To: Board of Directors Bigfork School District #38

Subject: Gift to School of 2007 Ford & Chevy Vans

From: Rob Tracy *RT*

I am requesting Board Approval to use newly acquired Vans for Activity Transport as outlined:

We recently were gifted these vans from Ultradent Products out of South Jordan, Utah. Lou Jessop was the catalyst and called me about them. His father-in law is a Principal at this company and wanted to give them to the school. After discussing this opportunity with Mr. Jensen and Mrs. Martinz we decided to act as we didn't want to miss out on them.

It is our intent these vans will be used for activities including field trips, Cave Club and also for activities where the number of riders is small and doesn't warrant a bus. Non funded sports could also be beneficiaries in the use of these vans as some of those teams are small in numbers.

This will also reduce the cost of a bus driver not to mention wear and tear on a bus since many of the Cave Club explorations are in the back country where road conditions are tough on suspensions and maneuvering a bus can be difficult.

These vans are one ton capacity with heavy duty suspensions and carry 15 passengers which is just under the requirement for a Class B CDL license. So, any staff member, coach will be able to drive them.

They are in very good mechanical condition and have been well maintained. There is some cosmetic dents and scrapes but nothing significant. It cost us \$1751 to transport them to Bigfork. The Kelley Blue Book value is roughly \$10,895 for the Ford and \$9,415 for the Chevy based on a fair market value from my research.

I personally believe we will get many good years of service out of them. We have already had several requests to book them. They will only be used for activities and not for daily reimbursable routes.

We believe these vans will be an asset to the school and an excellent addition to our fleet. Attached are the Bills of Sales reflecting \$0.00 dollars as full payment from Buyer (Bigfork School District #38).
