7 Health, family life, and sex education, including information about parts of the body, reproduction, and
8 related topics, will be included in the instructional program as appropriate to grade level and course of
9 study. An instructional approach will be developed after consultation with parents and other community
10 representatives. Parents and guardians may ask to review materials to be used and may request that their
11 child be excluded from human sexuality education or instruction class sessions without prejudice in
12 accordance with Policy 3120. The District will notify parents and guardians 48 hours prior to any event,
13 assembly, or introduction of materials for instructional use on the topic of human sexuality. Notification
14 of parent or guardian rights under this policy will be issued on an annual basis.
15

16 For purposes of this Policy, "human sexuality education or instruction" means teaching or otherwise
17 providing information about human sexuality, including intimate relationships, human sexual anatomy,
18 sexual reproduction, sexually transmitted infections, sexual acts, sexual orientation, gender identity,
19 abstinence, contraception, or reproductive rights and responsibilities.

21 AIDS Education and Prevention

22
23 The Board believes HIV/AIDS and other STD/STI instruction is most effective when integrated into a
24 comprehensive health education program. Instruction must be appropriate to grade level and
25 development of students and must occur in a systematic manner. The Board particularly desires that
26 students receive proper education about HIV and other STD/STI's, before they reach the age when they
27 may adopt behaviors which put them at risk of contracting the disease.
28

29 In order for education about HIV and other STD/STI's to be most effective, the Superintendent will
30 require that faculty members who present this instruction receive continuing in-service training which
31 includes appropriate teaching strategies and techniques. Other staff members not involved in direct
32 instruction, but who have contact with students, will receive basic information about HIV/AIDS and other
33 STD/STI's and instruction in use of universal precautions when dealing with body fluids. In accordance
34 with Board policy, parents will have an opportunity to review the HIV/STD/STI education program,
35 before it is presented to students.
