To: Lacey Porrovecchio <lporrovecchio@bigfork.k12.mt.us>

Lacey,

Please add this to the April agenda.

Thanks,  
Matt J

Board of Trustees,

I would like to take this opportunity to recommend Mr. Patrick Widhalm for hire as Bigfork Schools Network Administrator. Mr. Widhalm currently serves as the Information Security Analyst for Montana State University. His IT career began as an electrician/work center supervisor for the US Navy nuclear power program and progressed through private technology-based companies before beginning his work with MSU in 2008, where he has served in various leadership capacities. Mr. Widhalm is described as an extremely dedicated, knowledgeable, and reliable IT administrator, with a great ability to connect with customers. I believe his technical experiences combined with experiences leading support teams will be valuable, as he transitions into a K-12 school environment.

Thanks  
Matt Jensen  
Superintendent  
Bigfork Schools
