I would like to recommend Erin Shea for hire as our next 7th/8th grade math teacher. Erin has 22 years of experience teaching in a rural town near San Diego, her infectious positive attitude and clear understanding of the math required makes her a great bridge from middle school to high school. Mrs. Shea also has a minor in Spanish along with her mathematics degree and 5-12 math teaching endorsement, and is a passionate supporter of 4H and Ag Club. We feel that Erin will make a great addition to our staff.
