When using a system outlined in this paragraph, the District shall
23 submit a water sample at least quarterly to a laboratory licensed by DPHHS to perform microbiological
24 analysis of the water supplied in order to determine that the water does not exceed the maximum
25 microbiological contaminant levels acceptable to DPPHS, DEQ, or local health authority.

26
27 The District shall replace or repair the water supply system serving it whenever the water
28 supply:

- 29
- 30 (a) contains microbiological contaminants in excess of the maximum levels acceptable to
- 31 DPPHS, DEQ, or local health authority.
- 32 (b) does not have the capacity to provide adequate water for drinking, cooking, personal
- 33 hygiene, laundry, and water-carried waste disposal.
- 34

35 If the District cannot make water under pressure available, the drinking water from an approved source
36 shall be stored in a clean and sanitized container having a tight-fitting lid and a suitable faucet apparatus
37 for filling individual cups. In this situation, single service drinking cups shall be provided.

38
39 Flushing and Testing

40
41 The District shall review water systems and features including but not limited to sink faucets, drinking
42 fountains, decorative fountains to ensure they are safe to use after a prolonged facility shutdown.
43 Drinking fountains shall be regularly cleaned and sanitized. The District shall create and implement a
44 flushing program unless it meets the established waiver requirements established by DEQ. Flushing shall
45 be required following any period of time during which the school is inactive.

46
47 The District shall maintain a schematic and inventory of fixtures in accordance with DEQ protocols as
48 part of the District's water testing program. The District shall sample all water fountains and sinks used
49 for food preparation. All other potential human consumption fixtures shall be sampled, unless the District

1
2
3
4 receives approval for a testing plan from DEQ to test a representative sample of potential fixtures in the
5 school in accordance with DEQ protocols. All samples shall be analyzed by a Montana certified lab using
6 EPA-approved standard drinking water methods for the detection and quantification of lead. All test
7 results will be considered public records.
8

9 Wastewater

10
11 The District shall ensure wastewater is completely and safely disposed of by:

- 12 (a) connecting to a compliant public wastewater system; or
13 (b) if the school is not utilized by more than 25 persons daily at least 60 days out of the
14 calendar year, including staff and students, and a compliant public wastewater system is
15 not available, utilizing a non-public system whose construction and use meet DEQ
16 construction and operation standards.
17

18 If the District uses pit privies, the privies shall be operated and maintained in compliance with the
19 standards specified in DEQ Circular 4. If the District uses a wastewater system design of a type
20 other than described in this policy, it shall be designed by a professional engineer and offers

SCHOOL FACILITIES

9000

Goals

The Board recognizes the importance the physical plant plays in enhancing the instructional program. The Board shall develop a program to maintain and/or upgrade the buildings and grounds of the District. Facilities represent a long-term investment of the District. The functional utility of such facilities can be increased with a regular maintenance program monitored by staff.

The Board further recognizes the importance of planning in order to provide the anticipated facility needs of the future. The District will review demographic factors, as changes make such reviews necessary.

Policy History

Adoption Date: Sept. 18, 1997

Revision: July 20, 2004

Site Acquisition; Architect and Engineering Services; Educational Specifications

Site Acquisition

The District will attempt to acquire building sites in advance of the actual construction of facilities, in order to minimize delay in construction projects and to realize financial savings to the District. The Board will periodically review its inventory of land in light of growth trends in the District and make such transactions as it determines shall best meet the future needs of the District.

In acquiring a new site, the Board must first secure the approval of the qualified electors before any contract for the purchase of such site is entered into, except that trustees may take an option on a site prior to the site approval election. The Board may acquire property contiguous to a school site in use without such vote. Site approval also is not necessary if it was specifically mentioned in a fund-raising issue which was subsequently approved by the electorate.

Bonds

The Board may issue or redeem bonds in any manner as provided by law.

Architect and Engineering Services

The Superintendent or designee shall invite architects and/or engineers to express interest in performing such necessary planning services for the District. Advertising shall be designed to reach a wide geographical area to help insure gender and minority applicant consideration.

Interested firms will be requested to submit qualifications and performance data to enable the Board to determine which architectural or engineering firm will best serve the needs of the District. Criteria for selection of a firm shall include, but not be limited to, quality and breadth of staff, design of similar projects, production capability, supervision and quality control, relationship with clients, cost estimates, and budget control.

The Superintendent is directed to establish necessary procedures to solicit and screen qualified engineers and architects. The Superintendent shall recommend one or more firms to the Board for its consideration. The Board and the successful architectural or engineering firm shall enter into a contract for the necessary services. In the event the Board and the selected firm are unable to negotiate a fair and reasonable fee, the trustees may select another firm, provided reasonable public notice of the selection is given.

Educational Specifications

Facilities shall be designed to accommodate the educational and instructional needs of the District. The professional experience and judgment of staff shall be solicited in developing such educational specifications. The law requires that special attention be given to accessibility to the education program by students of both genders and those with disabilities. The Superintendent shall see that all construction projects comply with the requirements for accessibility for individuals with disabilities and comparability between the genders. The architect shall be responsible for ensuring compliance with state and federal laws, including access for individuals with disabilities and requirements for gender comparability.

When the Board considers major remodeling or building a facility, it shall endeavor to seek facility expertise in all affected program areas, as well as comments from faculty, students, and community.
