To: Bigfork Board of Trustees  
From: Danny Walker  
Subject: New Used Route Bus  
Date: June 26, 2025

I am recommending Bigfork purchase a 2022 Bluebird route bus. This new bus will be taking the place of our 2013 bus 10. This 2022 route bus has 30k miles and still has 1 year warranty remaining. It is already equipped with 3 point seat belts. The cost of a 2026 equivalent to this bus cost \$234,000 new. This 2022 is only \$124,900. If we ordered a new 2026 bus it will take 1 year to get it.

*Sincerely:*

*Danny Walker  
Transportation Director.*
