

## Bigfork School District #38

### STUDENTS

3240

#### Guidelines of Conduct (K-12)

Each student has the right to an education in an orderly, safe, and sanitary atmosphere and is expected to contribute to his/her environment by meeting the rules of conduct as presented in the Student Handbook for each school. The Student Handbooks are to be reviewed yearly and regarded as District Procedures with all changes being brought to the attention of the trustees.

Compliance with these guidelines of conduct is mandatory. Failure of a student to comply with these regulations constitutes an infringement upon the rights of other students.
