

# Nurse Notes

**Welcome to Bigfork School and hello from the nurse's office!!**

**Medications—(Prescription and Over the Counter) ALL student medications are to be kept in the nurse's office and must have a doctor's order and signed parental consent to be administered per our school policy.** Parents may pick up the proper forms in my office or download them from our web page. I do have a standing order from a local physician for Tylenol and Ibuprofen that I can administer if I have parent permission.

**Emergency Medication—**There are some medications that students may carry with them like inhalers and Epi pens if the proper forms are filled out and signed by your child's doctor. If your child carries these medications please let me know so that proper paperwork can be filled out and the proper staff can be notified. Parents are encouraged to keep a backup supply of their child's medication in the nurse's office.

**Health Alerts—**Some students at our school have Emergency Care Plans for health issues like asthma, seizures, diabetes, or allergies. If you feel like one of these plans is necessary for your child please see me in the nurse's office for discussion and formulation of the plan.

**CPR/AED/First Aid training-** Bigfork School has many CPR/AED/First Aid trained staff members. Our AED's (Automated external defibrillators) are in the following locations:

1. Nurse's office in elementary building
2. Elementary cafeteria outside of west door to gym
3. High School Office
4. District Office
5. Football field coaches office (bus office)
6. Amber Britt's art room
7. Mobile AED under direction of Athletic Director
